“Word” Shop: How to use Microsoft Word to write your paper.

Don't know what a hanging indent is? Can't figure out your works cited page in Word? The library will cover the basics of using Microsoft Word to format your paper. There will be hands on practice in using Word to create Headers and Footers, insert page numbers, and more. Feel free to bring a current assignment to work on during the session.

Annotated Bibliographies: What you need to know

*Wednesday March 22 @ 10:00 am*

Come to the library and let librarians and writing center staff show you how to correctly write and format your annotated bibliography. Bring one to work on or you can use our example.
