Blinn College Mission Statement

Blinn College exists for the primary purpose of serving educational needs of the people in its service area. Blinn College seeks to provide educational experiences and opportunities that will assist the student in developing intellectual curiosity, and social responsibility and skills and knowledge in support of a productive life. Underlying these basic goals is a strong commitment to instructional excellence through philosophical and financial support. The institution will be alert to the changing educational requirements of the region and endeavors to meet those needs.

Blinn College Goals and Objectives
Support for Learning
Academic Years 2010-2011

Goal 1: Provide an effective learner-centered transfer curriculum

Objective: Enhance both degree completion and seamless academic transfer.
Objective: Enhance student learning within each college level transfer course.
Objective: Continue development of the core curriculum effectiveness system.

Goal 2: Provide an effective learner-centered technical and workforce curriculum

Objective: Expand the use of measurable industry standards and competencies in the development and delivery of workforce education courses and programs.
Objective: Enhance student learning outcomes through the use of best practices within prioritized technical education courses within programs.
Objective: Examine the feasibility and use of the evaluation of effectiveness model for technical and workforce education courses within programs.
Objective: Expand the number of technical programs to provide new learning opportunities for students.

Goal 3: Provide opportunities for student learning through non-campus based instruction

Objective: Expand dual-credit offerings to include appropriate technical courses with area high schools.
Objective: Expand curricular offerings to enable completion of degree programs on-line.

Goal 4: Support the Quality Enhancement Plan for student learning and success

Objective: Modify the current academic support system to better serve student success through utilization of the "one-stop shop" approach.
Objective: Define and use best practices that include the effective use of technology within the quality enhancement initiative.
Objective: Establish faculty-developed classroom engagement practices to support instructional areas.

Goal 5: Improve operational efficiencies in Business Services

Objective: Assess distribution of financial, human resource and other business/financial administration information across the organization.
Objective: Automate workflow processes to minimize paper handling.
Objective: Eliminate duplicate data entry and provide data entry integrity, reduce redundancy and improve controls to meet college management, auditing, and government agency requirements.

Goal 6: Improve operational efficiencies in Student Services

Objective: Conduct assessment of students services processes and procedures to determine where inefficiencies exist.

Objective: Enhance and expand systems that provide data integrity, reduce redundancy and improve controls to meet college management, auditing, and government agency requirements.

Significant changes in policy since last appropriation request:

Since the last appropriation request, the Blinn College Board of Trustees has raised tuition and fees charged to students by:

- 16.7% in-district students
- 8.50% out-of-district students

The increases in tuition and fees was done to counter the effects of the minimal increases in State funding and to maintain the quality of education for the students that the College serves. While College services and programs were not reduced, the ability of the College to continue its mission and goals would be negatively impacted by reductions in State funding.

No increase in tuition and fees have been proposed for the 2008-2009 year.

Significant changes in provision of services:

There have been no significant changes in provision of services since the last appropriation request.

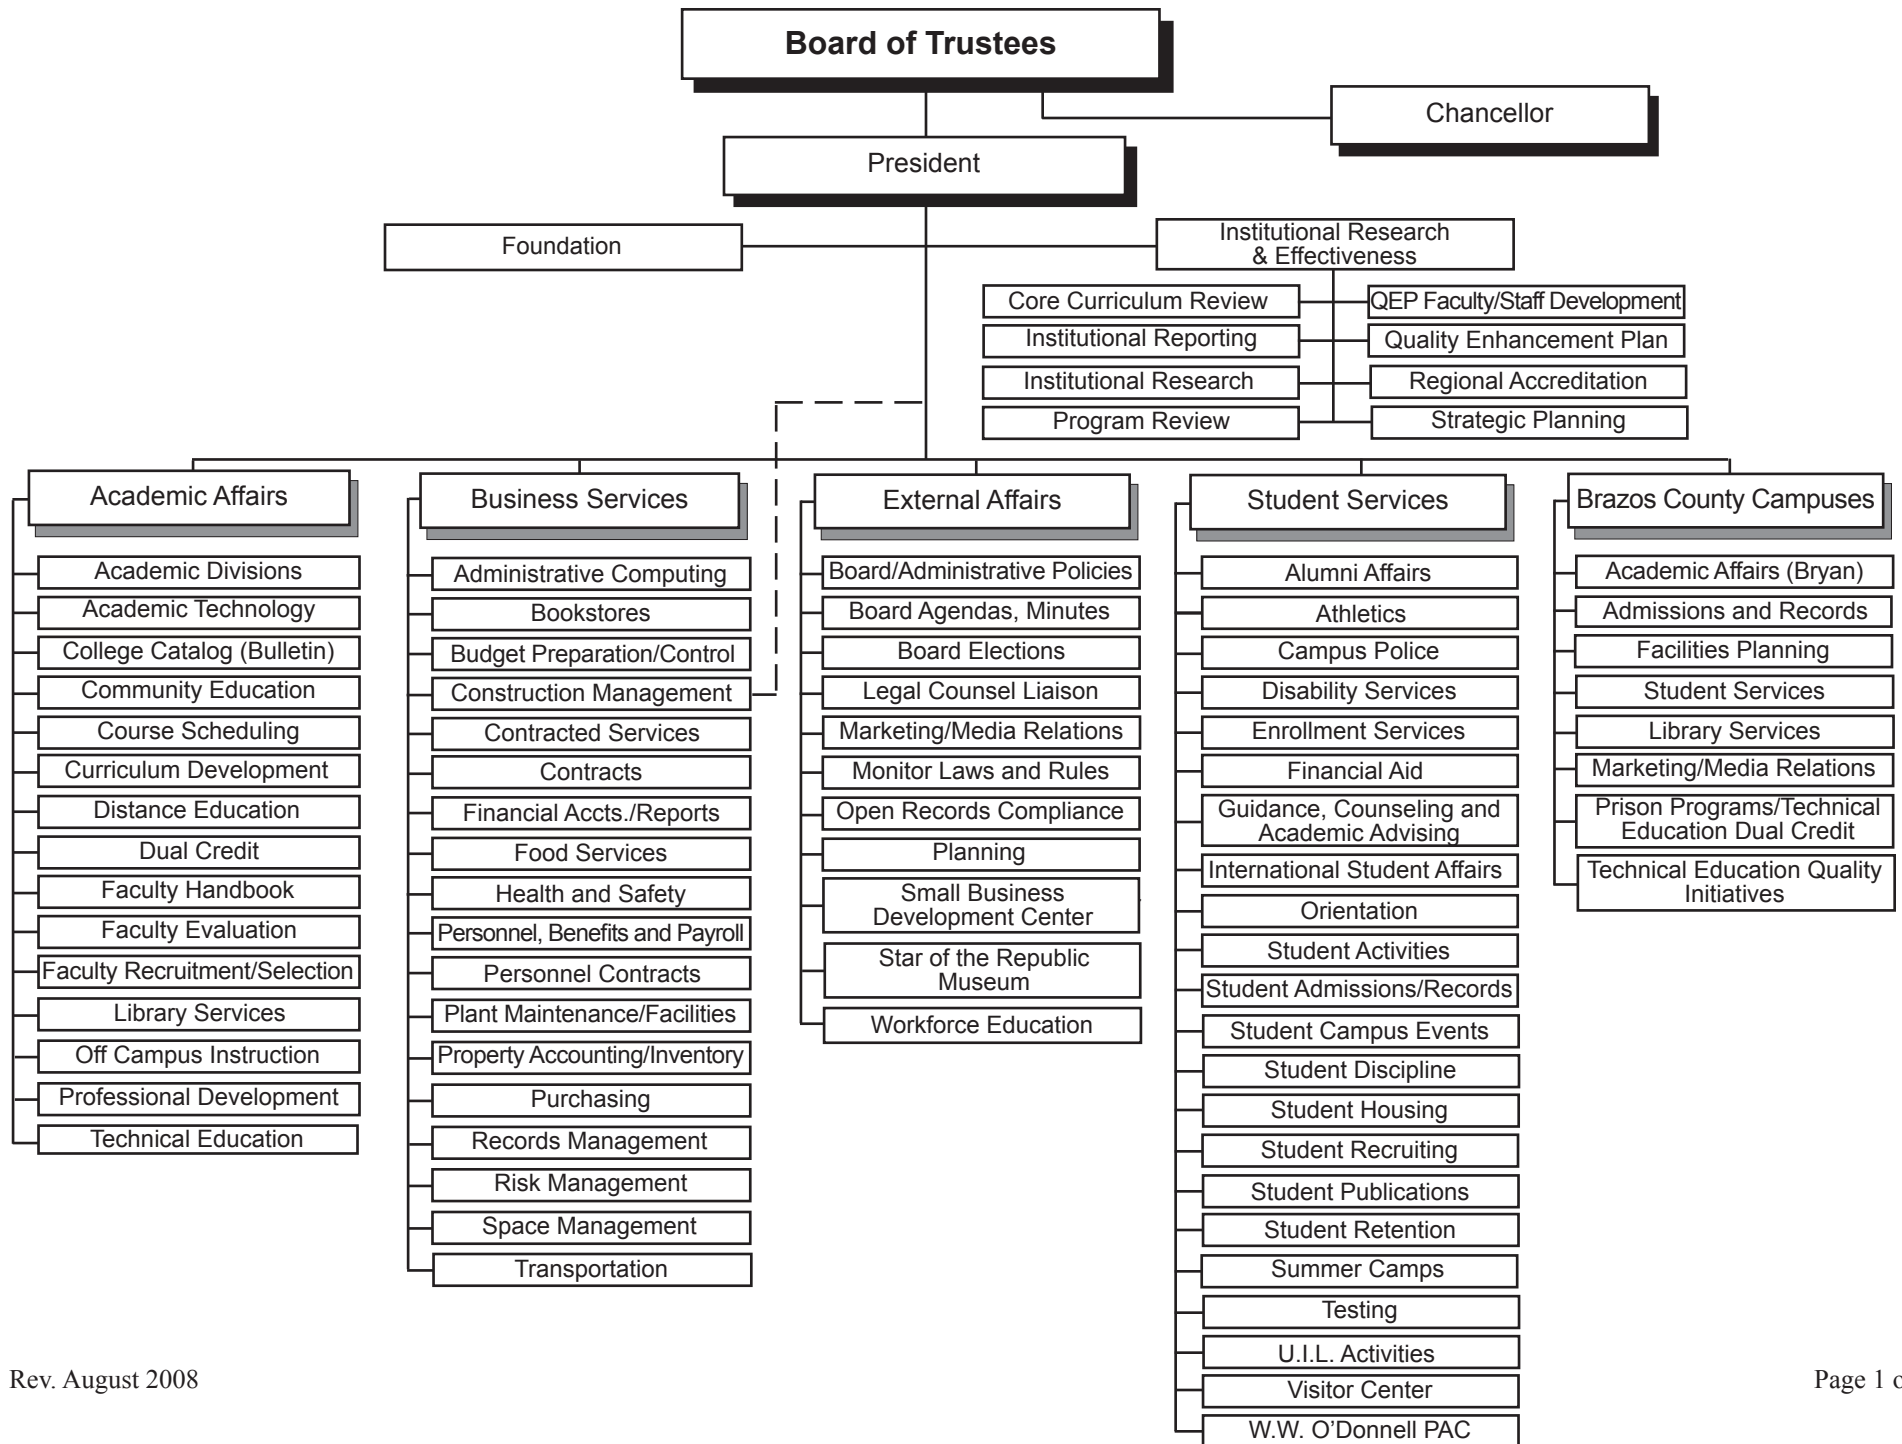

Significant externalities:

For fiscal year 2007, the College had proposed an increase in property taxes from \$0.051 per \$100 to \$0.082 per \$100. During fiscal 2007, a tax rollback election was held and the original authorized tax rate of \$0.082 was reduced to the \$0.0513 assessed tax rate.

Additional formula funds request 2010-2011:

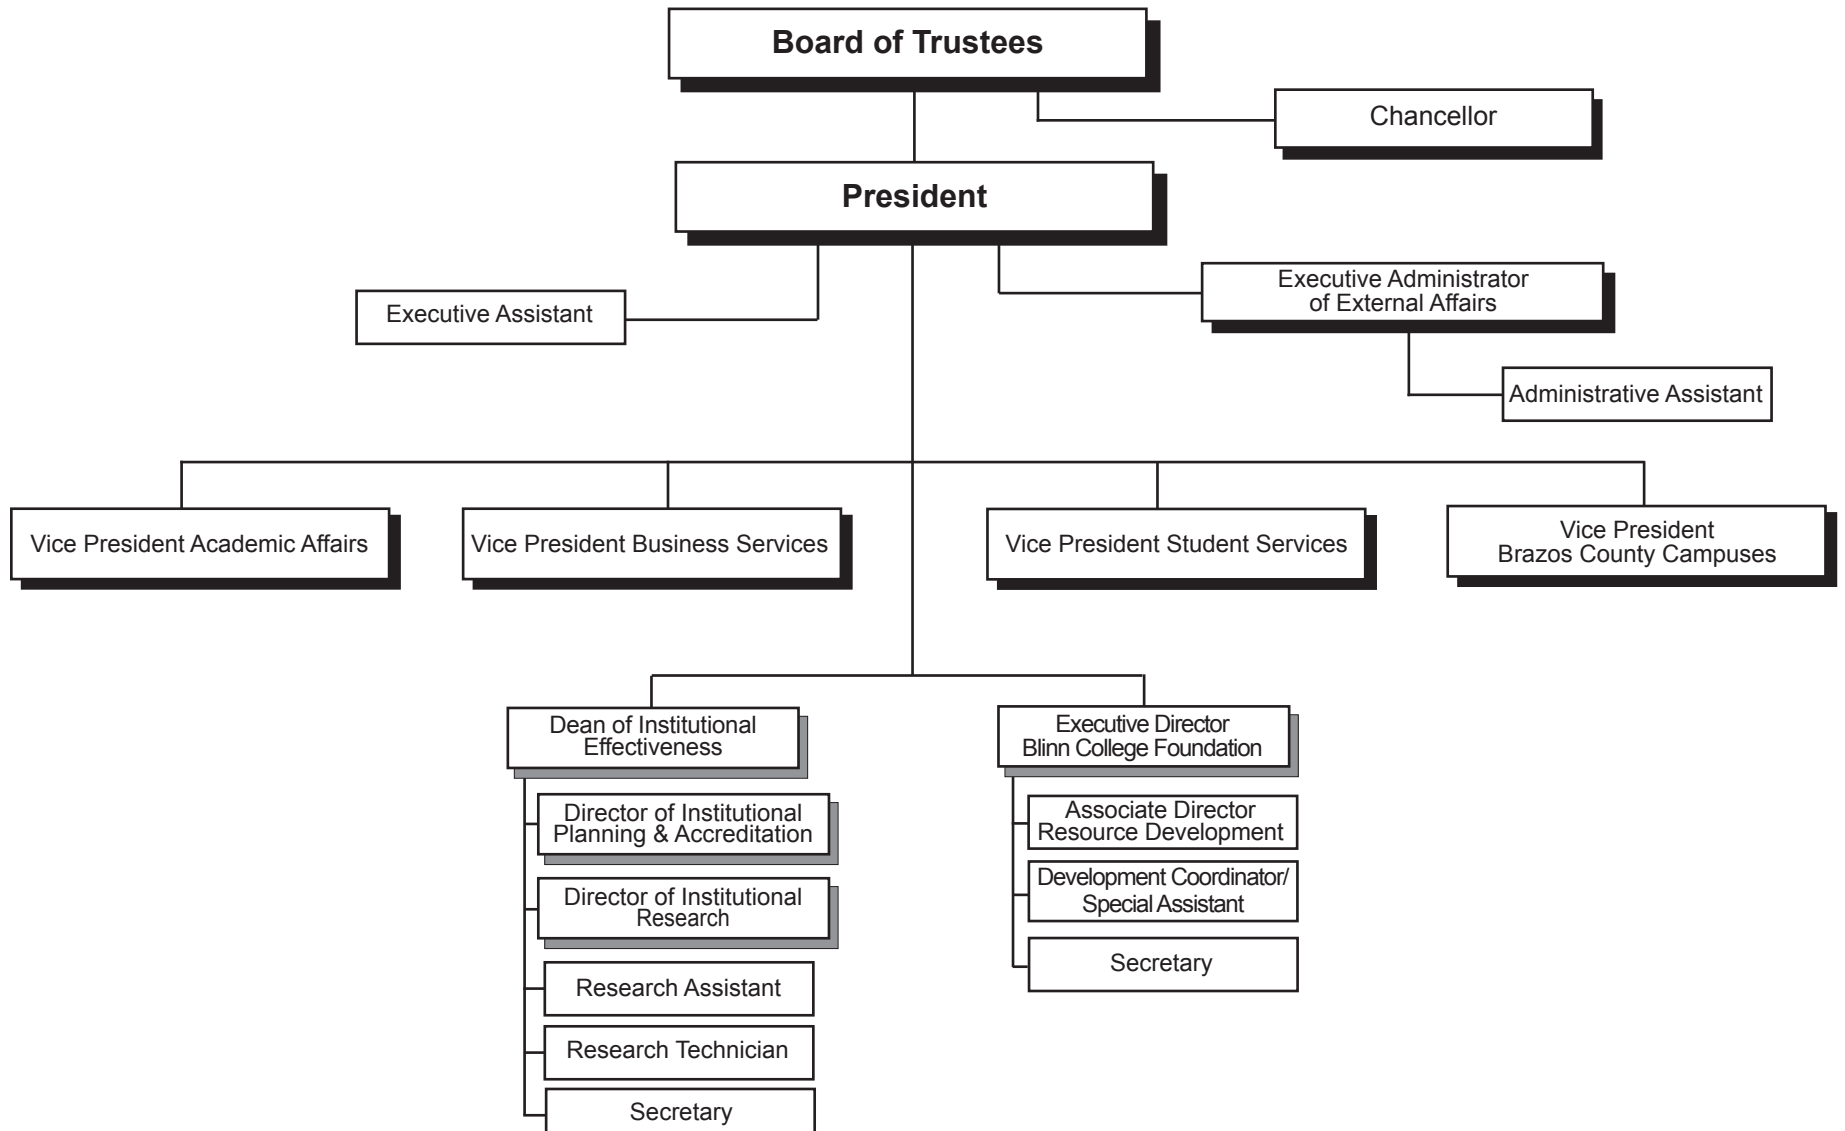

The Blinn College district endorses the additional formula funds request that was made on July 31, 2008 by the Texas Association of Community Colleges.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Star of Republic Museum as an educational institution, interprets the history of the Republic of Texas and its influences. Intrepretation is conducted through exhibits and educational programs to schools and the community and visitors from the state. The Museum collects and preserves artifacts to implement the programs and extensively researches to insure the authenticity of the collections and presentations. The Museum is accredited by the American Association of Museums and is the only museum in the state dedicated to interpreting the Republic period, 1836-1846. Administration of the Museum was given to Blinn College in 1969, following its creation by House Bill #634 of the 61st Legislature.

------	-------------	----------	----------	----------	---------	---------

The Star of the Republic Museum is located in rural Washington County with a population of less than 25,000. The Museum commemorates the site of the signing of the Texas Declaration of Independence from Mexico on March 2, 1836. The Museum is within the Washington-on-the-Brazos State Historical Site, and has an annual attendance of 30-35,000 visitors from across the state and many out-of-state visitors as well. Over 10,000 school children from the region visit the Museum each year in conjunction with the 4th and 5th grade Texas history classes.

The Museum works in concert with the Washington County Convention and Tourism Bureau promoting "Heritage Tourism" and the "Birthplace of Texas".

The Museum's rural location is a limiting external factor in both attendance and the ability to generate additional earned income.

The internal limiting factors are related to Museum staffing and operations. The Museum cut one professional staff position due to previous decreases in the Museum's appropriation. The current staff consists of Director, Curator of Education, Curator of Collections and Exhibits, Public Programs Coordinator, Secretary, Maintenance person, and four part-time receptionists. This is the smallest the staff has been in several years, and represents the minimum staffing required to serve the public and fulfill its mandate to preserve, protect, and intrepert the collections.

Explanation of Impact to Programs and Revenue Collections

1 STAR OF THE REPUBLIC MUSEUM

The 10 Percent reduction would impact Museum staffing and operations. In prior years the Museum eliminated one professional staff position due to previous decreases in the Museum's appropriation. The present staffing represents the minimum staffing required to serve the public and fulfill the Museum's State mandate to preserve, protect and interpret the collections.
