ABOUT THE BLINN COLLEGE DISTRICT POLICE DEPARTMENT

The Blinn College District Police (District Police) Department is responsible for the safety and well-being of all students, faculty, and staff at Blinn College District.

The District Police Department is a State of Texas-certified police agency that employs 34 commissioned officers and several support staff. The District Police Department’s authority extends to each of the counties in which College District campuses reside (Austin, Brazos, Fayette, and Washington counties), and the Department investigates all crimes on campus property. District Police officers are licensed peace officers as defined under the laws of the State of Texas and therefore have authority as peace officers. Texas law vests District Police with all the powers, privileges, and immunities of Texas peace officers within the county, including all streets and roads, and all property that the College District owns, rents, leases, or otherwise controls. The Department’s authority is found within the Texas Code of Criminal Procedure and Chapter 51 of the Texas Education Code. The District Police

Department has full arrest authority under the Texas Penal Code.

The District Police Department endeavors to be actively involved in the College District community and invites the College District community to become familiar with the District Police Department and its role at Blinn College District as a community-oriented police agency.

SAFETY: OUR NUMBER ONE PRIORITY

The College District takes extraordinary pride in its campus communities, which provide students and employees with a wonderful place to live, learn, work, and study. While the College District is progressive with its policies, programs, and education, it is up to each member of the College District community to live with a sense of awareness, and to use reasonable judgment when living, working, or visiting on campus.

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

The District Police Department maintains a cooperative relationship with the Texas Department of Public Safety, Bryan Police Department, College Station Police Department, Brazos County Sheriff's Department, Brenham Police Department, Washington County Sheriff's Department, Schulenburg Police Department, Fayette County Sheriff's Department, Sealy Police Department, Austin County Sheriff's Department, and other surrounding police agencies.

The District Police Department maintains Memoranda of Understanding with the Schulenburg and Sealy police departments and has a dispatch agreement with Brazos County 911 and Washington County 911.

The College District also enjoys positive and cooperative relationships with other local law enforcement agencies, which involves scene security, communications, evidence processing, investigating, and solving crimes.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF-CAMPUS LOCATIONS

The College District relies on its close working relationships with local law enforcement agencies to receive information about incidents involving College District students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, the District Police Department will actively investigate certain crimes occurring on or near campus. If the department learns of criminal activity involving students or student organizations, it will coordinate with the appropriate law enforcement agency to forward information about the situation to the Office of Resolution Management and Title IX, as appropriate.

REPORTING CRIMES AND OTHER EMERGENCIES

The College District maintains multiple ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to law enforcement and to

appropriate College District officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire College District community that you report all incidents immediately and accurately so that the District Police Department can investigate the situation and determine whether follow-up actions are required, including issuing a timely warning or emergency notification.

The College District encourages campus community members to report crimes promptly and to participate in and support crime prevention efforts. The College District also encourages campus community members to report crimes when the victim is unable to make the report. The College District community will be much safer when all community members participate in safety and security initiatives.

The College District asks that you consider filing a voluntary, confidential report if you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the College District or criminal justice system. You may file a report while maintaining confidentiality depending on the crime you are reporting. A confidential report is to comply with your wish to keep your personally identifying information confidential while taking steps to ensure your and others' safety. The confidential reports allow the College District to compile accurate records on the number and types of incidents occurring on campus. The College District counts and discloses reports filed in the Annual Security Report. In limited circumstances, the College District may not be able to assure confidentiality and will inform you in those cases.

REPORTING TO POLICE AND PUBLIC SAFETY

We encourage all members of the College District community to report all crimes and other emergencies to the District Police Department promptly. Law enforcement is available by calling 911 from any location, or by calling:

Blinn-Brenham Campus Police	979-277-7373
Blinn-Bryan Campus Police	979-277-7373
Blinn-Schulenburg Police Department	979-743-2677
Blinn-Sealy Police Department	979-885-2913

Students can also report incidents to the Assistant Vice Chancellor for Student Services at 979-830-4316 or Room 214 of Old Main on the Brenham Campus. Employees may report incidents to the Human Resources Department at 979-830-4128.

CAMPUS CRIME REPORTING DISCLOSURE

The College District keeps a chronological record of each crime reported to the District Police Department daily. This record includes details of each reported crime, such as the date, time, nature, general location, and the disposition of the complainant. These records are made open to the public within two business days of the initial report unless such disclosure (1) is prohibited by law, (2) would jeopardize the safety of an individual, (3) would compromise an ongoing investigation, or (4) would cause evidence to be destroyed or a suspect to flee. The District Police Department's Daily Crime and Fire Log is open to public inspection at the District

Police Department offices on the Brenham and Bryan campuses, and at the front offices at the Schulenburg and Sealy campuses. The crime and fire log on each campus contains crime reports for all College District campuses.

The District Police Department utilizes an electronic crime and fire log maintained by the College District's Academic Technology Department.

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

While the College District prefers that community members promptly report all crimes and other emergencies directly to District Police or 911, some campus community members may prefer to report to other individuals or College District staff members. The Clery Act recognizes certain College District officials as "Campus Security Authorities" (CSAs). The act defines these individuals, among other individuals, as:

An institution official with significant responsibility for student and campus housing activities, including student housing, student discipline, and campus judicial proceedings. An official is defined as a person who has the authority and the duty to act or respond to particular issues on behalf of the institution.

The U.S (United States). Department of Education and the Clery Act designate the following individuals as Campus Security Authorities:

Campus Police Departments – All members of the police department.

Individuals with Campus Security Responsibility – Any individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department, such as an individual who is responsible for monitoring entrances to institutional property. Examples of this category include parking enforcement staff, event security staff, and campus safety patrols (i.e., police cadets, etc.).

Individuals Designated by the Campus – Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. All institutions must publish safety and security-related policy statements. If you direct the campus community to report criminal incidents to anyone or any organization in addition to police or security-related personnel, that individual or organization is a Campus Security Authority.

Officials with Significant Responsibility for Student and Campus Activities – An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. Examples include student services, housing and residence life, student disciplinary officials, student judicial programs, officials who oversee student extracurricular activities, directors of athletics, team coaches, faculty advisors, and leaders of recognized student groups. An "official" is defined as any person who has the authority and duty to act or respond to issues on behalf of the institution.

The College District’s board policy regarding Campus Security Authorities is [CHA\(LOCAL\)](#), and a copy of the policy is available in the appendix of this Annual Security Report.

The following positions meet the above definition, and the College District has designated each person as a Campus Security Authority for purposes of Clery Act compliance.

The College District requires each of the listed departments to provide an updated list of any additional designated positions within their respective departments, along with the appropriate contact information, to the Office of the Executive Vice Chancellor and General Counsel each year.

SEX OFFENDERS

Sex offenders must register with the District Police Department as required by law or court order. In compliance with state law, the District Police Department maintains a listing of registered sex offenders who are currently enrolled in classes at any College District campus or facility.

A general listing of registered sex offenders is available on the Texas Department of Public Safety web site.

Sex Offender Registration

In 1994, sex offender registration laws were broadly expanded throughout the United States and became known as Megan's Law, named after a 7-year-old New Jersey girl, Megan Kanka, who was raped and murdered by a known child molester who had moved to a residence across the street from Megan's family without their knowledge. In the wake of Megan's murder, states across the nation enacted legislation to govern sex offender registration.

The Texas Sex Offender Registration Program (Chapter 62 of the Code of Criminal Procedure) is a sex offender registration and public notification law designed to protect the public from sex offenders. This law requires adult and juvenile sex offenders to register with the local law enforcement authority of the city in which they reside or, if the offender does not reside in a city, with the local law enforcement authority of the county in which they reside.

Registration involves an offender providing the local law enforcement authority with information that includes, but is not limited to, the offender's name and address, a color photograph, and the offense for which the offender was convicted and/or adjudicated.

Registered sex offenders are required to periodically report to the local law enforcement authority to verify the accuracy of the registration information and to promptly report certain changes in the information as those changes occur. A sex offender who fails to comply with any registration requirement is subject to felony prosecution.

In October 2000, the Federal Campus Sex Crimes Prevention Act [20 U.S.C. § 1092(f)(1)] amended Section 1701.01 of the Violent Crime Control and Law Enforcement Act of 1994. The Campus Sex Crimes Prevention Act requires sex offenders who must register under state law to also provide notice of their enrollment or employment at any institution of higher learning in the state where he/she resides, starting in October 2002. Institutions of higher learning are required to issue a statement in their Annual Security Report detailing where members of the campus community can obtain information concerning registered sex offenders. [20 U.S.C. § 1092(f)(1)].

Procedure

1. Definition

- a. **Faculty/Staff** - Employees of the College District, including volunteers who work with students.

b. **Students** - Any person enrolled at the College for educational purposes, including full-time and part-time students, and both graduate and undergraduate students.

2. Responsibilities

Twice per year, in the fall and in the spring semesters, the District Police Department will review the list of current faculty, staff, and students required by State law to register in the Sex Offender Registry. The District Police Department will ascertain the validity of the list and modify it accordingly.

Offenders must complete the CR-35 Institution of Higher Education Sex Offender Notification Form and file it with the agency with which the offender is required to register. The receiving agency will send a notification to the District Police Department. It is the offender's responsibility to ensure that the College District receives the completed form.

Failure to provide this information can result in criminal sanctions.

CRIMINAL BACKGROUND CHECKS

The Blinn College District is committed to protecting the security, safety, and health of faculty, staff, students, and others, as well as safeguarding College District assets and resources.

As part of this commitment, the College District identifies all academic programs where criminal background checks are required by law or as a condition of the program approval/accreditation. The College District requires criminal history checks of students in these identified programs and refuses admission to or continuation in these programs, where necessary, to meet such regulations or accreditation standards.

The College District conducts criminal background checks on all applicants prior to acceptance into campus housing and prior to each semester. Should, during a semester, a resident student be charged with a criminal offense which would have precluded them from being eligible for campus housing, they will not be allowed to remain in housing. The student may reapply for housing at a later date, subject to the same housing qualification requirements.

The College District conducts background checks as a condition of employment and supports its commitment to non-discrimination and non-harassment in hiring practices.

CRIME PREVENTION

The College District is committed to creating and fostering a safe environment for students, staff, and visitors. The District Police Department is available to offer assistance and advice regarding personal safety. The College District encourages all campus community members to be alert and assertive, take responsibility for their own safety, and, when possible, assist others with their safety needs.

The District Police Department supports a proactive crime prevention effort that works with members of the campus community to create a safe campus environment. Crime prevention and awareness programs begin with freshman orientation. Topics of discussion include the Student Code of Conduct, academic dishonesty, civility, sexual harassment, sexual exploitation, substance abuse, alcohol, and hate violence. Throughout the year, the District Police Department offers detailed presentations and workshops regarding personal safety, office and classroom safety, sexual assault prevention, vehicle and residential security, and response to an active shooter.

The District Police Department's efforts to educate the campus community about incidents of crime, the importance of reporting crimes (especially sex-related crimes and violent crime), and the prevention of crime are a work-in-progress. Numerous employees of the District Police Department, Student Services, and Housing and Residence Life are active participants in this never-ending effort. Throughout their years at Blinn, students participate in many programs designed to create a safer campus environment. Examples include sexual assault

awareness and prevention, alcohol safety awareness, hate crime presentations, office and building security surveys, workplace violence prevention, and anti-theft programs.

EDUCATIONAL SAFETY PROGRAMS

Throughout the year, the College District offers crime prevention and security awareness programs, such as:

Residence Hall Program – Housing and Residence Life, in conjunction with other departments on campus, offer many programs in the residence halls each semester. Program topics include issues such as safety on campus, alcohol use and abuse, healthy relationships, drugs, violence in relationships, and personal management.

Operation ID – Personal property protection methods including property marking assistance utilizing an engraver, available through the District Police Department.

Sexual Assault Awareness Program – Crime prevention program designed to make students aware of how to prevent sexual assault. Each semester, the program covers the procedures for how to report a sexual assault and necessary investigative procedures. It also covers preventive measures for other sex-related crimes. The program may involve the District Police Department as well as outside guest speakers who educate students about sexual assault prevention.

Student Services (Counseling Center) – This year-round service is available to assist individuals who are victims of a crime and may be contacted at 979-209-7251 on the Blinn-Bryan Campus, 979-209-8947 on the Blinn-Rellis Campus, and 979-830-4157 on the Blinn-Brenham Campus. This service is available to students free of charge, and includes confidential counseling provided by professional counselors.

Fire Safety – the College District maintains a proactive Fire Safety Program each semester. Most campus buildings have fire sprinklers and smoke alarm systems. The College District requires students to participate in fire safety drills. Fire safety is also discussed at the beginning of the semester floor/building meetings that each resident must attend.

Risk Management Awareness – The College District conducts this program once each semester for students.

Campus Crime Prevention and Security Awareness Speaker – The College District invites one guest speaker each semester to speak to students regarding crime prevention and security awareness.

Council on Alcohol and Substance Abuse Town Hall – The College District conducts this seminar addressing drug abuse education once each semester and upon request.

Destination Spring Break – This four-day event occurs once each year in advance of Spring Break and provides students with general safety awareness and crime prevention information.

Campus Safety Day – A display board exhibition with information about campus safety and security held once per semester.

Sexual Violence, Relationship Violence, and Stalking Brochure – The College District publishes this brochure annually. The brochure provides information to staff, students, and community members.

Criminal Activity Notices – The College District utilizes the Blinn Alert System to notify students and employees of crimes that occur on College District campuses and that pose an immediate threat to the College District community. The Blinn Alert System transmits information via e-mail, text message, and/or automated telephone call. The College District utilizes news media, social media, and other applicable distribution methods as appropriate. For more information on this system, please visit: www.blinn.edu/alert.

Emergency Management Team – Consisting of members of the District Police Department, this team responds to crises that have a significant effect on the campus and neighboring communities. The team coordinates the College District's response to crises while paying special attention to the safety and security needs of the College District community. The team offers counseling, guidance, and appropriate support to students, their families, and College District caregivers.

Off-Campus Emergency – Students, faculty, and staff: please dial 911 to contact the appropriate law enforcement agency in an emergency. Students may also want to notify other residents and/or the landlord.

On-Campus Emergency – Students, faculty, and staff: please dial 911 in an emergency. Residence hall students should also report crimes to the Housing and Residence Life staff and/or the Director of Housing and Residence Life.

Police Officers – Armed officers patrol College District campuses on a rotating shift basis. The District Police Department has a total authorized strength of over 34 personnel, all licensed and commissioned peace officers. The number of staff serving on any shift varies depending on availability and the needs of the campuses.

Residence Life – The College District maintains proper daily residence hall staffing by the Director of Housing and Director of Residence Hall Operations, Resident Hall Directors, and resident assistants (RAs) when halls are in operation during the Fall and Spring semesters. The District Police Department and Housing and Residence Life staff make frequent rounds during the day, evening, and overnight hours of areas adjacent to the residence halls.

(Campus parking lots, outside entrances, main lobbies, etc.). The College District secures residence halls using keyed privacy locks to allow resident entry, while precluding access to unauthorized visitors.

Safety Lighting – The College District has placed lighting in strategic locations throughout the campuses. When individuals notice that exterior lights are not functioning properly, they should report the location to the Physical Plant 979-830-4161, the District Police Department, or, if applicable, a Housing and Residence Life staff member.

Solicitors – The College District prohibits door-to-door solicitation on all College District property. The College District encourages campus residents and staff members to report solicitors to Housing and Residence Life personnel, administrative offices, and/or the District Police Department. Residents should always keep their residence hall doors (including bedroom doors) locked. Residents are encouraged to request assistance from any College District staff member, Resident Advisor, or District Police officer.

Security Escorts – The District Police Department provides security escorts for students, faculty, staff, and visitors upon request. If a District Police officer is not available, a local police department officer will escort students and staff.

WEAPONS

State law prohibits the open carrying of firearms on any College District campus or location.

Per Senate Bill 11 from the 84th Texas Legislative Session, credentialed License to Carry (LTC) holders are permitted to carry concealed firearms in accordance with state law. See Board Policy [CHF\(LOCAL\)](#) for more information. This policy prohibits concealed carry on the second floor of the Health Science Center Campus due to the presence of hands-on labs that require physical contact, as well as MRI and x-ray machines that pose a safety risk associated with the presence of firearms.

The policy also bans concealed carry at UIL-sponsored events and sporting events, where firearms are also banned by Texas Penal Code § 46.035(b)(2), and during any grievance process, appeal proceeding involving a disinterested third-party committee gathering testimony from the involved parties, or the formal hearing portion of the total process.

The College District posts signage in accordance with Texas Penal Code § 30.06 clearly identifying locations where concealed carry is prohibited. The District Police Department will post all such signage.

Violations are prosecuted as felonies. Student violations may also result in disciplinary action.

More information regarding the College District's campus carry policies is available at www.blinn.edu/campus-carry.

MISSING STUDENT NOTIFICATION POLICY

When the College District determines that a student has gone missing from a Blinn campus, College District staff collaborate with District Police and local law enforcement to locate the student. The College District's Student Services Department gives students the opportunity during each semester's registration process to designate an individual or individuals the College District will contact within 24 hours, if the College District determines that the student has gone missing. The College District will make all efforts to locate the student and determine the student's state of health and well-being. Efforts to locate students are a collaborative effort between Student Services, Housing and Residence Life, District Police, fellow students, family, and friends.

MISSING PERSONS

Missing Persons – Students residing on a College District campus have the option of listing a confidential name to be notified in the event the student is reported missing. This name is separate from their emergency contact information. Should a student decline to list a separate name, the College District will notify the person listed as the emergency contact in the event the resident is reported missing.

Please submit missing persons notifications immediately to Housing and Residence Life staff; it is imperative that the appropriate Residence Area Coordinator and/or District Police assess the situation as soon as possible.

If the District Police receive the initial notification, officers should immediately notify the Housing and Residence Life Office and work together to have the appropriate Residence Life Area Coordinator to assess the situation. The District Police Department and/or Housing and Residence Life personnel will notify the designated contact person within 12 hours of the missing person report. If a student is under 18 years of age and not emancipated, the College District must notify a custodial parent or guardian within 12 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

EMERGENCY NOTIFICATIONS AND TIMELY WARNINGS/CRIME ALERTS

The College District issues alerts to provide the campus community with information necessary to make informed health and safety decisions. Per the section of the College District's Administrative Procedures Manual regarding the Blinn Alert system, the College District automatically enrolls all students (unless the student opts out) a cell phone number and Blinn Buc email address when they register for classes. To ensure that contact information is up to date, the College District strongly encourages all students and staff to verify their information in MyBlinn.

DEFINITIONS

Timely Warning: also known as a "Blinn Alert," the College District must provide timely warning for any Clery Act crime that the Administration determines is a serious or continuing threat to the safety of students or employees.

Emergency Notification: the College District will issue an emergency notification upon confirmation of a significant emergency or dangerous situation occurring on or near College District property involving an immediate threat to the health or safety of students or employees.

Confirmation: a College District official has verified that a legitimate emergency or dangerous situation exists (confirmation does not necessarily mean that all the pertinent details are known or even available).

Blinn Alert System: the system by which the College District issues emergency notifications and timely warning/crime alerts. Students are automatically registered to receive Blinn Alerts via their Blinn email accounts. If a student wishes to update his/her account to add a personal email or phone number for calls and text messages, the student may do so through his/her MyBlinn account.

The College District automatically registers employees in the Blinn Alerts system to receive notices via their Blinn email and personal cell phone. Employees can update their account to add information in MyBlinn.

ISSUING AN EMERGENCY NOTIFICATION

As soon as College District officials confirm that a significant emergency or dangerous situation exists, the College District will initiate the notification process. This process includes considering the safety of the campus community in determining what information to release about the situation. The only circumstance wherein College District officials will withhold an emergency notification is if releasing information will compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

ISSUING A TIMELY WARNING/CRIME ALERT

The College District will issue a timely warning/crime alert as soon as pertinent information is available for any Clery-reportable crime that poses a serious or continuing threat to students and

employees.

The District Police Chief or his designee is responsible for deciding whether a timely warning/crime alert will be issued. If time allows, the District Police Chief will consult with the Chancellor and Vice Chancellor for Public Affairs and Strategic Relations prior to issuing the alert.

The College District may issue a timely warning regarding other (non-Clery Act) crimes as deemed necessary by the Chancellor or the District Police Chief or designee, in consultation with the Vice Chancellor for Public Affairs and Strategic Relations, or his designee.

The District Police Department, Communications Department, and each Executive Dean or designee may issue a timely warning. The College District's local law enforcement partners have agreed to inform the District Police and Administration about crimes reported to them that may warrant timely warnings.

CONFIRMING A SIGNIFICANT EMERGENCY OR DANGEROUS SITUATION ON CAMPUS

Once the Blinn Police Department receives an emergency report, the College District will evaluate the credibility of the caller or report (known entity vs. anonymous), the specificity of the information, and the urgency of the threat to property owned or controlled by the College District. If the College District determines that the report is credible and specific, and that the threat appears imminent, the College District will confirm the emergency.

Methods by which the College District receives reports:

- Via telephone to District Police Dispatch by a student, faculty, or staff member, or by a campus visitor;
- Via phone call or visit to a District Police Office or Officer;
- Via local news media;
- Via campus fire alarm devices, security alarms, or security cameras;
- Via a report by another law enforcement agency; or
- Via a report from a public health department.

DETERMINING WHETHER A CONTINUING THREAT EXISTS (TIMELY WARNING)

The College District must decide whether a reported crime constitutes a continuing threat on a case-by-case basis considering all the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts.

Examples of crimes that could constitute a continuing threat include, but are not limited to:

- a serial crime that targets certain campus populations such as sex crimes or race-based crimes in which the perpetrator has not been apprehended; or
- a crime in which there is no apparent connection between perpetrator and victim, and the perpetrator has not been apprehended.

Crimes that would not constitute a continuing threat include, but are not limited to:

- crimes in which the perpetrator has been apprehended, thereby neutralizing the threat;
- crimes that appear to be one-time occurrences; or
- crimes in which an identified perpetrator targets a specific individual(s) to the exclusion of others.

CONTENT OF THE EMERGENCY NOTIFICATION OR TIMELY WARNING

If the College District deems it necessary to immediately issue an emergency notification, the initial message will be brief and pre-scripted. The District Police Chief will develop the content of any follow-up emergency notification and timely warning messages in consultation with the Vice Chancellor for Public Affairs and Strategic Relations, or designee.

The content of the timely warning message will contain sufficient information about the threat to allow members of the campus community to take action to protect themselves, such as:

- a succinct statement of the incident;
- possible connection to previous incidents, if applicable;
- physical description of the suspect;
- composite drawing of the suspect, if available;
- date and time of the warning; and/or
- other relevant and essential information. In some cases, law enforcement may need to keep some facts confidential to avoid compromising an on-going investigation.

DISTRIBUTION OF EMERGENCY NOTIFICATIONS TO STUDENTS AND EMPLOYEES

The College District issues emergency notifications in a manner tailored to reach the affected students, faculty, staff, visitors, and contractors without delay. To ensure all those affected have ample opportunity to receive the warning, the College District sends emergency notifications via the following methods:

- emails
- text messages

The College District may utilize other means of communication as deemed appropriate under the circumstances, such as posting to the College District's home page, Blinn Emergency Preparedness page, social media accounts, campus digital media (TVs and outdoor signage), and notifying local media.

DISTRIBUTION OF TIMELY WARNINGS/CRIME ALERTS TO STUDENTS AND EMPLOYEES

The College District issues timely warnings tailored to affected students, faculty, and staff. To ensure all those affected receive the warning, the College District issues timely warnings district-wide via the following methods:

- emails
- text messages

The College District will utilize other means of communication as deemed appropriate under the circumstances, such as posting to the College District's home page, Blinn Emergency Preparedness page, social media accounts, campus digital media (TVs and outdoor signage), and notifying local

media.

TESTING OF COMMUNICATION PROCEDURES

The College District tests the Blinn Alert System each month to ensure proper operation. Each month, a different member of the emergency management team performs the test, ensuring all are familiar with the system and procedures.

Also, students in Brenham Campus housing receive training in emergency response and evacuation procedures at the beginning of each semester.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EMERGENCY MANAGEMENT AT BLINN COLLEGE DISTRICT

The District Police assist departments and campuses with developing, maintaining, and implementing emergency operations plans, developing and conducting exercises, providing hazard and risk education, and building partnerships with external response agencies. The District Police Department is responsible for assisting with and coordinating the College District's overarching mitigation, preparedness, response, and recovery programs.

PUBLICIZING BLINN EMERGENCY PROCEDURES

To assist the College District community in becoming familiar with emergency response and evacuation procedures, Blinn utilizes the following methods throughout the calendar year:

- orientation sessions for new students and employees;
- formal presentations to College District associations and departments;
- the Blinn Emergency Preparedness web page www.blinn.edu/alert/emergency-preparedness.html, where detailed procedures and resources are available; and

formal emergency training sessions for emergency team members by the District Police Chief and Emergency Management Manager.

EMERGENCY NOTIFICATION

The College District will immediately notify the campus community upon confirmation of an emergency or dangerous situation and uses the RAVE emergency notification system to provide Blinn Alerts. The Blinn Alert notification service, described in more detail above, is a closed, opt-out system available to all students, faculty, and staff, and can be used to send emergency messages within minutes of an incident.

CRITICAL INCIDENT RESPONSE TEAM

In the event of an emergency, the College District may activate the campus Critical Incident Response Team (defined below), make verbal announcements within buildings, use fire alarms and campus television screens, and post emergency information to www.blinn.edu.

At Blinn's Brenham and Bryan campuses, the College District's Critical Incident Response Team (CIRT) is comprised of faculty and staff volunteers trained and committed to responding during a

critical incident, and assist in mitigation, response, and recovery processes. While not trained as police officers, firefighters, or medical personnel, the CIRT team members have immediate access to trained professionals.

For more information regarding the CIRT teams and training/scheduled events, please see the CIRT webpage at: <https://www.blinn.edu/critical-incident-response-team/index.html>.

SECURITY OF AND ACCESS TO BLINN FACILITIES

Blinn operates an “open college” system. During business hours, the College District is open to students, parents, employees, contractors, invitees, and the public. During non-business hours and periods of extended closing, the District Police Department coordinates access to any College District facility. The College District may restrict or change access to campus facilities as necessary to meet safety and security requirements.

SECURITY CONSIDERATIONS FOR THE MAINTENANCE OF CAMPUS FACILITIES

The College District is committed to campus safety and security. The College District has designed all locks, landscaping, and outdoor lighting for safety and security. Sidewalks provide well-traveled, lighted routes from parking areas to buildings and from building to building. Landscape personnel trim shrubs from sidewalks, walkways, and building entrances to ensure a clear, well-lit route to buildings. All campus walkways are regularly inspected to ensure adequate lighting and the College District replaces promptly any improperly functioning bulbs.

The College District encourages community members to report any security concerns, including concerns about entrance/exit locking mechanisms, lighting, or landscaping to the District Police Department.

BLINN COLLEGE DISTRICT'S RESPONSE TO DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING

The College District is committed to fostering an environment in which all members of the campus community are safe, secure, and free from sexual misconduct of any form, including but not limited to sexual assault, dating violence, domestic violence, and stalking. The College District expects for all interpersonal relationships and interactions—especially those of an intimate nature—to be grounded upon mutual respect, open communication, and clear consent.

The College District has adopted the following standards of conduct for all members of the campus community – students, faculty, administrators, staff, vendors, contractors, and third parties – with respect to sexual assault, dating violence, domestic violence, and stalking. These standards apply to all regardless of race, gender, religion, disability, sexual orientation, or ethnicity/national origin. The College District seeks to address and ultimately reduce or eliminate sexual violence by providing resources for prevention, education, support, investigation, and a prompt, fair, and impartial disciplinary process from the initial investigation to the final result.

Report all InProgress crimes to 911. If the call is delayed report them to 979-277-7373. The College District also provides anonymous online reporting via the Title IX website at <https://www.blinn.edu/title-ix/reporting-information.html> For more information, visit www.blinn.edu/title-ix.

The District's policy regarding sex and gender discrimination and sexual misconduct, including sexual harassment, sexual violence, and retaliation targeting students is [FFDA\(LOCAL\)](#). The Blinn College District's policy regarding sex and gender discrimination and sexual misconduct, including sexual harassment, sexual violence, and retaliation targeting employees is [DIAA\(LOCAL\)](#). Both are available in the appendix to this report.

PROHIBITED CONDUCT

A Title IX violation is any incident that:

- includes unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct and/or communication of a sexual nature;
- creates a hostile environment when the conduct is sufficiently severe, pervasive, or persistent so as to interfere with or limit a student's ability to participate in or benefit from the services, activities, or opportunities offered by an institution;
- causes a student to believe he/she must submit to the conduct in order to participate in a school program or activity, or that an educational decision will be made based on whether the student submits to the conduct;
- meets the definition of stalking, dating violence, fondling, incest, rape, or statutory rape; or
- involves any form of sexual discrimination, harassment, misconduct, and/or violence.

Some common examples of Title IX violations are, but not limited to:

- asking questions about a person’s sex life, fantasies, preferences, or history;
- telling lies or spreading rumors about a person’s sex life;
- stalking or repeatedly asking out a person who is not interested;
- sexually suggestive remarks, jokes, stories, gestures, or catcalls;
- sexual or obscene messages or pictures sent via text or computer;
- sexual advances, propositions, insults, or threats;
- unwelcome or inappropriate touching;
- sexual violence or assault; and
- rape (including date rape).

WHAT TO DO IF YOU HAVE BEEN THE VICTIM OF SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE, OR STALKING

After an incident of sexual assault, it is important to seek medical attention as soon as possible. To preserve evidence, it is important that victims of sexual assault not bathe, douche, smoke, change clothing, or clean the bed/linen/area where the assault took place if the offense occurred within the past 96 hours. In circumstances of sexual assault, if victims do not opt to allow forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

The College District encourages victims of sexual assault, domestic violence, stalking, and dating violence to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and to keep pictures, logs, or other copies of documents that would be useful to College District hearing boards, investigators, or police. Victims of sexual assault, domestic violence, stalking, and dating violence are also encouraged to preserve physical and medical evidence as may be necessary to prove criminal domestic violence, dating violence, sexual assault, or stalking, or in obtaining a protection order.

Although the College District strongly encourages all members of the campus community to report violations of this policy to law enforcement, it is the victim’s choice whether to make such a report, and victims have the right to decline involvement with the police.

Whether a victim reports the crime to the police, or not, if the alleged offender is a member of the College District community, the victim has a right to seek administrative discipline against the offender. Individuals may report incidents involving a sexual assault, domestic violence, stalking, and/or dating violence by contacting the District Police Department at:

Blinn-Brenham Campus	979-277-7373
Blinn-Bryan Campus	979-277-7373
Blinn-RELLIS Campus	979-277-7373
Schulenburg Police Department	979-743-2677
Sealy Police Department	979-885-2913

and/or local law enforcement. College District personnel will assist any victim in notifying local police if they so desire, including assisting a victim with writing a police report. Filing a police report can involve calling or visiting the local police agency to initiate a report. A victim of domestic violence, dating violence, sexual assault, or stalking who proceeds through the criminal process has the

following rights, which, upon request, will be provided to a reporting student or employee in writing, regardless of where the crime occurred. Those rights include:

- To receive information concerning available services for victims;
- To be notified of certain significant actions and proceedings pertaining to the victim's case;
- To be accompanied at all public criminal proceeding by a victim advocate, family member, or another person;
- In cases involving personal injury crimes, burglary, and crimes relating to driving under the influence, which involved bodily injury, the victim may offer prior comment on the potential reduction or dropping of any charge or changing of a plea;
- To offer prior comment on the sentencing of a defendant to include the submission of a written and/or oral victim impact statement;
- To be restored, to the extent possible, to the pre-crime economic status through restitution, compensation, and the return of property;
- Where applicable, to obtain an Order of Protection, No Contact Order, Restraining Order, or other similar lawful order issued by a criminal, civil, or tribal court, or a no contact directive from the College District. Blinn College District will, when appropriate, issue a no contact directive. To request a Blinn-issued no contact directive, individuals may contact the District Police Department or the Title IX Coordinator at 979-830-4701.
- If personal injury results from the incident, and the offender is sentenced to a state correctional facility, the victim has the opportunity to provide prior comment on and to receive state post sentencing release decisions (work release, parole, pardon, or community treatment center placement) and to be provided immediate notice of escape of the offender;
- If personal injury occurs from the incident and the offender is sentenced to a local correctional facility, the victim has the right to receive notice of release of the offender (including work release, furlough, parole, community treatment center placement) and to be provided with immediate notice of the escape of the offender;
- Where the offender is subject to a Protection from Abuse order and is committed to a local correctional facility for a violation of the order or for a personal injury crime against a victim protected by the order, the victim has the right to receive immediate notice of the release of the offender on bail;
- When an offender is committed to a mental health facility from a state correctional institution, the victim has the right to notice of the discharge, transfer, or escape of the offender from the mental health facility; and
- The victim has the right to help prepare, submit, and follow-up on financial assistance claims to the Crime Victim's Compensation Program.

Moreover, to the extent of the victim's cooperation and consent, College District offices will work cooperatively to ensure that the complainant's health, physical safety, work, and academic status remain protected, pending the outcome of a formal College District investigation of the complaint. For example, the College District may offer, if reasonably available, changes to academic, living, transportation, or working situations or protective measures in addition to counseling, health services, and assistance in notifying appropriate local law enforcement. The College District will provide all options for accommodations and protective measures to the complainant in writing upon

request. The College District will make accommodations available or provide protective measures regardless of whether the complainant chooses to report the crime to District Police or local law enforcement.

RISK REDUCTION, WARNING SIGNS OF ABUSIVE BEHAVIOR, AND FUTURE ATTACKS

No victim is ever to blame for being assaulted or abused. Unfortunately, studies show that a person who is the victim of sexual or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk, to recognize warning signs of abusive behavior, and how to reduce the risk of a potential attack.

WARNING SIGNS OF ABUSIVE BEHAVIOR

Domestic and dating abuse often escalates from threats and verbal abuse to violence. While physical injury may be the most obvious danger, the emotional and psychological consequences of domestic and dating violence are also severe. Warning signs of dating and domestic violence include:

- being afraid of your partner;
- constantly watching what you say to avoid a “blow up;”
- feelings of low self-worth and helplessness about your relationship;
- feeling isolated from family or friends because of your relationship;
- hiding bruises or other injuries from family or friends;
- being prevented from working, studying, going home, and/or using technology (including your cell phone);
- being monitored by your partner at home, work, or school; and
- being forced to do things you do not want to do.

HELP REDUCE YOUR RISK AND AVOID POTENTIAL ATTACKS

If you are being abused or suspect that someone you know is being abused, speak up or report your concerns to law enforcement.

1. Get help by contacting the College District Counseling Office at the Blinn-Bryan Campus Building D, Room 160 (979-209-7251), the Blinn-Rellis campus Schwartz Building, Suite 230 (979-209-8947), or the Blinn-Brenham Campus Administration Building, Room 104 (979-830-4157).
2. Learn to look for “red flags” in relationships so you can learn to avoid some of those characteristics in future partners.
3. Consider making a report with the District Police Department and/or the Title IX Coordinator and request a “no contact” directive from the College District to prevent future contact.
4. Consider getting a Protection from Abuse Order or No Contact Order from a local judge or magisterial justice.
5. Learn more about what behaviors constitute dating and domestic violence, understand that it is not your fault, and talk with friends and family members about ways they can support you.
6. Trust your instincts – if something does not feel right in a relationship, speak up or end it.

SEXUAL ASSAULT PREVENTION [From rainn.org – 1-800-656-4673 (HOPE)]

- Be aware of rape drugs.
- Try not to leave your drink unattended.
- Only drink from un-opened containers or from drinks you have watched being made and poured.
- Avoid group drinks like punch bowls.
- Cover your drink. It is easy to slip in a small pill even while you are holding your drink. Hold a cup with your hand over the top or choose drinks that are contained in a bottle and keep your thumb over the nozzle.
- If you feel extremely tired or drunk for no apparent reason, you may have been drugged. Find your friends and ask them to leave with you as soon as possible.
- If you suspect you have been drugged, go to a hospital, and ask to be tested.
- Keep track of how many drinks you have consumed.
- Try to arrive and leave with a group of people you trust.
- Avoid giving out your personal information (phone number, where you live, etc.). If someone asks for your number, take his/her number instead of giving out yours.

WALKING AROUND CAMPUS

- Make sure your cell phone is easily accessible and fully charged.
- Be familiar with the locations of emergency phones on campus.
- Be aware of open buildings where you can use a phone.
- Keep some change accessible just in case you need to use a pay phone.
- Take major, public paths rather than less populated shortcuts.
- Avoid dimly lit places and talk to the College District's Facilities Department or District Police if you believe that an area of campus needs better nighttime lighting.
- Avoid putting headphones in both ears so that you can stay alert and aware of your surroundings, especially if you are walking alone.
- Try to walk with a friend.
- Carry a noisemaker (like a whistle) on your keychain.
- Carry a small flashlight on your keychain.
- If walking feels unsafe, call the District Police and request an escort.

RETALIATION

The College District prohibits any form of retaliation against an individual for reporting, providing information, exercising one's rights or responsibilities under this policy, or otherwise being involved in the process of responding to, investigating, or addressing allegations of sexual assault, dating violence, domestic violence, or stalking.

DEFINITIONS

- **Sexual Assault** means any offense that meets the definition of rape, fondling, incest, or statutory rape.
- **Rape** is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Consent** is a clear and voluntary agreement to engage in a specific sexual activity. A person who was asleep or mentally or physically incapacitated, either through the effect of drugs or alcohol or for any other reason, or whose agreement was made under duress or by threat, coercion, or force, cannot give consent.
- **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification without consent of the victim.
- **Statutory rape** is non-forcible sexual intercourse with a person who is under the statutory age of consent.
- **Domestic violence** is violence committed by a person who is or has been a current or former spouse of the victim, person with whom the victim shares a child in common, or person who is cohabitating with or has cohabitated with the victim as a spouse.
- **Dating violence** is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
- **Stalking** is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.
- **Quid pro quo** is harassment that occurs when an employee causes a student to believe that he or she must submit to unwelcome sexual conduct in order to participate in a school program or activity. *Quid pro quo* harassment can also occur when an employee causes a student to believe that the employee will make an educational decision based on whether or not the student submits to unwelcome sexual conduct.
- **A hostile environment** occurs when unwelcome conduct of a sexual nature is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an education program or activity, or creates an intimidating, threatening, or abusive educational environment. A hostile environment can be created by an employee, another student, or even a visitor, such as a student or employee from another college.

STEPS TO FOLLOW SHOULD A SEXUAL ASSAULT OCCUR

- Get to a safe place as soon as possible!
- Try to preserve all physical evidence – the victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until he/she has a medical exam. Contact a close

friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department.

- Get medical attention as soon as possible – an exam may reveal the presence of physical injury of which the victim is unaware. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraception is provided to all female victims at risk of pregnancy from the assault (if the victim presents within 120 hours). If the victim reports memory loss, loss of consciousness or other circumstances conspicuous of a drug-facilitated assault, medical personnel may administer a urine test if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for six to eight hours after ingestion.
- Contact the police – Sexual assault is a crime, and it is vital to report it. It is important to remember that reporting a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. The district attorney makes the final decision whether to prosecute.
- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand her/his feelings and begin the process of recovery.
- Report your experience to the College District. As detailed above, The College District can provide a wide variety of resources, support services, and procedural options to individuals who may have been a victim of sexual violence. Among other things, the College District may provide a survivor with alternate housing options, academic accommodations, as well as counseling and/or advocacy support. See Page 7 for a list of phone numbers to local healthcare facilities.

BYSTANDER INTERVENTION

Blinn College District is committed to providing a safe environment free from bullying, sexual harassment, sexual assault, and intimate partner violence. Each person has a role to play in helping to create a safer campus environment, and in showing other members of the community that violence is not OK.

There are two ways bystanders can take action:

1. **Reactive:** The three D’s (Direct, Distract, and Delegate) are ways to respond to situations in a safe and effective way.
2. **Proactive:** These are things you can do to make it less likely that concerning behaviors ever happen by showing that you do not tolerate violence.

The Three D’s

Direct: Interact directly with the people involved in the situation to let them know that you have concerns.

Examples:

- Grab some friends and check in together.

- “Are you OK?”
- “I’m worried about you; can I help you get home?”

Distract: When you do not want to express that you have concerns, but still want to defuse the situation.

Examples:

- Tell the friend you’re concerned for that your friends have been looking for them.
- Just stick around and don’t leave your friend alone.
- Offer an alternative activity.

Delegate: Ask someone else to help because you are uncomfortable intervening. This also notifies someone else of your concerns and that something needs to be done. If you ever feel unsafe, delegate.

Examples:

- Talk to other friends and ask them to check in on you or the friend you are concerned for.
- Tell a Resident Assistant, Hall Director, or Assistant Hall Director.
- Call 911 or the District Police Department.
- Tell the host of the event (party or social gathering).

Proactive Ways to Create a Safer Community

No one can do everything, but everyone can do something. When enough people do things to show that they do not tolerate violence at Blinn College District, it will create an environment where violence is unacceptable and fewer people get hurt.

- Educate yourself about sexual assault, dating violence, and stalking, and how to be an active bystander.
- Use social media to educate others and let them know you do not tolerate violence.
- Make it the norm in your friend group to check in with each other.
- Wear a t-shirt with an anti-violence stance.

SEXUAL ASSAULT REPORTING PROCEDURES

Any students who believe they or another student have experienced sexual discrimination, harassment, misconduct, or violence should immediately report the alleged acts to:

- any College District employee or Resident Assistant (RA).
- any District Police Officer.
- any College District counselor or nurse (or any staff).

You may also report violations to the: Title IX Hotline at **979-830-4700** or
Title IX email at titleix@blinn.edu

All employees, RAs, and District Police Officers who receive a report must disclose all information

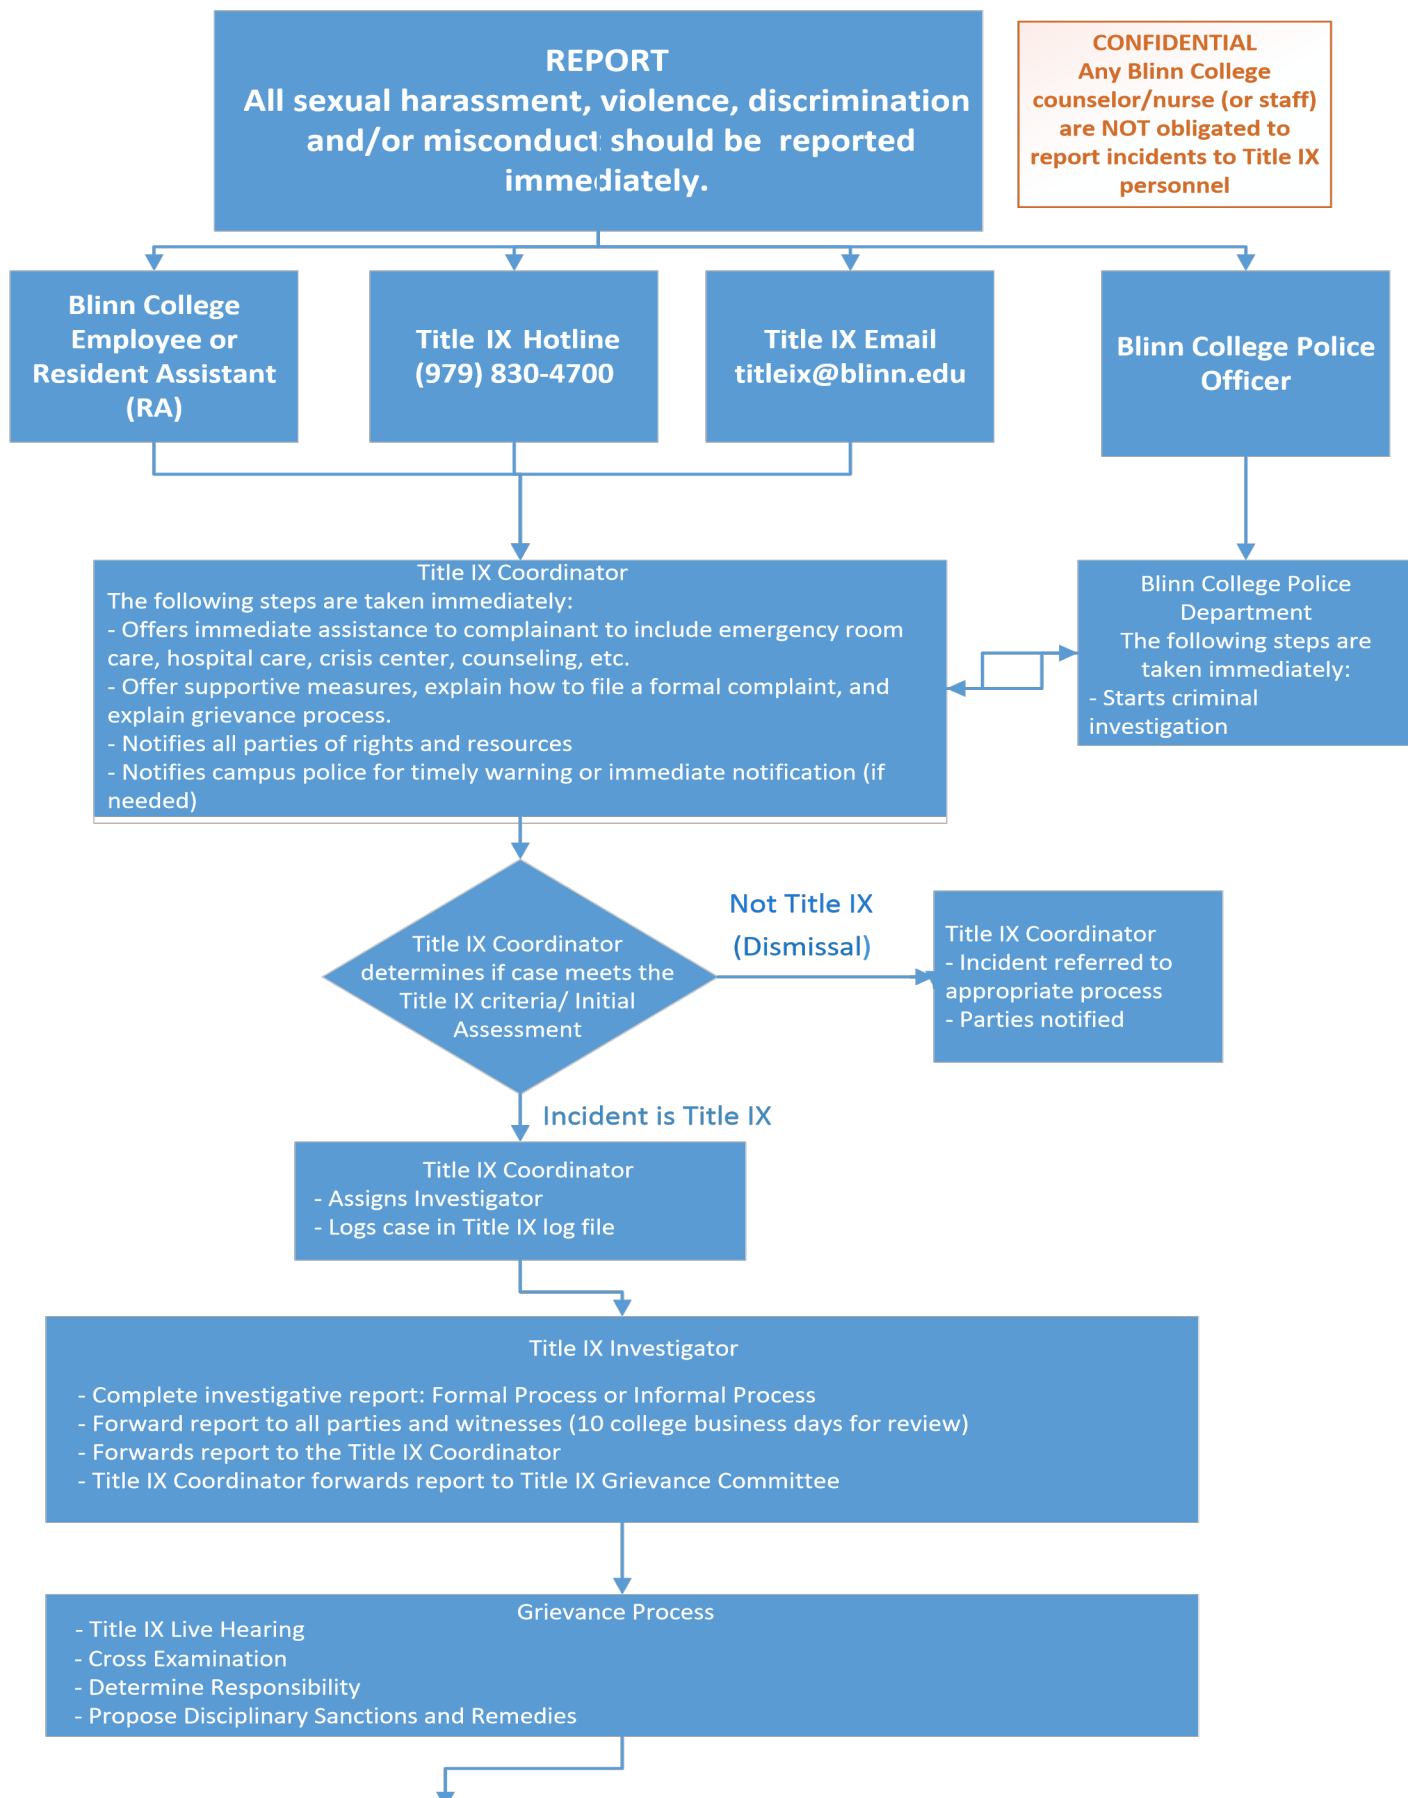

to the Title IX Coordinator/Specialist.

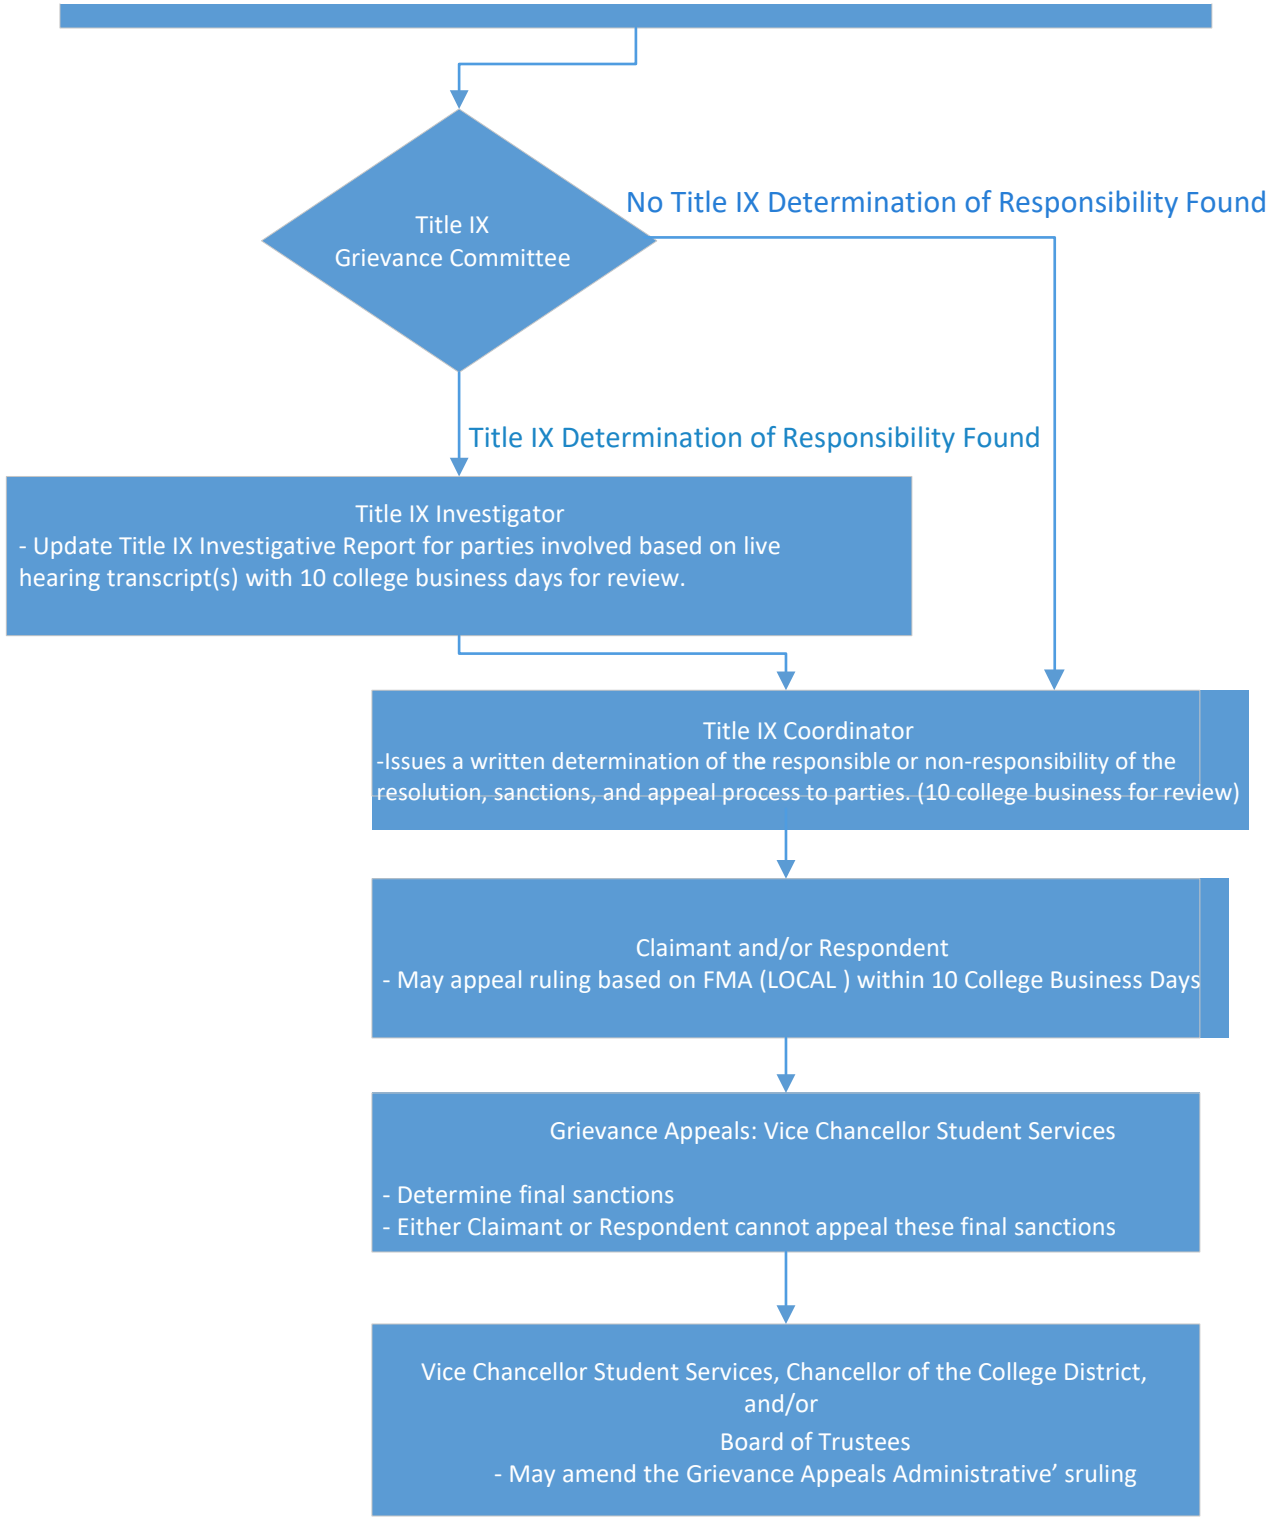

EXCEPTION – A person who holds a professional license requiring confidentiality, such as a counselor or nurse, or who is supervised by such a person, shall not be required to disclose a report of prohibited conduct without the student’s consent.

The College District strongly encourages complainants to report violations. Complainants have the right to do so without further participation in any investigation.

DISTRICT POLICE RESPONSE PROCEDURES FOR SEXUAL ASSAULT

College District prohibitions and procedures regarding freedom from discrimination, harassment, and retaliation for employees are located in Board Policies [DIAA\(LEGAL\)](#) and [DIAA\(LOCAL\)](#). Prohibitions and procedures regarding freedom from discrimination, harassment, and retaliation for students are located in Board Policies [FFDA\(LEGAL\)](#) and [FFDA\(LOCAL\)](#). The process for Title IX violations is as follows:

INVESTIGATIONS

A factfinder in any investigative or disciplinary proceeding that arises from a complaint of sexual assault, dating violence, domestic violence, and/or stalking will determine the outcome by a preponderance of the available evidence. Such proceedings shall include a prompt, fair, and impartial process from the initial investigation to the final result. Officials conducting such proceedings receive annual training on the issues related to dating violence, domestic, violence, sexual assault, and stalking, and on how to conduct an investigation and/or hearing process that protects the safety of victims and due process of the accused. The College District will provide the complainant, respondent, and appropriate officials with timely and equal access to any information that the factfinder will use during informal and formal disciplinary meetings and hearings. Further, in any proceedings under this provision, the complainant and the respondent shall have the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. While the College District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, it will not limit the choice or presence of the advisor of either the complainant or the respondent. The College District utilizes the preponderance of the evidence standard for disciplinary proceedings.

Confidentiality

The College District recognizes that confidentiality may be particularly important to alleged victims. If a victim chooses to disclose information to College District personnel, the victim should have informed expectations concerning privacy and confidentiality. Blinn cannot guarantee confidentiality and must evaluate any request for confidentiality in the context of its responsibility to provide a safe and nondiscriminatory environment. When a victim makes a disclosure to any College District personnel, that personnel will treat the information with the utmost sensitivity. Personnel will only report information to the appropriate administrator or staff persons where necessary to provide accommodations and protective measures and to ensure the safety and security of the campus community.

Reporting is necessary to ensure victims of misconduct receive appropriate services and information, to track incidents or identify patterns, to protect the College District community from future incidents, and to fulfill the College District's reporting obligations under federal and state law. The College District administers its recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information of either the complainant or the respondent.

Sanctions

In appropriate cases, complaints will lead to the initiation of disciplinary procedures. For students, any act of sexual assault, dating violence, domestic violence, and stalking are violations of the Student Code of Conduct, subjecting the perpetrator to disciplinary sanctions outlined in the Code, up to and including expulsion from the College District. Employees are subject to discipline according to the applicable College District Board Policies and Administrative Regulations, up to and including termination of employment.

The College District shall provide simultaneous notification in writing, to both the complainant and the respondent, of:

- the result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking;
- the College District's procedures for the respondent and/or the victim to appeal the result of any institutional disciplinary proceeding, if available;
- any change to the result; and
- when the results of the investigation or disciplinary proceeding become final.

If the alleged victim is deceased as a result of such crime or offense, the College District shall treat the next of kin of such victim as the alleged victim for purposes of this paragraph.

DISCIPLINARY ACTIONS

Assault/sexual assault, harassment/sexual harassment, dating/domestic/sexual violence, and discrimination/sexual discrimination are major violations of the College District's Board Policies. Students who violate this section are subject to sanctions up to expulsion from the College District and/or criminal charges. For a list of Code of Conduct violations and possible restitutions, please see the Student Code of Conduct, available in the [Course Catalog](#). Report all InProgress crimes to 911. If the call is delayed report them to 979-277-7373

ASSISTANCE FOR VICTIMS

The College District will assist victims of sexual assault, dating violence, domestic violence, and/or stalking, regardless of whether a victim elects to make a complaint to law enforcement. When a student or employee reports to the institution that he or she has been a victim of sexual assault, dating violence, domestic violence, or stalking, whether the offense occurred on or off campus, the College District will provide the student or employee a written explanation of their rights, resources, and options. The College District will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, and other services available for victims, both within the College District and in the community. The College District will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working environments or implementing protective measures. The College District will provide reasonable accommodations upon request.

TITLE IX – STUDENTS

Blinn College District is committed to fostering a fair and safe environment for all students. Discrimination, including harassment or retaliation, against any student on the basis of race, color, religion, sex/gender, national origin, disability, age, or any other basis prohibited by law is strictly prohibited within the College District community.

The U.S. Congress created Title IX in the Education Amendments of 1972 to prohibit

discrimination (which means to exclude, separate, deny benefits to, or otherwise treat differently) based on sex. This includes discrimination based on same-sex, gender identity, or failure to conform to stereotypical notions of masculinity or femininity. The College District does not tolerate any form of sexual discrimination, harassment, misconduct, or violence in the College District community.

Title IX applies to all students at educational institutions (and off-campus) regardless of gender, sexual orientation, gender identity, part- or full- time student status, disability, race, or national origin in all aspects of educational programs and activities. All students deserve the right to a fair and safe educational environment.

The College District's Title IX information is available at www.blinn.edu/title-ix/.

EDUCATIONAL PROGRAMMING AND CAMPAIGNS

Dating Violence, Domestic Violence, Sexual Assault, Stalking

Student safety and awareness training regarding dating violence, domestic violence, sexual assault, and stalking begins before they arrive on campus through a program conducted at New Student Orientation (NSO). The College District requires students to complete orientation awareness and prevention courses before starting classes. Although NSO is the primary prevention program, supplemental educational programs and campaigns occur throughout the academic year to maintain an increased level of awareness and prevention of dating violence, domestic violence, sexual assault, and stalking.

New Student Orientation – New Student Orientation is an overview of the College District, important College District policies and procedures, and resources that will enable students to be successful. Students must complete orientation after completing the admissions application, and includes sessions on student services, academic life, academic advising, and assistance with course registration.

Student Title IX Online Orientation/Training – Student Title IX Online Orientation/ Training is mandated by the Texas Department of Education that all students are required to complete the Title IX Training each Academic School Year.

Residence Hall Program – Housing and Residence Life, in conjunction with other departments on campus, offers many programs in the residence halls each year. Program topics include issues such as campus safety, alcohol use and abuse, healthy relationships, drugs, violence in relationships, sexual assault, stalking, and personal management.

Sexual Assault Awareness Month is a campaign to raise public awareness about sexual violence and educate communities on how to prevent it. The campaign theme, I Ask, champions the message that asking for consent is a healthy, normal, and necessary part of intimate interactions.

“Denim Day” – the College District encourages faculty, staff, and students to wear jeans for a nationwide campaign to protest misconceptions that surround sexual assault. Denim Day was triggered by a ruling in the Italian Supreme Court where the justices overturned a rape

conviction because they felt that, since the victim was wearing tight jeans, she must have helped her rapist remove those jeans.

Sexual Assault Resource Center (SARC) Program

Blinn College partners with the [Sexual Assault Resource Center \(SARC\)](#) to provide voluntary educational and awareness programs for students.

Employee Training – The College District requires all employees (faculty, administration, staff, and students) to complete Unlawful Harassment Prevention, Preventing Discrimination and Sexual Violence, and Child Abuse and Molestation Awareness Prevention trainings within 30 days of their employment date, and annually thereafter at the beginning of the new fiscal year. This College District provides this information in its new hire packet, online orientation training modules, and in individual training links sent to each employee.

If a resident accumulates any combination totaling six (6) points in an academic school year (including Fall, Spring, Mini-mesters, Summer sessions, and break periods), the College District will remove the student from residence life. FERPA/BUCKLEY

With respect to the disclosure of certain documents, which may have been used in the production of this Report, it is important to note:

Congress passed The Family Educational Rights and Privacy Act of 1974 (FERPA), commonly known as the Buckley Amendment, in 1974. FERPA affords students 18 years of age or older certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the college/university receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) they wish to inspect. The college/university official will make arrangements for access and notify the student of the time and place where the record(s) may be inspected. If the records are not maintained by the college/university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of student education records that the student believes are inaccurate or misleading. Students may ask the college/university to amend a record that they believe is inaccurate or misleading. They should write to the appropriate college/university official, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the college/university decides not to amend the record as requested by the student, the college/university will notify

the student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to college/university officials with legitimate educational interests. A college/university official is a person employed by the institution as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement personnel); a person serving on the Governing Body (i.e. Board or Trustees, Board of Regents, etc.); a person or company with whom the institution has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another college/university official in performing his or her tasks. A college/university official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the institution discloses education records without consent to officials at another institution in which a student seeks or intends to enroll.

NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.

FERPA grants the right to file a complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:

tent, or pervasive that it limits or denies a student's ability to participate in or benefit from the College District's educational program or activities.

Sexual Violence

Sexual violence is a form of sexual harassment. Sexual violence includes physical sexual acts perpetrated against a person's will or without the person's consent. "Consent" means assent in fact in accordance with law.

Sexual assault is any unwanted, nonconsensual sexual contact against an individual by another. Sexual assault can occur either forcibly (against a person's will) or when a person cannot give consent (under the age of consent, intoxicated, developmentally disabled, or mentally/physically unable to consent).

Rape is nonconsensual sexual intercourse that involves the use or threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Rape includes nonconsensual sexual intercourse when the person is incapable of giving consent because he or she is incapacitated from alcohol and/or drugs, or if a mental disorder or developmental or physical disability renders the victim incapable of giving consent.

Dating Violence

"Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic Violence

"Domestic violence" means violence committed by:

- A current or former spouse or intimate partner of the victim;
- A person with whom the victim shares a child in common;
- A person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- Any other member of the victim's family as defined by state law;
- Any other current or former member of the victim's household as defined by state law;
- A person in a dating relationship with the victim as defined by state law; or

- Any other person who acts against the victim in violation of the family violence laws of this state or the jurisdiction where the conduct occurs.

Stalking

“Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others or suffer substantial emotional distress.

For the purposes of this definition:

1. “Course of conduct” means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
2. “Reasonable person” means a reasonable person under similar circumstances and with similar identities to the victim.

Examples

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; rape; sexual assault as defined by law; sexual battery; sexual coercion; and other sexually motivated conduct, communications, or contact.

Examples may also include forms of dating violence, domestic violence, or stalking, such as physical or sexual assaults; name-calling; put-downs; or threats directed at the student, the student’s family members, or members of the student’s household; destroying the student’s property; threatening to commit suicide or homicide if the student ends the relationship; tracking the student; attempting to isolate the student from friends and family; threatening a student’s spouse or partner; or encouraging others to engage in these behaviors.

Gender-Based Harassment

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student’s gender, the student’s expression of characteristics perceived as stereotypical for the student’s gender, or the student’s failure to conform to stereotypical notions of masculinity or femininity. For purposes of this policy, gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct limits or denies a student’s ability to participate in or benefit from the College District’s educational program.

Acts of gender-based harassment may also be considered sex discrimination or sexual harassment.

<i>Examples</i>	Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.
Prohibited Conduct	In this policy, the term "prohibited conduct" includes sexual violence, discrimination, harassment, dating violence, domestic violence, stalking, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct.
Complainant	In this policy, the term "complainant" refers to an applicant for admission or a student who is alleged to have experienced prohibited conduct. The term also includes a former student who is alleged to have experienced prohibited conduct while participating, or attempting to participate, in the College District's educational program or activity.
Respondent	In this policy, the term "respondent" refers to a person who is alleged to have committed prohibited conduct.
Confidential Employee	A "confidential employee" is a person who holds a professional license requiring confidentiality, such as a counselor or medical provider, who is supervised by such a person, or a person who is a nonprofessional counselor or advocate designated in administrative procedures as a confidential source.
Reporting Procedures	A victim of prohibited conduct has the right to report the incident to the College District and to receive a prompt and equitable resolution of the report.
Student Report	Any student who believes that the student has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to the College District police, the Title IX coordinator, the Chancellor, or another employee, or submit the report electronically ¹ through the College District's website. College District personnel shall assist the student in reporting the alleged misconduct if the student requests such assistance. Submission of an anonymous electronic report may impair the College District's ability to investigate and address the prohibited conduct. A report against the Chancellor may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation. A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct.

The College District shall publish procedures in the administrative regulations regarding options for reporting offenses to law enforcement, the importance of preserving evidence as may be necessary to prove an allegation under this policy. The procedures shall include information about victims' rights and the institutions' responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

A victim of a crime has the right to choose whether to report the crime to law enforcement, to be assisted by the College District in reporting the crime to law enforcement, or to decline to report the crime to law enforcement.

It is important that a victim of prohibited conduct go to a hospital for treatment and preservation of evidence, if applicable, as soon as practicable after the incident.

Exception

Absent consent or unless required by law, a student designated in administrative regulations as a student advocate to whom another student may speak confidentially concerning prohibited conduct may not disclose any communication made by the other student.

Employee Report

Any College District employee who suspects or receives notice that a student or group of students has or may have experienced prohibited conduct, regardless of when or where the incident occurred, shall immediately notify the Title IX coordinator and shall take any other steps required by this policy. Additionally, the employee may report to the Chancellor or designee.

A report against the Chancellor must also be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

Exceptions

A person who holds a professional license requiring confidentiality, such as a counselor, or who is supervised by such a person shall not be required to disclose a report of prohibited conduct without the student's consent.

A person who is a nonprofessional counselor or advocate designated in administrative procedures as a confidential source shall not be required to disclose information regarding an incident of prohibited conduct that constitutes personally identifiable information about a student or other information that would indicate the student's identity without the student's consent, unless the person is disclosing information as required for inclusion in the College District's annual security report under the Clery Act [see GCC].

Employee Subject to Confidentiality Rules	Absent the student's consent, or unless required by law, a confidential employee shall only be required to disclose the type of incident reported and may not disclose information that would violate the student's expectation of privacy. Consolidate Reports	When the allegations underlying two or more reports arise out of the same facts or circumstances, the College District may consolidate the reports.
Advisor	Each party to the complaint may be assisted by an advisor of the party's choice who may participate in the proceedings in a manner consistent with College District procedures.

Extension of Timelines	Timelines established by this policy and associated procedures may be subject to a limited extension if good cause, as defined in this policy and College District regulations, exists. The College District shall promptly provide written notice to the parties of an extension and the reason for the extension.
Investigation of the Report	The College District may request, but shall not require, a written report. If a report is made orally, the Title IX coordinator or designee shall reduce the report to written form.
Initial Assessment	Upon receipt or notice of a report, the Title IX coordinator shall first notify the Campus Police Department to determine whether the allegation requires a criminal investigation. If the allegation does not require a criminal investigation, the Title IX coordinator shall then determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the official shall immediately notify the parties to the complaint of the allegations and the formal and informal options for resolution of the complaint, explain the process for filing a formal complaint and assess any re-

quest not to investigate. The College District official shall also ensure that the complainant and respondent receive any legally required written notices regarding:

1. Existing counseling, health, and mental health services;
2. Victim advocacy and legal assistance;
3. Any other relevant services available, both on-campus and in the community; and
4. Any options for, and available assistance in, changing academic, living, transportation, and working situations, if so requested by either the victim or accused, and whether such accommodations are reasonably available, regardless of whether the victim chooses to report the allegation to campus police or local law enforcement.

If the Title IX coordinator determines that the allegations, if proven, would not constitute prohibited conduct as defined by this policy but may constitute a violation of other College District rules or regulations, the Title IX coordinator shall refer the complaint for consideration under the appropriate policy and/or process.

Request Not to Investigate

The complainant may request that the College District not investigate the allegations. If the complainant requests that the allegations not be investigated, in deciding whether to initiate the investigation, the College District must consider the factors described by law and any other factors the College District considers relevant.

The College District shall promptly notify the complainant of the decision regarding whether it will conduct the investigation. If the College District decides not to investigate the allegations, the College District shall take reasonable steps to protect the health and safety of the College District community.

Formal Complaint

To be considered a formal complaint under Title IX, the complainant or the Title IX coordinator must sign the written report.

Notice to Parties

The notice to the parties must describe the allegations and the formal and informal options for resolution of the complaint. The notice must state that the respondent is presumed not responsible until a determination regarding responsibility is made. The notice must also include information regarding the option to select an advisor, the opportunity to inspect and review evidence, and the prohibition on knowingly making false statements or submitting false information during the investigation and any ensuing proceedings.

If the allegations are subsequently amended, the College District shall provide an updated notice reflecting the new allegations.

Informal Resolution	The College District may offer to the parties a process for the informal resolution of a formal complaint as defined by law. If the parties voluntarily agree in writing to participate in informal resolution of the complaint, and the Title IX coordinator determines within three days that informal resolution is appropriate for the complaint, then the Title IX coordinator or designee may facilitate that resolution within ten days. If the Title IX coordinator determines that informal resolution is not appropriate, then the complaint will be subject to the formal resolution process. This process is not available in situations where an employee is alleged to have sexually harassed a student.
Formal Resolution	If the complaint is not subject to the informal resolution process, the Title IX coordinator shall authorize or undertake an investigation, except as provided below at Criminal or Regulatory Investigation. The College District shall establish procedures for formal resolution in accordance with law.
Supportive Measures	If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the Title IX coordinator shall promptly provide supportive measures intended to address prohibited conduct, protect the safety of the parties and others, and protect the parties from retaliation prior to the completion of the investigation. Examples of possible supportive measures include academic accommodations, such as extensions of deadlines or other course-related adjustments and modifications of class schedules; housing and dining modifications; temporary removal from an education program or activity in accordance with law; counseling; health services; campus escort services; mutual restrictions on contact between the parties; and increased security and monitoring of certain areas of the campus.
College District Investigation	<p>The investigation may be conducted by the Title IX coordinator or designee(s) or by a third party designated by the College District, such as an attorney.</p> <p>The investigation may consist of personal interviews with the complainant, the respondent, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.</p> <p>The parties shall be provided an equal opportunity to present witnesses and evidence and to inspect and review any directly related evidence obtained by the College District so that the parties may meaningfully respond during the investigation process. The parties expected to participate in an investigative interview or other meeting shall be provided written notice in enough time to prepare to participate.</p>

	<p>At least ten days prior to the completion of the investigation report, the College District must send each party and the party's advisor evidence subject to inspection and review. The parties may submit a written response for consideration by the investigator.</p>
<p>Criminal or Regulatory Investigation</p>	<p>If a law enforcement or regulatory agency notifies the College District that a criminal or regulatory investigation has been initiated, the College District shall confer with the agency to determine if the College District's investigation would impede the criminal or regulatory investigation. The College District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or regulatory agency has completed gathering its evidence, the College District shall promptly resume its investigation. Any delay under this provision shall constitute good cause for an extension of timelines established by this policy and associated procedures.</p>
<p>Concluding the Investigation</p>	<p>The investigation shall be completed within a reasonable time, not to exceed 30 days from the date of the report.</p> <p>The investigator shall prepare a written report of the investigation. Initial Assessment	<p>Upon receipt or notice of a report, the Title IX coordinator shall first notify the Campus Police Department to determine whether the allegation requires a criminal investigation. chooses to report the allegation to campus police or local law enforcement. The Title IX coordinator shall explain the process for filing a formal complaint and assess any request not to investigate. If the College District moves forward with the investigation, the Title IX coordinator shall immediately provide notice to the known parties to the complaint.

If the Title IX coordinator determines that the allegations, if proven, would not constitute prohibited conduct as defined by this policy, the Title IX coordinator shall refer the complaint for consideration under the appropriate policy.

Request Not to Investigate

The complainant may request that the College District not investigate the allegations. If the complainant requests that the allegations not be investigated, in deciding whether to initiate the investigation, the College District must consider the factors described by law and any other factors the College District considers relevant.

The College District shall promptly notify the complainant of the decision regarding whether it will conduct the investigation. If the College District decides not to investigate the allegations, the College District shall take reasonable steps to protect the health and safety of the College District community.

If the Title IX coordinator does not determine informal resolution to be appropriate, then the complaint will be subject to the formal resolution process.

When appropriate, the supervisor shall be involved in or informed of the investigation.</p> <p>The investigation may consist of personal interviews with the complainant, the respondent, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.</p> <p>The parties shall be provided an equal opportunity to present witnesses and evidence and to inspect and review any directly related evidence obtained by the College District so that the parties may meaningfully respond during the investigation process. The parties may submit a written response for consideration by the investigator.</p>
Concluding the Investigation	<p>The investigation shall be completed within a reasonable time, not to exceed 30 days from the date of the report.</p> <p>The investigator shall prepare a written report of the investigation. The investigation report shall be filed with the Title IX coordinator within five days following the completion of the investigation.</p>

**College District
Action**

The Title IX coordinator shall submit the investigation report to the Vice Chancellor, Human Resources promptly after receipt of the parties' response but no later than the expiration of the parties' deadline to respond.

The Vice Chancellor, Human Resources or designee shall summon the parties for a hearing to be held within a reasonable time, not to exceed ten days. The hearing shall be conducted in accordance with law and College District procedures.

After the hearing, the Vice Chancellor, Human Resources or designee shall determine whether each individual allegation of prohibited conduct occurred using a preponderance of evidence standard and determine the appropriate disciplinary or corrective action. In making the determination, the Vice Chancellor, Human Resources or designee shall evaluate all relevant evidence objectively and shall not make credibility assessments based on a person's status as the complainant, the respondent, or a witness. The Vice Chancellor, Human Resources or designee shall create a written determination regarding responsibility in accordance with law and College District procedures within five days following the hearing and submit the determination to the parties simultaneously.

**Disciplinary or
Corrective Action**

If the Vice Chancellor, Human Resources or designee determines that prohibited conduct occurred, the College District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct.

- Increasing staff monitoring of areas where prohibited conduct has occurred;
- Reaffirming the College District's policy against discrimination and harassment; and
- Taking other actions described in College District regulations.

Exception

The College District shall minimize attempts to require a complainant to resolve the problem directly with the person who engaged in the harassment; however, if that is the most appropriate resolution method, the College District shall be involved in an appropriate manner.

Improper Conduct

If the Vice Chancellor, Human Resources or designee determines that improper conduct occurred that did not rise to the level of prohibited conduct, the College District may take disciplinary action in accordance with College District policy and procedures or other corrective action reasonably calculated to address the conduct.

Notice of Dismissal

Upon dismissal of a complaint, the Title IX coordinator or the Vice Chancellor, Human Resources or designee shall provide the parties written notice of the dismissal.

Confidentiality

To the greatest extent possible, consistent with law, the College District shall respect the privacy of the complainant or the respondent or a person who makes a report or serves as a witness. Future Improvements

The College District's Physical Plant Director and the Director of Housing and Residence Life evaluate the campus fire safety systems and recommend changes as required.

Candles/Cooking in Rooms

Candles of any kind (decorative or scented), candles that have not been lit, wickless candles, incense, and open flame decorations such as potpourri are fire hazards. Therefore, the College District prohibits burning candles, incense, or potpourri in residential housing. The College District also prohibits cooking items such as crock-pots, hot plates, portable tabletop electric grills, and toaster ovens. The College District confiscates these items and issues a monetary fine as follows: \$30 per item, not to exceed \$250. Repeat offenders are subject to expulsion from Housing and Residence Life.

FIRE DRILLS

The College District conducts fire drills every Fall and Spring semester (twice per year) to educate residents on how to react in the event of an actual fire or other emergency situation. Residence Life staff use various techniques to alert students of such a situation. Examples include using the sound of the fire alarm, staff knocking on doors, using air horns, directing students to the emergency exits, and execution of procedures for evacuating the building. During a fire drill, the staff check every room to ascertain that residents have evacuated all areas. Failure to evacuate during a drill or alarm in an immediate and cooperative matter results in a \$50 fine and further disciplinary action.

FIRE CODE VIOLATIONS

The College District prohibits various appliances and items to ensure that students follow fire and life safety guidelines within the residence halls. Residents with questions regarding whether the College District prohibits a particular item should direct such inquiries to Hall Directors and send questions pertaining to prohibited items to: Blinn College District Housing and Residence Life (housing@blinn.edu)

The College District prohibits open flames of any type in any room. The College District also prohibits the use of acetate, cellophane, tissue paper, or combustible materials near a light fixture. The College District prohibits space heaters, electric blankets, other heating devices, halogen lamps, lava lamps, and personal microwaves, and confiscates these items. The College District has equipped each residence hall with several fire alarm pull stations located throughout the building.

If you see a fire, activate a pull station on your way out of the building. A false fire alarm is a violation of state law. Violators could face \$100 in fines, plus damages.

Violations of fire and life safety policies will result in disciplinary action and possible removal of an individual from the residence hall.

Appliances

The College District prohibits cooking in the residence hall rooms. The College District permits the following electrical appliances in residence halls: personal computer, television, coffee/tea maker, and refrigerator up to 4.0 cubic feet. Residents must use surge protectors when plugging in multiple items. Do not use extension cords and multi-plug adapters without a switch. Keep cords away from walkways. Illegal appliances include, but are not limited to hot plates, heaters, microwaves, appliances with a heating element, and grills. After one warning, the College District will confiscate and hold any prohibited item until the resident leaves for the semester.

Candles and Incense

The College District prohibits candles, incense, potpourri pots, “scentsy”-type heaters, scented plug-ins, or anything that melts wax or creates smoke, embers, or ashes. These items pose a fire hazard, and the College District will confiscate them. The College District permits scented aerosol sprays. The College District considers classifying a repeat offense as a major violation that may result in removal of the offending student from housing.

Fireworks

The City of Brenham prohibits possession of fireworks or any explosive device. Possession will result in disciplinary action for the violator(s), as well as damage charges, if applicable.

Microwaves

The College District prohibits microwave ovens in student rooms. The College District provides access to a shared microwave oven in each hall. Please clean the microwave after each use. If smoke caused by burning food sets off a fire alarm, or causes damage to the

building or microwave, the responsible student could be held accountable for any violations or damage charges.

Smoking and Smokeless Tobacco

The College District desires to provide a safe, healthy, and satisfying environment for its students, faculty, staff, and guests. Because of the proven health risks for persons coming into contact with tobacco smoke or other smoke, the College District prohibits smoking through any device in College District-owned or controlled vehicles, buildings, grounds, or other facilities. The smell of smoke is probable cause to enter a room. The College District will take disciplinary action against any student or staff who violates this prohibition.

The College District also prohibits the use of smokeless tobacco products and paraphernalia on College District grounds and in College District buildings, facilities, and vehicles. See [GDA\(LOCAL\)](#).

FIRE EXTINGUISHERS/SMOKE ALARMS

The College District has installed fire extinguishers in each residence hall and apartment. Each unit also has a smoke alarm. The College District prohibits disarming, removing, or maliciously discharging these safety devices. College District staff check these safety devices regularly to verify they are all operating correctly.

Disabling or misusing fire safety equipment is a serious violation. Replacement of a missing fire extinguisher costs \$100, and refilling the extinguisher is \$50, plus damage and cleanup charges, if applicable. Rewiring or replacing a smoke alarm is \$50, plus the cost of equipment.

There is no cost to replace batteries unless replacement becomes excessive and for no good cause. Tampering with smoke alarms will result in charges and possible removal from housing.

EVACUATION PROCEDURES

When the fire alarm sounds, everyone must exit the building immediately. Follow the instructions below.

Primary Escape Route: Emergency exit doors at the end of each hallway.

Secondary Escape Route: Inner common use stairwells.

Prior to Evacuating the Residence Hall Room:

1. If your door is hot to the touch, do not open it!
 - a. Roll up a wet towel and place it at the base of the door to prevent smoke from coming into your room.
 - b. Use a secondary means to exit the room (window, if you're not too high up, or another door).
2. If your door is cool to the touch, open it slowly.
 - a. If the hallway is clear and/or you encounter heat and/or pressure in the hallway, leave your room carefully, closing the door behind you, and proceed to the nearest

exit/stairwell to the designated area so that housing staff can count you and know you are safe. If possible, alert other students on your way to the exit.

3. Always use stairs, NOT ELEVATORS, to evacuate the building.
4. If you encounter smoke, take short breaths through your nose and stay close to the floor. Crawl if possible.
5. Do not attempt to remove personal items.
6. If your clothing catches fire, stop, drop, and roll.
7. Once outside the building, move far away from the building, and wait until recalled by an authorized College District official.
8. Disabled persons who require assistance in evacuating should alert their Hall Director and Resident Assistant in advance.
9. Always remember: do not attempt to fight a fire yourself.

General Emergencies and Evacuation Procedures

Blinn College District recognizes that, at any time, an emergency can occur that may require students, faculty, and staff to take steps to prevent the loss of life or destruction of property. Such emergencies include natural disasters, weather related incidents, fire, chemical spills, medical incidents involving injuries or illness, civil disturbances, bomb threats, and violent crime. The College District also recognizes the particularly high cost of violent crimes and the disruptive effects that they have on our community.

On an annual basis, College District officials conduct a variety of emergency response drills designed to mitigate potential threats to the welfare of the campus community. College District personnel designed these drills to include scenarios that require participants to utilize both in-shelter and evacuation procedures.

In the event of a confirmed emergency, College District officials will send out alerts and safety instructions using the most expedient methods available to the specific location affected. Some examples of these methods may include, but are not limited to: text messages, public address systems, presence and verbal announcements made by emergency personnel, e-mail, telephone, cell phone, and press releases to public news media. **Please make sure that your contact information is correct and up-to-date in myBLINN and that you are signed up to receive Blinn Alerts.**
