Helmkamp for the small strip of parking (concrete) at Building G for $ 40,390.78. This option would cost $ 898,040.44. It would involve three (3) separate contractors working on campus and it would be for asphalt paving at the College Park Center. Option 3 was to Award a contract to Brazos Paving, Inc., for three (3) of the base bids, all with the concrete pavement option, and not do the sealcoat and stripping at this time, for a total contract price of $ 887,296.77.

ITEM 8. REVIEW AND ACTION TO EXECUTE A PUBLIC DRAINAGE EASEMENT BETWEEN BLINN COLLEGE AND THE CITY OF BRYAN FOR THE PURPOSE OF CONSTRUCTING AND MAINTAINING A DETENTION POND ON THE BRYAN CAMPUS

Mr. Richard O'Malley reviewed the need for a Public Drainage Easement Agreement with the City of Bryan (a copy of the proposed public drainage easement agreement is attached and made a part of these Minutes). Mr. Jones questioned if the land would revert back to Blinn in the event the Detention Pond was no longer utilized. Mr. Seago with the City of Bryan said he would research the agreement between Blinn and the City of Bryan on ownership of the land.

On a motion by Dr. Boehm, seconded by Mr. Westbrook, the Board voted to follow the Administration's recommendation provided that if the detention pond is abandoned, the land reverts back to the College for future development.

Discussion took place as to where the dirt from the detention pond will be used.

Dr. Boehm withdrew his motion and Mr. Westbrook withdrew his second.

On a motion by Dr. Boehm, seconded by Mr. Westbrook, the Board voted to adopt the Administration's recommendation subject to review of the language in the letter from the City of Bryan related to land ownership.

ITEM 13. REVIEW AND ACTION TO AUTHORIZE THE ADMINISTRATION TO TRANSFER ENDOWED SCHOLARSHIP MATCHING FUNDS FOR NEWLY ESTABLISHED OR PREVIOUSLY COMMITTED SCHOLARSHIPS FROM THE COLLEGE TO THE BLINN COLLEGE FOUNDATION

Dr. Van Miller reviewed the history of the College matching funds and the legal opinion received by the College on the transfer of funds (a copy of the proposed Administrative Policy on Endowed Scholarships is attached and made a part of these Minutes). Mr. Toubin objected to the College matching scholarship funds. Mr. Toubin stated that he does not object to matching funds being paid from other sources, but does object to matching funds being paid from the Edwina Day Hallstein interest.

Dr. Don Voelter read the codicil from Edwina Day Hallstein's will which states that the money is to be used for the benefit and education for the young people of the area. Mr. Toubin noted he does not feel that the College has maximized the investment opportunities of the Hallstein funds.

On a motion by Dr. Boehm, seconded by Mr. Lacina, the Board voted to authorize the Administration to transfer money from the unrestricted College funds of $5,000.00 per each
newly endowed scholarship or previously committed scholarship to the Blinn College Foundation as presented.

Mr. Toubin opposed the motion.

**ITEM 14. REVIEW AND ACTION TO AWARD REQUEST FOR PROPOSAL (RFP)
#074 DATA MANAGEMENT SOFTWARE TO BE USED IN THE OFFICE OF INSTITUTIONAL RESEARCH AND EFFECTIVENESS**

Dr. Cathy Kemper distributed information regarding the Data Management Software RFP (a copy of the Assessment Management Software Comparison Matrix and the Recommendation Memo are attached and made a part of these *Minutes*). Dr. Kemper reviewed the need for this software and the evaluation process of the request for proposal. Dr. Kemper recommended TracDat based on price and product/customer references. TracDat would cost $31,400.00 in the first year and $12,500.00 each subsequent year based on an annual student population of 15,000. Mr. Jones inquired about passing the cost along to the students and Dr. Kemper indicated that there was no intent to do so at this time.

On a motion by Dr. Boehm, seconded by Mr. Westbrook, the Board voted to award the RFP to TracDat in the amount of $31,400.00 for the first year and $12,500.00 for each subsequent year based on an annual student population of 15,000.

**ITEM 15. REVIEW AND ACTION TO SELECT A DEVELOPER TO OWN, BUILD, OPERATE AND MANAGE A PRIVATIZED STUDENT HOUSING PROJECT ON THE BRENNHAM CAMPUS**

Mr. Kenjura thanked Mr. Jones and Mr. Toubin for their time and efforts on the Student Housing Developer selection committee. Mr. Richard O'Malley told the Board that eight (8) Developers submitted proposals and Place Properties is the committee's recommendation (a copy of the proposal by Place Properties is attached and made a part of these *Minutes*). Mr. Jones said that the original phase would be 330 beds, rental rates are comparative with Blinn apartments and the financing seems to be in order. Place Properties' home base is in Atlanta, Georgia and they have a location in Irving, Texas. Mr. Toubin spoke to the qualifications and capabilities of Place Properties. Mr. Toubin feels like Place Properties will follow the rules and wishes of the College. Dr. Holt stated that he, himself, stayed out of the interview process but was very proud of the selection committee and assured the Board that our Attorney would ensure that we have a tightly worded contract with the company. Mr. Toubin noted that this is a big step for Blinn and an exciting time that will allow the College to focus on educating students. Mr. Jones noted that this is not a done deal until the plans are drawn and financing is secured. This is an apartment-type design with added amenities.

On a motion made by Mr. Toubin for approval of Place Properties to be the LLC to negotiate with Blinn College Administration for a 40 year land lease on the Brenham Blinn Campus for a Privatized Housing Project for only Blinn students to reside on a site to be determined at a later date by the Board of Trustees of Blinn College; and the size and number of beds of 300 to 330 beds be recommended by the proposed leasee with the design, payout and specific architectural appearance upon the completion of the land lease. The Blinn Administration will negotiate with the proposed leasee that the leasee will Fund, Build, and Operate the privatized housing and the leasee will have the ability and the resources to carry out
the proposed project without any guarantees, lease guarantees, rooms on Blinn Campus guarantee, or funds from Blinn College to build the proposed housing structure at the conclusions of the land lease agreement; the agreement must be approved by the Board of Trustees of Blinn College. The Administration of Blinn College will then contract a formal agreement for the operation, management and specifics for the possible later sale to a third party; provisions for foreclosure by the leasor, maturity details of the lease agreement, and specifics as such a contract would expect to include. The Board of Trustees of Blinn College will have final approval of both the land lease and the final contract. Time is important, but perfection is the object of the Board in doing this project and detailed study, careful planning, and avoidance of hasty decisions will make it successful, seconded by Dr. Boehm.

Mr. Adams thanked the Board for their business and responded to questions from the Board. Dr. Holt asked Mr. Adams if two years would be an appropriate timetable to take on more bonds.
