Blinn College District Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) provides eligible students certain rights regarding their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the Blinn College District receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College District in an administrative, supervisory, academic, research, or support staff position (including College District police department personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official may include a volunteer or contractor outside of the Blinn College District who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College District.

Upon request, the school also discloses education records without consent to officials of other schools in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Directory information shall be released to a qualified individual or organization that files a written request with the Chancellor or designee.

The College District shall give public notice of the categories of information designated as directory information and of the period of time after such notice for a student to inform the College District that any or all of the directory information should not be released without prior consent.

The College District designates the following categories of student information as public or directory information. Such information may be disclosed by the institution:

- Category I: Name, classification, major field of study, home address, and College District e-mail address.
- Category II: Previous institutions attended, attendance status, awards, honors (including Distinguished and Chancellor's lists), degree(s) conferred (including dates), past and present participation in officially recognized sports and activities, and physical factors (height, weight of athletes).

Currently enrolled students may withhold disclosure of either or both categories of information under the Family Educational Rights and Privacy Act (FERPA) of 1974. To withhold disclosures, the College District must receive written notification from the student, filed in the office of admissions and records on the Brenham Campus or Bryan Campus, within 12 calendar days from the first day of registration for each long term or four days for summer terms. The College District will provide forms for requesting the withholding of directory information in the offices listed above. The College District shall assume that failure on the part of any student to specifically request the withholding of directory information indicates individual approval for disclosure.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
