Total			15	Total			15

Notes/Comments:

(1) This SHSU course will be taught at Blinn through Joint Admissions.

This Transfer Advising Guide provides **67 college-level hours**, of which **67 will transfer and apply** towards the Sam Houston State University baccalaureate degree in Animal Science.

For the Blinn Colleges District this transfer advising guide will be degree complete upon reverse transfer.

This Transfer Degree Map involves [Joint Admissions](#). There is one or more semesters where, as a Blinn student, you will take coursework at Blinn and SHSU, at the same time. To do so, students must apply to SHSU, and meet the admission requirements, the semester prior to taking their SHSU coursework. Please contact your SHSU representative, Dr. Christopher O'Brine (cro006@shsu.edu), or the Admissions Office at SHSU (admissions@shsu.edu) for more information regarding Joint Admissions.

Students should not apply for Joint Admissions till after they have accumulated at least 12 college academic credit hours and plan to transfer institutions within the next calendar year. The minimum GPA for Joint Admissions is 2.5 for 17 or fewer academic transfer hours and 2.0 for more than 17 academic transfer hours.

Associate Degree – Students following this Transfer Degree Map will not be degree complete until coursework is reversed transferred from SHSU. Students will need to work with their academic advisor at Blinn to ensure they understand this process and the requirements to obtain their associates degree.

Students interested in seeing a 4-year plan can input this information into our Transfer Course Equivalency Software <https://www.shsu.edu/beabearkat/transfer-journey/transfer-equivalency>, be sure to select "Will My classes Count Toward My Degree?". Remember, you can save and edit this document.
