

ASSOCIATE OF ARTS IN TEACHING DEGREE (AAT)

Detailed course information is available from the [Course Descriptions](#) section of the online catalog.

The Associate of Arts in Teaching (AAT) Degree is a Texas Higher Education Coordinating Board (THECB) approved collegiate degree program consisting of lower division (Community College) courses intended for transfer to baccalaureate programs that prepare students for initial Texas teacher certification. Blinn College offers both of the AAT curricula that transfer into the following senior college/university grade-level certification degree plans:

- EC-Grade 6; Grades 4-8; and EC-Grade 12 (for Special Education)
- Grades 7-12, EC-Grade 12 (content areas other than Special Education)

The AAT degree at Blinn College includes the 42-hour core component that is common to the Associate of Arts and the Associate of Science degrees already offered by the College and additional course work specific to each certification area. For more information contact a college counselor.
