

BLINN COLLEGE

ENGLISH PROFICIENCY FOR FACULTY

ACADEMIC YEAR \_\_\_\_\_

In compliance with H.B. 638, The Coordinating Board of Higher Education directives, and the adopted policy of the Blinn College Board of Trustees, the following form declaring primary language shall be completed by all faculty in the fall of 1990 and by each new faculty member thereafter. Faculty who self-identify English as their primary language will be exempted from testing under the law.

Faculty whose primary language is not English must obtain a satisfactory score on the "Test of Spoken English" provided by the Educational Testing Service or other test as approved by the Board. Informal assessment of proficiency by peer faculty, division heads or other administrators does not meet this condition of the law.
