The Paramedic Program will begin every fall semester and will finish with an internship in the summer (August to August - 3 semesters). We are excited that you have shown an interest in becoming a paramedic, as it is one of the most dynamic and exciting careers in the world. Paramedic training and education is a challenging commitment and applicants are encouraged to visit the EMS Program webpage at www.blinn.edu/emergency-medical-services. For more information regarding our classes, please contact the EMS Program Assistant, Mally R. Hance, at 979-691-2130 or mally.hance@blinn.edu.

Admission into the Paramedic Program is a competitive entry process to include, but not limited to, submission of a complete application and an oral interview. Regardless of your EMS employment status, affiliation with a clinical agency, or your current certification level, you must complete the application in its entirety. Admission to Blinn College does not imply nor guarantee admission to the Paramedic Program nor does acceptance to the Paramedic Program guarantee admission to Blinn College. You must submit a separate application to each entity. The Program Admissions Committee will consider criteria such as letters of recommendation, EMS work experience, academic scores, etc. to determine fall acceptance. A complete list of criteria to be considered for entry is enclosed within this packet.

   Prerequisites for entry into the Paramedic Program are as follows:

   - **Meet TSI Compliance Standards**
     A student must be TSI college ready by Blinn College standards. You may visit the Blinn College TSI website at [www.blinn.edu/testing/tsi](http://www.blinn.edu/testing/tsi) for further information.

     1. **Complete Anatomy & Physiology prior to entry:** Successfully complete at least one semester of college-level human Anatomy & Physiology prior to acceptance in the Paramedic Academy. If you are taking A&P during the summer, your submitted transcript must reflect enrollment in the class. Either of the below classes will fulfill the A&P requirement:

          You must complete both BIOL 2401 and BIOL 2402 to fulfill the certificate and/or degree requirements. Speak with an advisor for clarification and specific advice.
        - **BIOL 2404 – Intro to Anatomy & Physiology.** This is designed for specific degree programs which includes the EMS Program. This fulfills the degree plan and certificate requirement for A&P but does not replace BIOL 2401 and/or BIOL 2402 for other programs. Speak with an advisor to get more specific advice.

     2. **Co-Enroll in A&P:** You may co-enroll in college-level human Anatomy & Physiology, BIOL 2404 during either the fall, spring, or summer semesters during the Paramedic Program. You must achieve a grade of “C” or better in BIOL 2404 to receive a course completion and be eligible for the certificate or degree. Please note that students who do not have this requirement prior to applying will not receive points for A&P. The below class will fulfill the A&P requirement:
        - **BIOL 2404 – Intro to Anatomy & Physiology.** This is designed for specific degree programs which includes the EMS Program. This fulfills the degree plan requirement for A&P but does not replace BIOL 2401 and/or BIOL 2402 for other programs. Speak with an advisor to get more specific advice.
EMT Certification - Two Options:

If you are accepted to the program, you must provide evidence of certification as an EMT within 30 calendar days of the first day of the Paramedic Program. If you are not certified within 30 days, you will not be allowed to continue in the Paramedic Program.

For information on EMT training please visit our webpage at [www.blinn.edu/emergency-medical-services](http://www.blinn.edu/emergency-medical-services).

**Requirements after Acceptance/Enrollment**
These are not prerequisites for entry but will be required upon acceptance:

- **CPR Certification**
  You must be certified in CPR at the Healthcare Provider/Professional Rescuer level to participate in clinical rotations. Specific deadlines to submit CPR certification will be given once you begin the Paramedic Program. The EMS Program offers CPR courses at the beginning of every semester.

- **Immunizations**
  All accepted students to the Paramedic Program will be required to submit documentation of all immunizations required by the Blinn College Division of Health Sciences before being allowed to participate in clinical rotations.

  Once you begin the program, you will be given a deadline to have all immunizations completed and submitted to the program. If documentation is not submitted by the specified deadline, you will be considered ineligible to continue in the Paramedic Program. A list of the required immunizations is provided on the next page.
Health Sciences Required Immunizations

**Tuberculosis Skin Test:** (PPD-TB Test) or Chest X-Ray (required if skin test is positive) (test must be within 6 months of beginning the Paramedic Program)

**Tetanus, Diphtheria, Pertussis (TDAP) MANDATORY:** One TDAP Booster (within 10 years)

**Measles, Mumps, Rubella (MMR) MANDATORY:** Those born on or after January 1, 1957, must show proof of either
   - Serologic test positive for measles antibody/immunity or if necessary, without serologic evidence of immunity or prior vaccine
   - Two doses of MMR Vaccine at least 4 weeks apart*

**Varicella (Chicken Pox) MANDATORY:**
   - Serologic test positive for varicella antibody/immunity or, if necessary, without serologic evidence of immunity or prior vaccine **Please submit a quantitative result (must have a number value with a reference range, not just immune/not immune)**

   OR

   - Two doses of varicella at least 4 weeks apart

**Hepatitis B Immunity MANDATORY:** There is potential of exposure to Hepatitis B during clinical assignments. All students must have had the Hepatitis B series of vaccinations. The CDC recommends (and we require) serologic testing for all Health Science Students. Specifically, we require Hepatitis B surface antibody (anti-HBs) to document immunity. If the test comes back with a protective concentration of less than 10 MIU/mL, students need to be revaccinated with 3 doses (over 4-6 months). This is followed by another serologic test for immunity 1-2 months after the third dose is received.
   - 3 vaccines (usually at intervals of 0, 1, and 6 months)
   - Positive serologic test **Please submit a quantitative result (must have a number value with a reference range, not just immune/not immune)**

***For negative immunity, you may still enroll as long as you have the documented first three vaccines, as well as proof you are starting the second round of 3 Hepatitis B vaccines.

**Influenza MANDATORY:** All students enrolled in the Paramedic Program should receive an annual vaccination against influenza. All students are required to have received one dose of influenza vaccine annually, either live inactivated injectable influenza vaccine IM or live attenuated influenza vaccine (LAIV) intranasal (ONLY for non-pregnant, healthy HCP aged 49 or younger).

**Meningococcal (Meningitis) Vaccine (MCV4) MANDATORY:** For all “new” students less than 22 years of age when the academic term begins. Vaccine must be administered at least 10 days prior to the start of the semester. All students must follow Blinn’s policy regarding the Bacterial Meningitis requirements. Go to [www.blinn.edu/immunizations](http://www.blinn.edu/immunizations) for all information.
