November 6, 2020

To the Board of Trustees and Citizens Who Support the Blinn College District,

This Comprehensive Annual Financial Report for the fiscal year ended August 31, 2020, has been developed to provide the public a complete financial picture of the Blinn College District. This document plays an important role in meeting the District's strategic objective to promote inclusive and transparent financial and budgeting processes. By sharing transparent financial information and data, we provide stakeholders a clear vision of the District's priorities and its vision for the future.

As this report demonstrates, Blinn has utilized a variety of funding strategies to minimize debt while developing the first-class facilities necessary to meet the growing and changing needs of the communities it serves. With the successful first-year operations of a new agricultural sciences building on the Brenham Campus and the Agriculture and Workforce Education Complex on the RELLIS Campus, and the planned development of a new science, technology, engineering, and innovation building and a new student housing complex on the Brenham Campus, Blinn is positioned to carry out its mission in an efficient and effective manner and to continue to provide affordable educational programs that meet the needs of citizens throughout its service area.

Sincerely,

Mary Hensley, Ed.D.

Chancellor of the Blinn College District

November 19, 2020

To the Board of Trustees, Chancellor, and Citizens of the Blinn College District,

The following Comprehensive Annual Financial Report of the Blinn College District for the fiscal year ended August 31, 2020, is hereby submitted. Responsibility for the preparation and integrity of the financial information, and the completeness and fairness of the presentation, rests with the College District. The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) as established by the Governmental Accounting Standards Board (GASB) and comply with Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB).

The Notes to the Basic Financial Statements are provided in the financial section and are considered essential to fair presentation and adequate disclosure for this financial report. The notes include the Summary of Significant Accounting Policies for the College District and other necessary disclosures of important matters relating to the financial position of the College District. The notes are treated as an integral part of the financial statements and should be read in conjunction with those statements.

The Management's Discussion and Analysis (MD&A) is provided to supplement the basic financial statements, related notes, and this transmittal letter. The purpose of the MD&A is to provide an objective and readable analysis of the District's financial activities.

To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the College District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The College District is required to undergo an annual federal single audit in conformity with the provisions of the Federal Single Audit Act, Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards, and an annual state single audit in conformity with the Texas Governor's Office of Budget and Planning Uniform Grant Management Standards Single Audit Circular. Information related to these Single Audits, including the schedule of expenditures of federal awards, schedule of expenditures of state awards, and auditor's reports on compliance and on internal controls, is included in the federal and state single audit sections of this report.

Historical Statement

The Southern German Conference of the Methodist denomination under the name of Mission Institution founded the District in 1883. In 1889, the name was changed to Blinn Memorial College in honor of the Reverend Christian Blinn of New York, who had donated a considerable sum of money to make the school possible. The institution was originally founded for the purpose of training young men for the ministry, but to meet the demands of the public, academic courses were added. After operating for five years as an institution for men only, Blinn College was made coeducational in 1888. In 1927, the Board of Trustees, under the leadership of President Philip Deschner, organized a junior college, and in 1930 the school was merged with Southwestern University (Georgetown, Texas). In 1934, a new charter was procured by the citizens of Brenham, and a private nonsectarian junior college, under the name of Blinn College, was organized with nine regents as the board of control. In February 1937, all connections with Southwestern University and the Methodist denominations were severed. An election held in Washington County on June 8, 1937, for the purposes of creating a public junior college district and for levying a small tax, was successful. Blinn thus became the first county-owned junior college district in Texas. The District continues to operate as one of the largest of the state's 50 public junior/community college districts.

Service Area

The College District presently operates five campuses throughout its 13-county service area; the original Blinn-Brenham Campus in Washington County, the Blinn-Bryan and RELLIS campuses in Brazos County, the Blinn-Schulenburg Campus in Fayette County, and the Blinn-Sealy Campus in Austin County. In addition to the on-campus activity, the District offers dual credit classes at numerous high schools and provides educational opportunities at other facilities within its service area. Finally, the District continues to satisfy the growing demand for online courses.

The service area of the Blinn College District includes the territory within Brazos, Burleson, Grimes, Madison, Waller, and Washington counties; the Mumford, Hearne, and Franklin Independent School Districts located in Robertson County; Austin County, other than the territory within the Wallis-Orchard Independent School District; the Milano and Gause Independent School Districts located in Milam County; the area of the Richards Independent School District located in Walker and Montgomery counties; the area of the Bryan Independent School District located in Robertson County; Fayette County, other than the territory within the Smithville Independent School District; Lee County, other than the territory within the Elgin Independent School District; and the area of the Lexington Independent School District located in Bastrop, Milam, and Williamson counties.

Mission, Vision, and Values

<u>Mission Statement</u>: Blinn College District is building stronger communities by providing quality, comprehensive education, and empowering students to achieve excellence in their educational careers and personal goals.

<u>Vision Statement</u>: Shaping future academic, workforce, cultural, and economic leaders by providing excellent instruction, resources, services, and innovative partnerships, for students and the community.

• Excellence

Economic Condition and Outlook

In FY20, the Blinn College District completed an economic impact study conducted by Economic Modeling Specialists International (EMSI), a leading provider of economic impact studies to educational institutions. According to the study, the Blinn College District provides a \$370.1 million economic impact on its local business community each year. The total includes \$242.1 million in added income for Blinn students who enter the workforce with newly acquired knowledge and skills. Blinn also generates a \$90.9 million operational spending impact each year and \$4.9 million in construction spending, which includes the creation of new facilities to meet the growing educational demands of the communities it serves and the maintenance of current facilities.

Student spending generates a \$32.2 million annual benefit to the community. Approximately 77% of Blinn students originate from outside the College's service area and many relocate to the region, spending their money locally at regional businesses.

For context, the \$370.1 million impact was equal to approximately 0.7% of the total gross regional product (GRP) of the Blinn College Service Area and is larger than the entire Utilities industry in the region.

The economic outlook for the District is somewhat tied to its centralized location in the demographically growing region of central Texas between Houston, Austin, and Dallas. This region of the state continues to incur population growth tied to the availability of jobs. The College District continues to extend its footprint by expanding its academic and service facilities to satisfy current and future student demand from the surge in the population. The outlook for the College District remains positive with persistent increases in enrollment; student enrollment increased incrementally in the fall of 2019, grew by 4% in the spring of 2020, and despite COVID, experienced record enrollments in the summer of 2020.

For the fifth consecutive year, the Blinn-Brenham Campus opened the 2020 academic year with nearly 100% occupancy in student housing. Auxiliary net revenue from both housing and food service continue to increase and contribute to the College's fiscal strategy.

At the end of FY20, Blinn reached a milestone with almost \$100 million in unrestricted cash. The District's six months Operating Reserve remains well beyond the median of four months for A-rated community colleges. In addition, in FY2020 the District added over \$370,000 in interest income to its second reserve, the \$15 million Capital and Deferred Maintenance Reserve.

Blinn's administration maintains its fiscal responsibility to the community and its students by researching and implementing best practices that decrease costs, increase efficiency, and maximize the use of it resources.

Financial Planning and Budgeting

The Business and Finance Division oversees the development and preparation of the District's annual budget. The Division is responsible for coordinating all efforts relating to the compilation of information used to develop the fiscal year budget. The Division collaborates with the Administration to ensure that all budget requests are properly evaluated.

The budget is a major component of the College District's short and long-run strategic financial plan: it includes an enrollment assessment and a forecast of state appropriations and property tax revenues. The budget also incorporates proposed increases for operational and strategic needs, capital projects, preventive facilities maintenance, debt management, and the development of cash reserves.

Major Initiatives

The Blinn College District has devoted significant time and resources to expand its community partnerships. At The Texas A&M University System's RELLIS Campus, Blinn celebrated the second Academic Year occupying the 83,000-square-foot Walter C. Schwartz Building to near capacity. At this facility, students learn cutting-edge, high-demand skills in an environment that encourages collaboration between public institutions and private companies. The RELLIS Campus establishes a new educational model, combining a major university system and a community college at a single physical location, and allows Blinn students to complete their freshman and sophomore-level coursework prior to their seamless transfer to Texas A&M System universities located at the RELLIS Campus.

In response to the enrollment growth, at its February 2020 meeting, the Blinn College District Board of Trustees approved the hire of an architect to provide programming for a new Phase II building on the RELLIS Campus. The programming plan provides for a three-story, 75,000-square-foot building that will be located just north of the Walter C. Schwartz Building. The facility will include classrooms, engineering/computer science labs, faculty offices, student services spaces, student gathering spaces, a micro-market vending area, administrative spaces, and a large meeting room. In August 2020, the Blinn College District Board of Trustees authorized the Administration to proceed with the issuance and sale of \$18 million in Revenue Bond Series 2020 and earmarked \$14.3 million in reserve funds to support the construction of this facility. Construction will begin in February 2021 and be completed in time for the College to offer classes in the facility in the Fall of 2022.

Other RELLIS projects completed this year include partnering with The Texas A&M University System on planning and construction of the Agriculture and Workforce Education Complex, a 38,000-square-foot trades building. The Blinn College District provided a portion of the funding for the \$15 million facility by contributing \$3 million from the 2016 bond funds. The 38,000-square-foot complex is the new home for Blinn College's Workforce Training, which includes advanced manufacturing, welding, carpentry and heating, ventilation and air conditioning, as well

as public and electrical trades. The facility was under construction throughout the fiscal year and completed in the summer of 2020.

On the Blinn-Brenham Campus, the College completed the \$1.5 million expansion of the W.J. "Bill" Rankin Agricultural Complex. The project added a 6,000-square-foot livestock classroom building that included learning space, a tack room, a farrowing house, livestock pens, and a livestock chute for use by the Agricultural Sciences Program. The project was funded with 2016 revenue bond monies.

In the spring of 2020, the District began construction of a new, 55,000-square-foot science, technology, engineering, and innovation building on the Blinn-Brenham Campus. The \$35.5 million project primarily is funded with Series 2016 and 2019 revenue bonds and will provide expanded laboratory space for Blinn's science, engineering, and health science programs. This project is on schedule to be completed by August 2021.

Finally, in the summer of 2020, the District completed a \$2.84 million cast stone repair and replacement project on the Blinn-Bryan Campus. This project corrected deficiencies in the cast stone façade designs at the Library and Student Center and was primarily funded with 2016 bond monies.

COVID-19

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") by the World Health Organization and currently is affecting many parts of the world, including the United States and Texas. On March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. On March 13, 2020, the Governor of Texas (the "Governor") declared a state of disaster for all counties in Texas in response to the Pandemic. Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency that would in any way prevent, hinder, or delay necessary action in coping with the disaster, and issuing executive orders that have the force and effect of law. The Governor has since issued a number of executive orders relating to COVID-19 preparedness and mitigation. In response to the Governor's orders described above, the College suspended operations for a week in the spring while it transitioned most of its traditional classroom offerings to online courses and implemented plans to safely resume its activities. In addition, the College shut down housing and food service after spring break and issued over \$3.3 million in refunds to students.

Summer I and Summer II courses, for the first time in Blinn's history, were offered entirely online but experienced record enrollments. Three-fourths of all College personnel continued to work remotely through early August. In addition, all of the College's student housing remained closed for the summer of 2020 and all external meetings and events were canceled. In light of the Governor's orders to re-open the economy, the College began a phased return to campus operations during the summer with a number of precautionary measures in place, including maintenance of social distancing, advanced cleaning protocols, and installation of plexiglass dividers at workstations and locations where employees/students were unable to socially distance.

The College submitted three separate grant applications to the U.S. Department of Education Higher Education Emergency Relief Fund programs, totaling \$14.8 million. The first application was a \$7.1 million student aid grant which was subsequently awarded and reimbursed in FY20. The "institutional" and the "strengthening institutions" grants will be administered in FY21.

Independent Audit

State statutes require an annual audit by independent certified public accountants. The College District's Board of Trustees selected the accounting firm of Lott, Vernon & Company, P.C. In addition to meeting the requirements set forth in state statutes, their audit was designed to meet the requirements of the Federal Single Audit Act, Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements of Federal Awards* and the State of Texas *Single Audit Circular*.

Award

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Blinn College District for its FY19 Comprehensive Annual Financial Report (CAFR) for the year ended August 31,2019. In order to be awarded a Certificate of Achievement, a governmental entity must publish an easily readable and efficiently organized CAFR. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a governmental entity and its management.

A Certificate of Achievement is valid for a period of one year only. The District believes the FY20 CAFR continues to meet the Certificate of Achievement program requirements and plan to submit it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The Blinn College District would like to extend its appreciation to the Board of Trustees and the Administration, as well as those throughout the District whose efforts contributed to the compilation of this report, for their continuous commitment to the responsible financial management and planning of the Blinn College District. We particularly would like to acknowledge the District's Business and Finance Service personnel who worked tirelessly to ensure the report is thorough, accurate, and demonstrates a commitment to communicate, in a fully transparent manner, the District's financial story to the community. Thanks are also extended to Lott, Vernon & Company, P.C., for completing a timely and productive audit.

Sincerely,

Richard Cervantes

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION

Board of Trustees Blinn College District Brenham, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Blinn College District, (the District) as of and for the years ended August 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION (CONTINUED)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Blinn College District as of August 31, 2020 and 2019, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of District's Proportionate Share of Net Pension Liability, the Schedule of District's Pensions Contributions, the Schedule of District's Proportionate Share of Net OPEB Liability, and the Schedule of District's OPEB Contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION (CONTINUED)

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, supplementary schedules (Schedules A through D), and statistical supplements, as described in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards (Schedule E) and schedule of expenditures of state awards (Schedule F) are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State of Texas Single Audit Circular, and are also not a required part of the basic financial statements.

The supplemental schedules, the schedule of expenditures of federal awards and the schedule of expenditures of state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section and statistical supplements (marked "unaudited") have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of Blinn College District's (the District) annual financial statements provides an overview of the District's financial performance for the fiscal years ended August 31, 2020 and August 31, 2019. Management's discussion and analysis is based on management's knowledge of current activities, resultant changes and known facts; therefore, it should be read in conjunction with the accompanying basic financial statements and associated notes. The basic financial statements, notes and this discussion are the responsibility of management.

Financial Highlights and Significant Activities for 2020

The District's net position decreased approximately \$0.5 million, or 0.5%. This decrease is primarily attributable to a decrease of \$3.6 million of Assets, increase of \$1.9 million in Deferred Outflows, decrease of \$5.0 million in Deferred Inflows, and an increase of \$3.8 million in Liabilities.

Total operating expenses increased \$4.9 million, or 4%. This increase is primarily attributable to an increase in the cost of General Instruction of \$1.7 million, Institutional Support of \$1.9 million, Operation and Maintenance of Plant of \$2.1 million and a decrease in Auxiliary Enterprises of \$0.3 million, Depreciation of \$0.1 million and scholarships of \$0.4 million.

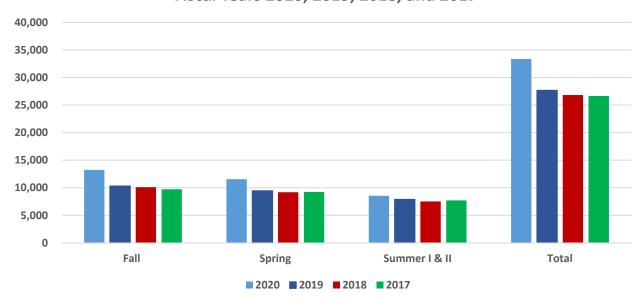

Financial Highlights and Significant Activities for 2019

The District's net position increased approximately \$18.2 million, or 20%. This increase is primarily attributable to a net increase of \$13.3 million in Deferred Outflows/Inflows of Resources related to pensions and Other Post-Employment Benefits (OPEB), and a net increase of \$5.0 million in Capital Assets.

Total operating expenses increased \$6.0 million, or 5%. This increase is primarily attributable to an increase in the cost of General Instruction of \$5.8 million, Institutional Support of \$0.9 million, Auxiliary Enterprises of \$0.9 million, Depreciation of \$1.1 million and a decrease in Operation and Maintenance of Plant of \$1.3 million and scholarships of \$1.4 million

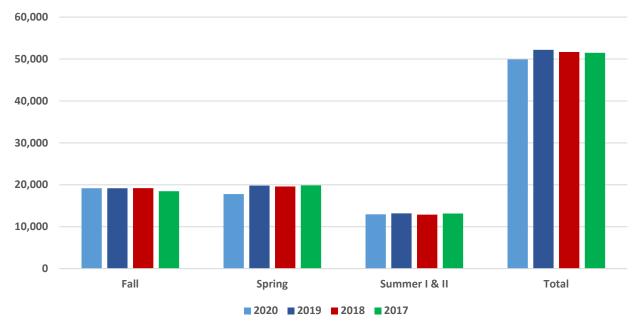

Below is a breakdown of the District's full-time equivalency (FTE) enrollment (FTE is calculated based on 15 semester credit hours for Fall, 15 semester credit hours for Spring, and 6 semester credit hours for summer terms) by term for fiscal years 2020, 2019, 2018, and 2017:

Blinn College District
Student FTE
Fiscal Years 2020, 2019, 2018, and 2017

Below is a four-year comparison of student enrollment by semester:

Blinn College District
Headcount Enrollment Trend
Fiscal Years 2020, 2019, 2018, and 2017

Overview of the Basic Financial Statements

The District qualifies as a special purpose government entity, which is engaged in business-type activities. The basic financial statements are prepared on that basis and their form mirrors the statements utilized by organizations in the private sector of the economy. The basic financial statements include a statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows, and notes to the basic financial statements.

Financial statements for the District's component unit, Blinn College District Foundation, Inc. (the Foundation) are issued independent to those of the District but are presented with the District's basic financial statements.

The statement of net position's focus is to report the total net resources available to finance future services. The statement presents all assets and liabilities of the District, and the change in net position as of the end of the fiscal year. The statement is prepared under the accrual basis of accounting, in which revenues and assets are recognized when earned, and expenses and liabilities are recognized when incurred regardless of when cash is received or paid. The difference between assets, deferred outflows of resources, and liabilities, and deferred inflows of resources is net position, which is one indicator of the financial condition of the District when considered with other factors such as changes in enrollment, contact hours, student retention, and other non-financial information. The statement of net position is useful in determining the assets available to continue operations, as well as how much the District owes vendors, bondholders, and other entities at the end of the year.

The statement of revenues, expenses, and changes in net position denotes the results of business activities as revenues earned and expenses incurred over the course of the fiscal year. The statement also provides information regarding how the net position of the District changed during the year. The statement is divided into the operating results of the District as well as the non-operating revenues and expenses. Operating revenues are primarily those that result from instruction (tuition and fees), the operation of the District's auxiliary services (student housing, cafeteria, athletics, etc.) and Federal and State grants. State appropriations, property tax receipts, Federal revenues (Title IV funds), and interest income, while budgeted for operations, are considered to be non-operating revenues. Depreciation is shown as an operating expense in accordance with generally accepted accounting principles.

The statement of cash flows presents the information related to cash inflows and cash outflows summarized by operating, financing, and investing activities. This statement presents cash receipt and cash disbursement information without consideration of the earning event. This information is crucial to determining the District's fiscal viability and its ability to meet financial obligations as they mature, and helps users assess the District's ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing.

The notes to the basic financial statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes also present information about the District's accounting policies, significant account balances and activities, and contingencies.

Statement of Net Position

The following is prepared from the District's Statements of Net Position and provides a summary of its assets, deferred outflows, liabilities, deferred inflows, and net position for the years ended August 31: (in millions)

	2020	2019	Increase (Decrease) 2020-2019	2018	Increase (Decrease) 2019-2018
Assets:					
Current Assets	\$ 159.8	\$ 163.7	\$ (3.9)	\$ 123.5	\$ 40.2

At August 31, 2020, current assets included \$134.9 million of cash and cash equivalents and investments, and \$22.3 million in net student receivables related primarily to the Fall 2020 semester. The decrease of \$4.0 million in current assets is due primarily to a \$3.2 million decrease in Account Receivables, \$0.90 million in cash and cash equivalents and investments offset by an increase of \$0.1 million in other assets.

At August 31, 2019, current assets included \$135.8 million of cash and cash equivalents and investments, and \$26.3 million in net student receivables related primarily to the Fall 2019 semester. The increase of \$40.2 million in current assets is due primarily to a \$40.7 million increase in cash and cash equivalents and investments offset by a decrease of \$0.5 million in accounts receivables. The cash and investment increase was primarily attributable to

\$30 million of 2019 bond proceeds for Brenham Campus construction of the new Science, Technology, Engineering, and Innovation building.

In Fiscal Year 2020, the District had capital asset additions of approximately \$15 million and the annual depreciation and amortization expense of \$5.2 million. There was a net increase of \$3.6 million in construction in progress. The construction in progress at year-end includes the Bryan Campus: Cast Stone Project, Theatre Roof, Parking Lots; the RELLIS campus: RELLIS Phase II Building Construction; the Brenham Campus: Monuments and Signage Project, Central Plant Renovations, and the Science Technology, Engineering, and Innovation Building. The net increase of \$6.4 million in buildings is primarily from the completion of the RELLIS Faculty Office Renovation, Brenham Moody Library Renovation, O'Donnell Performing Arts Roof, additions to the Brenham Agricultural Complex, and the Brenham Old Main Building Window Replacements. The \$3.0 million increase in Land Improvements is from the completion of the Bryan Landscaping and Irrigation Project, RELLIS Campus Grading and Irrigation Project, and the Brenham Campus Lighting and Security Project. The net increase in computer equipment, furniture, and other equipment totaled \$1.7 million. The \$3.0 million increase of Intangible Assets is due to the Cooperation and Use Agreement with Texas A&M University concerning the TAMU RELLIS Workforce Complex. In Fiscal Year 2019, the District had capital asset additions of approximately \$10.2 million offset by the annual depreciation charge of \$5.2 million.

The District's noncurrent assets include funds restricted for debt service, net capital assets, and other investments. Noncurrent assets, excluding capital assets, decreased \$12.4 million in Fiscal Year 2020 due primarily to the decrease in endowment funds. The District transferred all endowment funds in the amount of \$10.4 million to the Blinn College District Foundation. In Fiscal Year 2019, noncurrent assets increased \$5.5 million due primarily to an increase in endowment funds.

Current liabilities remained constant in total. Accounts Payable increased \$3.4 million, Funds Held for Others increased \$0.1 million, current portion of Bonds Payable increased by \$0.5 million, Deposits payable increased by \$0.1 million and current portion of OPEB liability increased by \$0.7 million offset by Unearned Revenues decreased \$4.7 million related to the Fall 2020 semester enrollment. Current liabilities decreased \$1.4 million in Fiscal Year 2019 compared to Fiscal Year 2018.

Noncurrent liabilities increased \$3.8 million in Fiscal Year 2020. The bonds payable decrease of \$4.2 million and the adjustment for the net pension/OPEB liability during Fiscal Year 2020 was an increase of \$8.0 million.

Fiscal Year 2019, the District had an increase of \$40.8 million in total liabilities. This increase is mostly attributable to the increase of bonds payable of \$26.3 million as a result of 2019 Series Bond issuance, adjustment of net pension and OPEB liability of \$15.9 million offset by an increase of current liabilities of \$1.4 million.

Statement of Revenues, Expenses and Changes in Net Position

The following summary is prepared from the District's Statements of Revenues, Expenses, and Changes in Net Position for the fiscal years ended August 31: (in millions)

	2020	2019	Increase (Decrease) 2020-2019	2018	Increase (Decrease) 2019-2018
Operating Revenues:

Net Position, End of Year	\$ 109.8	\$ 110.3	\$ (0.5)	\$ 92.1	\$ 18.2

Total operating revenues decreased \$3.5 million from 2019. Auxiliary enterprises revenues decreased \$3.5 million, Federal and State Grants decreased \$0.9 million in total from 2019, Other Miscellaneous revenues decreased \$0.5 million offset by an increase of \$1.4 million in net student tuition and fees.

During Fiscal Year 2019, the total operating revenues increased \$5.2 million from 2018. Auxiliary enterprises revenues increased \$0.7 million and net student tuition and fees increased \$3.6 million. Federal and State Grants increased \$1.1 million in total from 2018 offset by a \$0.2 million decrease in other miscellaneous revenue

Below is a table of Operating Expenses and Non-Operating Revenue (Expense) for the fiscal years ended August 31: (in millions)

	:	2020	2019		Increase (Decrease) 2019 2020-2019			2018	Increase (Decrease 2019-2018	
Instructional and General	\$	64.1	\$	62.4	\$	1.7	\$	56.6	\$	5.8

Gain (Loss) on Disposal of Capital Assets		_		-		-		_		_
Interest on Capital Related Debt		(3.1)		(2.4)		(0.7)		(2.1)		(0.3)
Other Non-Operating Expenses		(7.1)		(0.2)		(6.9)		-		(0.2)
Net Non-Operating Revenues (Expenses)	\$	56.2	\$	56.1	\$	0.1	\$	52.7	\$	3.4

In Fiscal Year 2020, total operating expenses increased \$4.9 million from Fiscal Year 2019. This increase is primarily attributable to an increase in the cost of General Instruction of \$1.7 million, Institutional Support of \$1.9 million, Operation and Maintenance of Plant of \$2.1 million, and a decrease in Auxiliary Enterprises of \$0.3 million, Depreciation and Amortization of \$0.1 million and a decrease in scholarships of \$0.4 million.

Fiscal Year 2020 net non-operating revenues (expenses) increased \$0.1 million from 2019 due to an increase of \$2.2 million in state appropriations, \$0.3 million Property Tax revenue, \$7.1 million in federal student revenue (Title IV funds and CARES ACT Direct Student awards), and \$0.4 million increase in unrealized gains on investments. These increases were offset with a decrease of \$1.7 million in gifts, \$0.6 million in investment income, an increase in interest on capital debt of \$0.7 million, and an increase of \$6.9 million in other non-operating expenses (CARES Act Direct Student awards).

In Fiscal Year 2019, total operating expenses increased \$6.0 million from Fiscal Year 2018. This increase is primarily attributable to an increase in the cost of General Instruction of \$5.8 million, Institutional Support of \$0.9 million, Auxiliary Enterprises of \$0.9 million, Depreciation of \$1.1 million and a decrease in Operation and Maintenance of Plant of \$1.3 million and scholarships of \$1.4 million.

Fiscal Year 2019 net non-operating revenues (expenses) increased \$3.4 million from 2018 due to an increase of \$1.4 million in federal student revenue (Title IV funds), \$1.2 million increase in investment income, \$1.3 million increase in gifts, and \$0.1 million increase in unrealized gain on investments. These increases were offset with an increase in interest on capital debt of \$0.3 million, decrease of \$0.1 million in state appropriations, and increase of \$0.2 million in bond issuance cost.

Statement of Cash Flow

The following chart summarizes the statements of cash flows for the fiscal years ended August 31: (in millions)

	 2020	:	2019	(De	crease crease) 20-2019	 2018	(De	crease crease) 9-2018
Cash Provided by (Used in):								
Operating Activities	\$ (31.2)	\$	(27.6)	\$	(3.6)	\$ (26.9)	\$	(0.7)
Non-Capital Financing Activities	38.3		49.2		(10.9)	46.4		2.8
Capital and Related Financing Activities	(24.6)		13.7		(38.3)	(33.1)		46.8
Investing Activities	 18.6		(12.9)		31.5	 16.7		(29.6)
Net Increase (Decrease) in Cash and								
Cash Equivalents	1.1		22.4		(21.3)	3.1		19.3
Cash and Cash Equivalents - Beginning of Year	96.9		74.5		22.4	 71.4		3.1
Cash and Cash Equivalents - End of Year	\$ 98.0	\$	96.9	\$	1.1	\$ 74.5	\$	22.4

The District's cash flow from operating activities normally will reflect a decrease as the District relies on State appropriations to fund operating activities. State appropriations are shown as non-capital financing activities in accordance with the Texas Higher Education Coordinating Board. Cash inflows consist primarily of cash receipts from tuition and fees while cash outflows primarily consist of cash disbursements for wages, benefits, supplies and scholarships.

Cash used in operations in Fiscal Year 2020 increased \$3.6 million from 2019 primarily due to \$3.1 million increase in payment to or on behalf of employees. Other changes in cash used in operations include the receipts from grants and contracts decreasing by \$3.2 million, decrease in payment for scholarships of \$0.4 million, decrease in other receipts of \$0.2 million, decrease in payments for goods and services of \$3.6 million, and a decrease in receipts from students by \$1.0 million. Cash used in operations in Fiscal Year 2019 increased \$0.7 million from 2018 primarily due to \$7.6 million increase in payment to or on behalf of employees. Other changes in cash used in operations include the receipts from grants and contracts increasing by \$3.2 million, decrease in payment for scholarships of \$4.7 million, decrease in other receipts of \$0.3 million, increase in payments for goods and services of \$1.3 million, and an increase in receipts from students by \$0.6 million.

In addition to State appropriations, non-capital financing activities include property tax receipts, non-operating Federal revenue (Title IV funds) and changes to permanent endowments. The \$10.9 million decrease is primarily attributable to the decrease of \$10.4 million in endowment funds, increase in other payments of \$8.8 million, increase of \$7.2 in federal revenue, \$1.0 million increase in state appropriations and \$0.1 million increase in property tax revenue.

Variations in cash used for capital and related financing activities are dependent on the District's issuance and payment of long-term debt and capital acquisitions. The \$30.3 million decrease in cash is due to the \$30 million issuance of 2019 bonds in 2019, increase in payments on capital debt and interest of \$0.8, decrease in bond issuance cost of \$0.2 million and \$0.3 million decrease in purchase of capital assets.

The variance in cash provided by investing activities in 2020 and 2019 is due primarily to the purchase, sales, and maturities of investments.

Capital Assets and Debt Administration

In Fiscal Year 2020, the District had capital asset additions of approximately \$15 million and the annual depreciation and amortization expense of \$5.2 million. There was a net increase of \$3.6 million in construction in progress. The construction in progress at year-end includes the Bryan Campus: Cast Stone Project, Theatre Roof, Parking Lots; the RELLIS campus: RELLIS Phase II Building Construction; the Brenham Campus: Monuments and Signage Project, Central Plant Renovations, and the Science Technology, Engineering, and Innovation Building. The net increase of \$6.4 million in buildings is primarily from the completion of the RELLIS Faculty Office Renovation, Brenham Moody Library Renovation, O'Donnell Performing Arts Roof, additions to the Brenham Agricultural Complex, and the Brenham Old Main Building Window Replacements. The \$3.0 million increase in Land Improvements is from the completion of the Bryan Landscaping and Irrigation Project, RELLIS Campus Grading and Irrigation Project, and the Brenham Campus Lighting and Security Project. The net increase in computer equipment, furniture, and other equipment totaled \$1.7 million. The \$3.0 million increase of Intangible Assets is due to the Cooperation and Use Agreement with Texas A&M University concerning the TAMU RELLIS Workforce Complex.

In Fiscal Year 2019, the District had capital additions of approximately \$10.2 million. Capital additions comprised of \$0.1 million for the Bryan RELLIS Campus, \$0.6 million for the Brenham Cafeteria Renovation, \$0.2 million for the Student Center Stone Sealing project on the Brenham campus, \$0.3 million for property purchased adjacent to Brenham campus, \$0.1 million on parking lots in Brenham, \$1.5 million of furniture, equipment and vehicles, and \$0.1 million in other District wide capital asset additions. A net \$7.3 million was added to construction in progress in 2019. The construction in progress at year-end includes the Bryan Campus: Landscaping and Irrigation Project, Cast Stone Project; the RELLIS campus: Parking and Grading Project; the Brenham Campus: Agriculture Complex Addition, Lighting and Security Project, Moody Library Renovation, and the Science Technology, Engineering, and Innovation Building.

Future Considerations

Blinn College District's 45.9% academic transfer rate ranks as one of the highest in the country and No. 1 among the 50 community college districts in Texas, far exceeding the state-wide average of 24.1%. Blinn has established itself as a destination college for Texas students seeking an affordable pathway to a bachelor's degree.

The District's close partnerships with Texas A&M, Baylor, Sam Houston State and Texas State universities, and the universities of Texas and Houston, provide an attractive option for Texas students. Unique co-enrollment partnerships such as the TEAM and Texas A&M Engineering Academies at Blinn provide seamless transfer opportunities for students seeking degrees at Texas A&M University.

Blinn continues to expand its footprint in academic facilities and invest in strategic capital projects to encourage and accommodate enrollment growth. In the fall of 2018, the District successfully opened the Walter C. Schwartz building on the Texas A&M University System RELLIS Campus, attracting 1,500 students. The campus establishes a new educational community combining a major university system and a community college at a single physical location. This unique educational environment allows seamless pathways for Blinn students seeking degrees from institutions across The Texas A&M University System. In the fall of 2019, the District experienced a 67% increase on the RELLIS campus, enrolling 2,500 students.

In response to the enrollment growth on the RELLIS campus, at its February 2020 meeting, the Blinn College District Board of Trustees approved the hire of an architect to develop a programming plan for a new Phase II building. The plan provides for the construction of a three-story, 75,000 square-foot building located just north of the Walter C. Schwartz Building. The facility will include classrooms, engineering/computer science labs, faculty offices, student services spaces, student gathering spaces, a micro-market vending area, administrative spaces, and a large meeting room. In August 2020, the Blinn College District Board of Trustees authorized the Administration to proceed with the issuance and sale of Combined Revenue Bonds, Series 2020, worth \$18 million and the use of an additional \$14.3 million in reserves for the purpose of constructing this facility. On October 13, 2020, the District issued Series 2020 bonds in the amount of \$27.5 million. Construction will begin in February 2021 and be completed in time for the College to offer classes in the Fall of 2022.

In the spring of 2020, the District began construction of a new, 55,000-square-foot Science, Technology, Engineering, and Innovation Building, on the Blinn-Brenham campus. The \$35.5 million project is primarily funded with Series 2016 and 2019 revenue bonds. The new facility is expected to provide expanded laboratory space for

Blinn's science, engineering, and health science programs. This project is on schedule to be completed by August 2021.

The Blinn College District Board of Trustees has authorized two new exciting initiatives for the years to come. 1.) The District issued an RFP to select a developer to begin a new public-private partnership intended to design, construct, finance, and operate a new residential hall that will house 400-500 beds on the Blinn-Brenham Campus. 2.) The District initiated the development of a district-wide facility master plan. The plan is expected to be completed in the spring of 2021. The master plan will summarize and provide a District facilities "road map" for the next five, ten, and twenty years.

In addition, Blinn's administration expects that the College's financial position will remain strong and the District will demonstrate continued increases to enrollment resulting in increased cash flow and growth to its cash reserves.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, students, investors, and creditors a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional information, contact the Finance and Administrative Services Office at 902 College Avenue, Brenham, Texas 77833.

1. Reporting Entity

Blinn College District (the District) was established in 1883, in accordance with the laws of the State of Texas, to serve the educational needs of Washington County and the thirteen counties in the service area. The District operates campuses in the cities of Brenham, Bryan, Schulenburg and Sealy, Texas. The District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the District receives funding from local, State of Texas (the State), and Federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units – An Amendment of GASB Statement No. 14*, gives guidance in determining whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with the primary government. It requires reporting as a component unit if the organization raises and holds economic resources for the direct benefit of the governmental unit and the component unit is significant compared to the primary government. GASB Statement No. 39 has been applied as required in the preparation of these financial statements and Blinn College Foundation, Inc. financial statements are included as a discrete component unit (see Note 22).

2. Summary of Significant Accounting Policies

Reporting Guidelines

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's (THECB) Annual Financial Reporting Requirements for Texas Public Community Colleges.* The District applies all applicable GASB pronouncements. The District is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants - Certain tuition amounts must be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG) is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the student uses the award for tuition and fees, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act (HEA) Program Funds - Certain Title IV HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as restricted revenue. When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts - The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

2. Summary of Significant Accounting Policies continued

Basis of Accounting

The financial statements of the District have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The Board of Trustees has designated public funds investment pools to be cash equivalents as the investments are redeemable on demand.

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB.

Deferred Outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are only permitted to report deferred outflows in circumstances specifically authorized by the GASB.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing

2. Summary of Significant Accounting Policies continued

operations. The principal operating revenues are tuition and related fees. The major nonoperating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses and depreciation on capital assets. The operation of the bookstore is not performed by the District.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office and physical plant supplies. Inventories are valued at cost under the first-in first-out method and are charged to expense as consumed.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. The District's capitalization policies include real or business personal property with a value equal to or greater than \$5,000 and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred. The District reports depreciation and or amortization under a single-line item as a business-type unit. Depreciation and or amortization is computed using the straight-line method over the following estimated useful lives of the assets:

Buildings50 yearsLand improvements20 yearsLibrary books15 yearsFurniture, equipment and vehicles5-10 yearsComputer systems5 yearsIntangiblesPer Contract

Museum Collections

In accordance with guidance issued by the Texas Comptroller of Public Accounts, collections located at the Star of the Republic Museum held for public exhibition are capitalized but not depreciated. Collections are valued at their historical cost or estimated fair value at date of donation.

Unearned Revenue

Tuition, fees, housing and meal charges of \$38,163,499 and \$41,984,551 and federal, state and local grants of \$243,181 and \$1,163,902 have been reported as unearned revenue at August 31, 2020 and 2019, respectively.

2. Summary of Significant Accounting Policies continued

Other Post-Employment Benefits (OPEB)

The District participates in a cost-sharing multiple-employer other post-employment benefit (OPEB) plan with a special funding situation. The Employees Retirement System of Texas (ERS) administers the Texas Employees Group Benefits Program (GBP). The GBP provides certain postemployment health care, life, and dental insurance benefits to retired employees of participating universities, community colleges, and state agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the state and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by state law and may be amended by the Texas Legislature.

Pensions

The District participates in the Teacher Retirement System of Texas (TRS) pension plan, a multiple-employer cost sharing defined benefit pension plan with a special funding situation. The fiduciary net position of TRS has been determined on the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

3. Authorized Investments

The Board of Trustees of the District has adopted a written investment policy regarding the investments of its funds as defined in the Public Funds Investment Act (Chapter 2256.001 Texas Government Code). The investments of the District are in compliance with the Board of Trustees' investment policy and the Public Funds Investment Act. The District is authorized to invest in obligations and instruments as follows: (1) obligations of the United States and its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposits and (5) other instruments and obligations authorized by statute.

4. Deposits and Investments

Deposits

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank failure, the District's deposits may not be returned. The District's investment policy requires pledging of collateral for all bank balances in excess of Federal Depository Insurance Corporation (FDIC) limits at a minimum of 102% of market value. As of August 31, 2020 and 2019, the District's entire bank balances of \$9,238,971 and \$5,127,535 respectively, were insured, collateralized and not exposed to custodial credit risk.

Total Deposits and Investments (Exhibit 1)	\$ 137,985,593	\$ 151,261,200

Interest Rate Risk

Interest risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods can be subjected to increased risk of adverse interest rate changes. In accordance with its investment policy, the District limits its exposure to interest rate risk by structuring its portfolio to provide liquidity for operating funds and maximizing yields for funds not immediately needed. The investment policy limits the maximum maturity on any security to three years. The Board may specifically authorize a longer maturity for a given investment, within legal limits. To the extent possible, the District shall attempt to match its investments with anticipated future cash flow.

Credit Risk

Credit risks are the risk that the insurer of the debt security will not pay its par value upon maturity. In accordance with state law and the District's investment policy, investments in mutual funds and investment pools must be rated at least AAA; commercial paper must be rated at least A-1 or P-1; and investments in obligations from other states, municipalities, counties, etc., must be rated at A as well. U.S. Government obligations are not considered to have credit risk.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The District places no limit on the amount the District may invest in any one issuer. At August 31, 2020 and 2019, the District had approximately \$3.7 million and \$11.9 million of its

4. Deposits and Investments continued

investment portfolio in U.S. Government and Federal Agency securities, which mature through March 2023.

During fiscal year 2006, a donor remitted shares in a Company to the District to establish an endowed scholarship. The shares had a fair market value of \$231,000 and \$226,500 at August 31, 2020 and 2019, respectively. Securities donated to an investing entity for a particular purpose or under terms of use specified by the donor, are not subject to the requirements of the Public Funds Investment Act. The District amended its investment policy to allow, at the Board of Trustees discretion, the District to hold donated equities for endowed scholarships.

5. Fair Value of Financial Instruments

The fair value hierarchy of investments at August 31, 2020, follows:

		FY 2019			
	Level 1	Level 2	Level 3	Total	 Total

2044-2045	13,015,000	849,100	13,864,100
Total	\$ 98,755,000	\$ 41,895,844	\$ 140,650,844

8. Debt and Lease Obligations continued

The District leases facilities related to the Bryan and Sealy Campuses under non-cancelable leases expiring through July 2049. Estimated minimum Lease obligations for the next five years and thereafter are as follows:

Fiscal Year		
2021	\$	2,584,316
2022		2,814,829
2023		2,862,116
2024		2,913,332
2025		2,990,990
2026-2049	7	71.783.760

Rental expense was approximately \$1,792,315 and \$2,489,889 for the years ended August 31, 2020 and 2019, respectively.

9. Bonds Payable

Bonds payable consist of Combined Fee Revenue and Refunding Bonds. General information related to bonds payable is summarized below:

Combined Fee Revenue Bonds, Series 2019

- Washington County Junior College District Combined Fee Revenue Bonds, Series 2019
- Proceeds will be used to acquire, purchase, construct, improve, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, to wit: academic facilities, including classrooms, laboratories and related facilities, and administration facilities.
- Issued May 15, 2019
- \$29,125,000, all authorized bonds have been issued
- Interest rates range from 3.00% to 5.00%
- Source of revenue for debt service designated portion of tuition and fees and designated auxiliary revenues
- Outstanding bonds payable at August 31, 2020 and 2019 of \$29,125,000 and \$29,125,000, respectively.
- A premium of \$881,880 is being amortized over the life of the bonds

9. Bonds Payable continued

Combined Fee Revenue Bonds, Series 2016

- Washington County Junior College District Combined Fee Revenue Bonds, Series 2016
- Proceeds will be used to (i) acquire, purchase, construct, improve, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, to wit: academic facilities, including classrooms, laboratories, related facilities and administration facilities; (ii) fund a Reserve Fund; and (iii) pay the costs of issuance of the Bonds
- Issued March 23, 2016
- \$36,975,000, all authorized bonds have been issued
- Interest rates range from 2.125% to 5.00%
- Source of revenue for debt service designated portion of tuition and fees and designated auxiliary revenues
- Outstanding bonds payable at August 31, 2020 and 2019 of \$35,775,000 and \$36,175,000, respectively.
- A premium of \$1,905,100 is being amortized over the life of the bonds

Combined Fee Revenue Bonds, Series 2015

- Washington County Junior College District Combined Fee Revenue Bonds, Series 2015
- Proceeds will be used to (i) acquire, purchase, construct, improve, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, to wit: academic facilities, including classrooms, laboratories, related facilities and administration facilities; (ii) fund a Reserve Fund; and (iii) pay the costs of issuance of the Bonds
- Issued December 15, 2015
- \$9,625,000, all authorized bonds have been issued
- Interest rates range from 3.00% to 4.00%
- Source of revenue for debt service designated portion of tuition and fees and designated auxiliary revenues
- Outstanding bonds payable at August 31, 2020 and 2019 of \$8,800,000 and \$9,085,000, respectively.
- A premium of \$94,033 is being amortized over the life of the bonds

Combined Fee Revenue Bonds, Series 2014

- Washington County Junior College District Combined Fee Revenue Bonds, Series 2014
- Proceeds will be used to (i) acquire, purchase, construct, improve, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, to wit: academic facilities, including classrooms, laboratories and related facilities, administration facilities and the acquisition of sites therefor and (ii) pay the costs of issuance of the Bonds
- Issued December 18, 2014
- \$9,820,000, all authorized bonds have been issued
- Interest rates range from 2.00% to 4.00%
- Source of revenue for debt service designated portion of tuition and fees and designated auxiliary revenues
- Outstanding bonds payable at August 31, 2020 and 2019 of \$8,885,000 and \$9,205,000, respectively.
- A premium of \$25,897 is being amortized over the life of the bonds

9. Bonds Payable continued

Combined Fee Revenue Refunding Bonds, Series 2011

- Washington County Junior College District Combined Fee Revenue Refunding Bonds, Series 2011
- To refund a portion of the District's Combination Fee Revenue Bonds, Series 2002 for a debt service savings and pay the costs of issuance of the Bonds
- Issued May 17, 2011
- \$6,925,000, all authorized bonds have been issued
- Interest rates range from 2.00% to 4.00%
- Source of revenue for debt service designated portion of tuition and fees and designated auxiliary revenues
- Outstanding bonds payable at August 31, 2020 and 2019 of \$2,255,000 and \$2,955,000, respectively
- A premium of \$181,438 is being amortized over the life of the bonds

Combined Fee Revenue Bonds, Series 2010

- Washington County Junior College District Combined Fee Revenue Bonds, Series 2010
- To pay for (i) various campus renovation projects (ii) a dormitory (iii) teaching equipment for the Allied Health Center and (iv) the costs of issuance of the Bonds
- Issued March 15, 2010
- \$20,155,000, all authorized bonds have been issued
- Interest rates range from 3.000% to 4.375%
- Source of revenue for debt service designated portion of tuition and fees and designated auxiliary revenues
- Outstanding bonds payable at August 31, 2020 and 2019 of \$13,915,000 and \$14,840,000, respectively

Under each bond issue, the District is to maintain a reserve account equal to the maximum annual principal and interest requirements on all bonds. The reserve account balance at August 31, 2020 and 2019 is \$8,859,895 and \$8,737,574, respectively. All premiums have been paid.

10. Employees' Retirement Plans

The State of Texas has joint contributory retirement plans for almost all its employees.

Defined Benefit Pension Plans

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). The TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

10. Employees' Retirement Plans continued

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at http://www.trs.texas.gov.pdf, by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402. The 85th Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2020 and 2019.

10. Employees' Retirement Plans continued

\sim		• •		_	
1.0	ntr	าทเ	ITIO	nh	Rates

Member Non-Employer Contributing Entity (State) Employers	2020 7.70% 7.50% 7.50%	-	2019 7.70% 6.80% 6.80%
2019 Member Contributions 2019 State of Texas On-Behalf Contributions 2019 Employer Contributions	\$	2,856,781 1,062,202 1,478,196	

The District's contributions to the TRS pension plan in 2020 were \$1,741,257 as reported in the Schedule of College Contributions in the Required Supplementary Information section of these financial statements. Estimated State of Texas on-behalf contributions for FY 2020 were \$1,062,202.

 As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers.

Public junior colleges or junior college districts are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a
 privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of
 the Teacher Retirement System the employer shall pay both the member
 contribution and the state contribution as an employment after retirement
 surcharge.

10. Employees' Retirement Plans continued

Actuarial Assumptions

The total pension liability in the August 31, 2019 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date August 31, 2018 rolled forward

to August 31, 2019

Actuarial Cost Method Individual Entry Age Normal

Asset Valuation Method Market Value

Single Discount Rate 7.25% as of August 31, 2019

Long-term expected investment Rate of Return* 7.25%

2.63%. Source for the rate is Fixed Income Market

Data/Yield Curve/Data

Municipal Bond Rate as of August 2019

Municipal Bonds with 20 years to maturity that include only

federally tax-emempt

municipal bonds as reported in Fidelity Index's "20-Year

Fidelity Index's "20-Year Municpal GO AA Index."

Last year ending August 31 in Projection Period (100

years)

2116

Inflation 2.30%

Salary increases including inflation 3.05% to 9.05% including

inflation

Ad hoc post-employment benefit changes. None

The actuarial methods and assumptions are primarily based on a study of actual experience for the three-year period ending August 31, 2017 that was adopted on July 27, 2018.

Discount Rate

The discount rate used to measure the total pension liability was 7.25 percent. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020

10. Employees' Retirement Plans continued

gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and State contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2019 are summarized below:

			Long-Term

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the 2019 Net Pension Liability.

	1% Decrease in		1% Increase in
	Discount Rate (6.25%)	Discount Rate (7.25%)	Discount Rate (8.25%)
College's proportionate			
share of the net pension			
liability	\$33,746,313	\$21,953,887	\$12,399,745

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2020, the District reported a liability of \$21,953,887 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction of State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

College's Proportionate share of the collective net pension liability	\$ 21,953,887
State's proportionate share that is associated with College	15,776,296
Total	\$ 37,730,183

The net pension liability was measured as of August 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2018 through August 31, 2019.

At the measurement date of August 31, 2019, the District's proportion of the net pension liability was 0.04223%, which was an increase of 0.0004% from its proportion measured as of August 31, 2018.

For the year ended August 31, 2020, the District recognized pension expense of \$2,478,234 and revenue of \$2,478,234 for support provided by the State.

10. Employees' Retirement Plans continued

At August 31, 2020, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual economic experience	\$	92,226	\$	762,274
Changes in actuarial assumptions		6,811,174		2,814,699
Differences between projected and actual investment				
earnings		1,319,874		1,099,432
Changes in proprtion and difference between the employer's contributions and the proportionate share of contributions		, ,		, ,
		2,691,487		2,311,066
Contributions paid to TRS subsequent to the measurement date		1,741,257		
Total	\$	12,656,018	\$	6,987,471

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

	Year Ended	Pension Expense	
	August 31	Amount	
2021		471,918	
2022		273,154

Optional Retirement Plan

Plan Description. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The percentages of participant salaries currently contributed by the state and District are 3.3%, respectively and 6.65% by each participant. In addition, the District contributes 1.9 percent for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. Senate Bill (SB) 1812, 83rd Texas

10. Employees' Retirement Plans continued

Legislature, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50 percent of eligible employees in the reporting district.

The retirement expense to the State for the District was \$351,234 and \$343,874 for the fiscal years ended August 31, 2020 and 2019, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the District.

The total payroll of employees covered by the Optional Retirement Program was \$10,638,249 and \$10,483,956 for fiscal years 2020 and 2019, respectively.

11. Deferred Compensation Program

The District's employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. This plan is essentially an unfunded promise to pay by the employer to each of the plan participants. At August 31, 2020 and 2019, the District had no employees electing to defer compensation.

12. Compensated Absences

Non-faculty employees are entitled to compensation vacation days. The amount of days is determined annually, based on their length of employment, as stipulated with official policy adopted by the District. The current policy allows a maximum of six accrued unused vacation days to be carried over; however, the carry over days are not payable upon termination. Any accrued unused days in excess of the carry over days expire at the end of each year. In accordance with the provisions of Statement of Financial Accounting Standards No. 43, Accounting for Compensated Absences, no liability is recorded for these non-vesting rights.

Sick leave can be accumulated subject to certain limitations. It is paid to an employee who misses work because of illness. The District does not allow conversion of unpaid sick leave for terminated employees. The District's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

13. Health Care and Life Insurance Benefits

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums. The State's contribution per full-time employee was \$622 to \$1,223 and \$625 to \$1,258 per month for the years ended August 31, 2020 and 2019, depending on the coverage elected. The State's contribution totaled \$4,188,808 and \$4,331,410, for the years ended August 31, 2020 and 2019, respectively. The cost of providing those benefits for retirees is not separable from the cost of providing benefits for active employees. SB 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50 percent of eligible employees in the reporting district.

14. Other Post-Employment Benefits (OPEB)

Plan Description. The District participates in a cost-sharing, multiple-employer, other post-employment benefit (OPEB) plan with a special funding situation. The Employees Retirement System of Texas (ERS) administers the Texas Employees Group Benefits Program (GBP). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position. Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial Report (CAFR) that includes financial statements, notes to the financial statements and required supplementary information. That report may be obtained on the Internet at https://ers.texas.gov/About-ERS/Reports-and-Studies/Reports-on-Overall-ERS-Operations-and-Financial-Management; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377.

Benefits Provided. Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions. Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendation of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative cost with the revenue expected to be generated by the appropriated funds.

The following table summarized the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

14. Other Post-Employment Benefits (OPEB) continued

Maximum Monthly Employer Contribution Retiree Health and Basic Life Premium Fiscal Year 2019

Retiree only	\$ 624.82

Higher Education Members

Service Retirees, Survivors and other Inactive Members: Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018.

Disability Retirees: Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members.

Active Members: Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period (ex. September 1, 2010 to August 31, 2017) for higher education members.

Investment Policy. The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the

14. Other Post-Employment Benefits (OPEB) continued

amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4%.

Discount Rate. Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 3.96%. The discount rate used to measure the total OPEB liability as of the end of the measurement period was 2.97%, which amounted to a decrease of .99%.

The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of the projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis. The following schedule shows the impact on the District's proportionate share of the collective OPEB Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (2.97%) in measuring the net OPEB Liability. (in Thousands)

	1% Decrease in		1% Increase in
	Discount Rate (1.97%)	Discount Rate (2.97%)	Discount Rate (3.97%)
College's proportionate share			
of the net OPEB liability	\$70,239,285	\$58,860,836	\$50,105,532

Healthcare Trend Rate Sensitivity Analysis. The initial healthcare trend rate is 7.30% and the ultimate rate is 4.5%. The following schedule shows the impact on the District's proportionate share of the collective net OPEB Liability if the healthcare cost trend rate used was 1 percent less than and 1 percent greater than the healthcare cost trend rate that was used (7.3%) in measuring the net OPEB Liability. (in Thousands)

	1% Decrease in	Current Healthcare	1% Increase in
	Healthcare Cost	Cost Trend Rates	Healthcare Cost
	Trend Rates (6.3%	end Rates (6.3% (7.3% decreasing to	
	decreasing to 3.5%)	4.5%)	decreasing to 5.5%)
College's proportionate share			
of the net OPEB liability	\$49,424,923	\$58,860,836	\$71,191,413

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At August 31, 2020, the District reported a liability of \$58,860,838 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State support provided to the District for OPEB. The amount recognized by the

14. Other Post-Employment Benefits (OPEB) continued

District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

Districts Proportionate share of the collective net OPEB liability	\$58,860,838
State's proportionate share that is associated with District	\$50,479,14 <u>3</u>
Total	\$109,339,981

The net OPEB liability was measured as of August 31, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2017 thru August 31, 2019.

At the measurement date of August 31, 2019, the employer's proportion of the collective net OPEB liability was 0.17030174%, which is 0.004463% higher than the measurement as of August 31, 2018.

For the year ended August 31, 2020, the District recognized an increase of OPEB expense of \$57,188 and an increase of revenue of \$59,708 for support provided by the State.

Factors that Significantly Affect Trends in Amounts Reported

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Assumed Per Capita Health Benefit Costs and assumed Health Benefit Cost and Retiree Contribution trends have been updated to reflect recent experience and its effects on our short-term expectations.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future male retirees assumed to be married and electing coverage for their spouse.
- The percentage of future retirees and future retiree spouses assumed to use tobacco have been updated to reflect recent plan experience and expected trends.
- The discount rate assumption was changed from 3.96% as of August 31, 2018 to 2.97% as of August 31, 2019 as a result of requirements by GASB No. 74 to utilize the yield or index rate for 20-year, tax exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

14. Other Post-Employment Benefits (OPEB) continued

The valuation reflects the benefit change that will become effective January 1, 2020. The change to HealthSelect retirees and dependents for whom Medicare is not primary is an increase in the out-of-pocket maximum for both HealthSelect and Consumer Directed HealthSelect (CDHP) from \$6,650 to \$6,750 for individuals and from \$13,300 to \$13,500 for families in order to remain consistent with Internal Revenue Service maximums.

At August 31, 2020, the District reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

	Outflows of Resources	Inflows of Resources	
Differences between expected and actual			
economic experience	\$ -	\$ 1,531,612	
Changes in actuarial assumptions	4,188,812	13,153,166	
Difference between projected and actual			
investment earnings	24,199		
Changes in proportion and difference			
between the employer's contributions and the proportionate share of contributions	12,742,787	(1,996,644)	
Contributions paid to ERS subsequent to the	12,7 12,707	(1,000,011)	
measurement date	789,161		
Total	\$ 17,744,959	\$ 12,688,134	

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year endedAugust 31:	OPEB ExpenseAmount
2021	\$ (634,852)
2022	(634,852)
2023	979,055
2024	1,888,177
2025	673,495
Thereafter	-

15. Pending Lawsuits and Claims

Blinn College District is not involved in material litigation as of August 31, 2020.

16. Disaggregation of Receivables and Payables Balances

Receivables consist of the following at August 31:

2020		2019	
\$	28,201,156	\$	31,699,312
	23,826		23,027
	168,995		274,741
	96,703		172,064
	1,472,318		503,275
\$	29,962,998	\$	32,672,419
	(5,877,892)		(5,345,942)
\$	24,085,106	\$	27,326,477
		23,826 168,995 96,703 1,472,318 \$ 29,962,998 (5,877,892)	\$ 28,201,156 \$ 23,826 168,995 96,703 1,472,318 \$ 29,962,998 \$ (5,877,892)

Payables consist of the following at August 31:

	2020			2019		
Vendor Payables	\$	4,942,178	9	\$	2,686,587	
Salaries and Benefits Payable		1,632,901			1,324,480	
Student Payables		91,772			63,083	
Accrued Interest		2,316,922			1,142,503	
Other Payables		690,020			1,064,318	
Total Payables	\$	9,673,793		\$	6,280,971	

17. Funds Held in Trust by Others

As of August 31, 2020, there were no funds for the benefit of the District held in trust by others.

18. Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accounts (AICPA) audit and accounting guide, *State and Local Governments*, 8.99. For federal contract and grant awards, funds expended but not collected are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended but not collected are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded, and for which the institution has not yet performed services, are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards or funds awarded during fiscal years FY 2020 and FY 2019, for which monies have not been received nor funds expended totaled \$41,329 and \$2,410,005, respectively.

19. Self Insurance

Effective September 1, 2003, the District began participating in a public entity risk pool for worker's compensation. The participants of the pool include several other public junior and community colleges. The plan provides coverage to each participant with the District's individual loss fund maximum of \$713,041 and \$541,733 at August 31, 2020 and 2019, respectively, which is based on estimated payroll.

The liability for claims incurred but not reported under the self-insured plan is \$41,739 and \$51,477 as of August 31, 2020 and 2019, respectively, and is included in the accompanying statement of net position. Future payments for the claims will be paid from the accrued liability.

Self-insurance activity for the years ended August 31, 2020 and 2019 was as follows:

Liability for the Year Ended August 31	Вє	iability at eginning of scal Year	Adjus	tments	Reductions for Additions Claims Paid		Balance of Liability at End of Fiscal Year		
2020	\$	541,733	\$	-	\$ 255,186	\$	(83,878)	\$	713,041
2019	\$	375,000	\$		\$ 234,674	\$	(67,941)	\$	541,733

20. Property Tax

The District's ad valorem property tax is levied each October 1, on the assessed value listed as of the prior January 1, for all real, business/land personal property located in the tax area of the District. Property taxes are recorded on an accrual basis of accounting. At August 31:

Assessed valuation of the College Less exemptions Net assessed valuation of the College	\$ 2020 4,353,314,921 (891,818,785) 3,461,496,136		 2019 4,239,093,508 (843,587,606) 3,395,505,902
Tax rate per \$100 valuation for authorized Tax rate per \$100 valuation for assessed	\$ Current Operations 0.0560 0.0560	2020 Debt Service	\$ Total 0.0560 0.0560
Tax rate per \$100 valuation for authorized Tax rate per \$100 valuation for assessed	\$ Current Operations 0.0601 0.0601	2019 Debt Service \$ -	\$ Total 0.0601 0.0601

Tax levied for the years ended August 31, 2020 and 2019 is \$2,221,183 and \$2,067,287 respectively (which includes any penalty and interest assessed if applicable). Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1, of the year following the year in which imposed.

Under GASB Statement No. 33, Accounting and Financial Reporting for Non Exchange Transactions, ad valorem taxes are imposed non-exchange revenue. Asset from imposed non-exchange transactions are recorded when the entity has an enforceable legal claim to the assets or when the entity receives resources, whichever comes first. The enforceable legal claim date for ad valorem taxes is the assessment date. The District has recognized all assessed taxes in the current year and recorded a receivable for uncollected taxes.

Taxes Collected at August 31,	2020	2019
Current Delinquent Penalties and Interest	\$ 2,181,577 32,011 11,194	\$ 2,040,819 30,941 10,734
Total Gross Collections	\$ 2,224,782	\$ 2,082,494
Total Appraisal and Collection Fees	\$ (11,144)	\$ (9,021)
Total Net Collections	\$ 2,213,638	\$ 2,073,473

Tax collections for the year ended August 31, 2020 and 2019 were 98% and 98% of the respective tax levy, respectively. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or general obligation debt service.

21. Income Taxes

The District is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities*, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc., Organizations*. The District had no unrelated business income tax liability for the year ended August 31, 2020 and 2019.

22. Component Units

Blinn College District Foundation, Inc. - Discrete Component Unit

Blinn College District Foundation, Inc. (the Foundation) was established as a separate nonprofit organization in 1990, to raise funds to provide student scholarships and assistance in the development and growth of the District. Under GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, the Foundation is a component unit of the District because the District provides financial support to the Foundation and the economic resources received or held by the Foundation are entirely or almost entirely for the benefit of the District.

Accordingly, the Foundation financial statements are included in the District's annual report as a discrete component unit (see table of contents). As of the date the District's audit was released, the Foundation's 2020 audit was completed. Complete financial statements of Blinn College District Foundation, Inc. can be obtained from the administrative office of the Foundation.

23. Related Parties

Blinn College District had no related party transactions as of August 31, 2020.

24. Prior Year Restatement

Blinn College District had no prior year restatements.

25. Subsequent Events

- The District issued 2020 Bond Series on October 13, 2020 in the amount of \$27,525,000.
 This bond issuance includes the refunding of 2010 Bond Series in the amount of \$12,981,223. The remaining bond funds will be used to partially fund the construction of the RELLIS Phase II Building on the Texas A&M RELLIS Campus.
- In November 2020, the Blinn College District Foundation received a donation of land with a fair market value of \$2,157,230. On that date of the donation, the Foundation transferred the land to the College to use for the agriculture department.

The accompanying notes are an integral part of the financial statements.

^{**}Schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

BLINN COLLEGE DISTRICT Notes to Required Supplementary Information (RSI) For Pensions Year Ended August 31, 2020

1. Changes of Benefit Terms

The District implemented a 5 percent salary and wage increase effective September 1, 2019 for full time faculty/administrators and all staff.

2. Changes of Assumptions

Assumptions, methods, and plan changes which are specific to the Pension Trust Fund were updated from the prior year's report:

- The total pension liability as of August 31, 2019 was developed using a roll-forward method from the August 31, 2018 valuation.
- Demographic assumptions including postretirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2018.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The change in the long-term assumed rate of return combined with the change in the single discount rate was the primary reason for the increase in the net pension liability.
- For a detailed discussion regarding the changes of assumptions, please refer to the August 31, 2019 TRS CAFR.

BLINN COLLEGE DISTRICT Notes to Required Supplementary Information (RSI) For OPEB Year Ended August 31, 2020

1. Changes of Benefit Terms

The only benefit revisions have been adopted since the prior valuation is an increase in the out-of-pocket maximum for both HealthSelect and Consumer Directed HealthSelect for those HealthSelect retirees and dependents for whom Medicare is not primary. These minor benefit changes have been reflected in the fiscal year 2019 Assumed Per Capita Health Benefit Costs.

2. Changes of Assumptions

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Demographic assumptions (including rates of retirement, disability, termination, mortality, and assumed salary increases for higher education members) have been updated to reflect assumptions recently adopted by the trustees from the Teachers Retirement System of Texas.
- Assumed Expenses, assumed per capita health benefit costs, and assumed health benefit
 costs, retiree contribution, and expense trends have been updated to reflect recent
 experience and its effects on our short-term expectations.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future retirees assumed to be married and electing coverage for their spouse have been updated to reflect recent plan experience and expected trends.
- The discount rate assumption decreased from 3.96% to 2.97% to utilize the updated yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.
- For a detailed discussion regarding the changes of assumptions, please refer to the August 31, 2019 ERS CAFR.

BLINN COLLEGE DISTRICT Notes to Schedules of Expenditures of Federal and State Awards Year Ended August 31, 2020

1. Relationship to Financial Statements

	Federal	State
Federal Grants and Contracts Revenue-Per Schedule A Add Financial Aid Loans	\$ 1,196,493 31,464,894	\$ 2,355,633
Add Non-operating Federal Revenue from Schedule C Total per Schedule of Expenditures of Federal and State Awards	28,383,013 \$ 61,044,400	\$ 2,355,633
Total per Scriedule of Experiorules of Federal and State Awards	\$ 61,044,400	φ 2,300,000

2. Significant Accounting Policies Used in Preparing the Schedules

The schedules present the activity of all Federal and State programs of the District for the year ended August 31, 2020. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the District for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various entities in the preparation of the schedules. Since the District does not have an agency approved indirect recovery rate, it has elected to use the 10% de minimis cost rate as per permitted in the UG, section 200.414.

3. Relationship to Federal and State Financial Reports

Differences between amounts reflected in the financial reports filed with grantor agencies for the programs and in the schedules of expenditures of Federal and State awards are due to different program year ends and accruals that will be reflected in the next report filed with the agencies.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Blinn College District Brenham, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Blinn College District (the District), as of and for the years ended August 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 1, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, including the Public Funds Investment Act (Chapter 2256, Texas Government Code), noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the Public Funds Investment Act (Chapter 2256, Texas Government Code).

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

Board of Trustees Blinn College District Brenham, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Blinn College District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and The State of Texas Single Audit Circular that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2020. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State of Texas Single Audit Circular.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR (CONTINUED)

Those standards, the Uniform Guidance and The State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Blinn College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2020.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with The Uniform Guidance and The State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR (CONTINUED)

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and The State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
