ACTION ITEMS:

ITEM 11. REVIEW AND ACTION TO AWARD A CONSTRUCTION CONTRACT FOR THE CONSTRUCTION OF A 300-VEHICLE PARKING LOT ON THE BRYAN CAMPUS

Mr. Richard O’Malley, Executive Director, Facilities, Planning and Construction, responded to a question from Mrs. Miller on why the Administration did not want to award the alternate for LED lights. He responded that the LED lights are not cost effective at this time. He told the Board that $1.3 million is budgeted for this project but he estimates the actual cost to be $1.1 million. He responded to other questions from the Board (a copy of the bids are attached and made a part of these Minutes).

On a motion by Dr. Boehm, seconded by Mr. Lange, the Board voted to approve the base bid to Dudley Construction for $867,736.79, for the construction of a 300-vehicle parking lot on the Bryan campus.

ITEM 12. REVIEW AND ACTION TO SEEK BIDS FOR THE LIGHTING IMPROVEMENTS FOR THE INTERIOR LIGHTING AT THE STUDENT CENTER, DR. W.W. O’DONNELL PERFORMING ARTS CENTER, ORIGINAL BAND HALL PORTION OF THE J. HAL AND ALLYNE MACHAT MUSIC FACILITY, W.L. MOODY, JR., LIBRARY AND OLD MAIN BUILDING ON THE BRENHAM CAMPUS

Mr. O’Malley reviewed the need for lighting improvements for the interior lighting at the Student Center, Dr. W.W. O’Donnell Performing Arts Center, original Band Hall portion of the J. Hal and Allyne Machat Music Facility, W.L. Moody, Jr., Library and Old Main Building on the Brenham Campus.

On motion by Mr. Toubin, seconded by Mr. Borchardt, the Board voted to approve the request to seek bids for lighting improvements for the interior lighting at the Student Center, Dr. W.W. O’Donnell Performing Arts Center, original Band Hall portion of the J. Hal and Allyne Machat Music Facility, W.L. Moody, Jr., Library and Old Main Building on the Brenham Campus.

ITEM 13. REVIEW AND ACTION TO SEEK BIDS FOR THE PUMPING, VARIABLE FREQUENCY DRIVES AND CONTROLS IMPROVEMENTS RELATED TO THE CENTRAL PLANT AND CHILLED WATER DISTRIBUTION SYSTEM ON THE BRENHAM CAMPUS

Mr. O’Malley reviewed the need of various improvements related to the pumping, variable frequency drives and control improvements related to the Central Plant and chilled water distribution system on the Brenham Campus.

On a motion by Mr. Toubin, seconded by Mrs. Miller, the Board voted to approve the Administration to purchase two vrtex 360 Virtual Reality Arc Welding Trainers for the Sealy Campus.

REPORTS, ANNOUNCEMENTS AND OTHER NON-ACTION ITEMS:

ITEM 16. REPORTS:

• BUILDINGS AND GROUNDS

Mr. O'Malley responded to questions regarding his written buildings and grounds report (a copy of the report is attached and made a part of these Minutes):

• Planning (Bryan Campus):
  o Building E, Student Center - the student activity half of the building was scheduled for a remodel to accommodate student activities; and the food service half of the building was scheduled to be updated and expanded to meet the growth of the campus. Both of these phases have been put on hold until the funding of these improvements can be budgeted. **Update:** The Facilities Staff along with the Director of Food Services met with a consulting firm that designs and plans food service operations. This firm was asked to analyze our existing food service operation and provide a cost estimate for any improvements to enhance food service and efficiencies in our present system.
  o Parking Lot Project - The College retained the services of Bleyl & Associates for the preliminary planning and design of a 300 car surface lot. **Update:** The project is scheduled to bid and be awarded in the March board meeting, the timeline for completion of this new overflow lot is July 2013.
- HVAC (Controls and VFD’S) - Funds have been budgeted in this fiscal year to improve the HVAC Controls System on the Bryan Campus. This project is in the very early discussion stage and awaiting information from Schneider Electric (our current vendor) before proceeding to the design and construction phase.
- Elevator Upgrades - Funds have been budgeted in this fiscal year for elevator upgrades, the project has not started.
- Landscaping/Irrigation System Upgrades - Funds have been budgeted in this fiscal year to improve the landscaping and turf on the Bryan Campus. The Facilities Staff is preparing a landscaping and turf plan that will be implemented in the spring.

- Planning (Brenham Campus):
  - Classroom Utilization Study - The Facilities Staff is in the preliminary stage of developing a classroom utilization report for the Brenham Campus. The results of this study will be available for use in a strategic plan for the campus.
  - Energy Audit - The Facilities Staff is in the preliminary stage of performing an energy audit for the Brenham Campus.
  - Fitness Center - The Facilities Department and the Student Services Department are developing a plan to enhance student amenities on campus. One area identified by student groups as a need is a fitness center. At present, all student fitness center type activities take place in the Boehm Building and the typical student has to compete with the sports teams for use of equipment. Several ideas are being considered ranging from converting the James Atkinson Hall into a fitness center to constructing a new building for this purpose.
  - Spencer Hall Remodel/New Student Housing - This project was discussed in the Facilities Workshop with the Board. The project is still in the discussion stage with the Administration and Board, once authorization is affirmed, the Facilities Staff will prepare an RFQ for professional services to hire an architectural firm for detail planning and design.
  - Saeger Street Extension - This project is actually a City of Brenham project, but the alignment and construction schedule have an immediate impact on the College as we develop the balance of our property adjacent to the College Park Apartments and Agricultural Complex. The City has no immediate plans to start design and construction on these improvements, but a sincere indication from the College of our desire to develop this property for student housing could trigger an accelerated schedule.
  - Student Center/Old Main Fire Alarm Monitoring System - This project is in the preliminary planning stages and once more information is available, authorization from the Board will be sought to seek bids on construction.
  - Memorial and Holleman Halls - Four options are being considered with these buildings: 1. Remodeling, 2. Demolish, 3. Lease or 4. Sell. The remodeling estimate is approximately $1,000,000.00 per building as discussed in the Facilities Workshop. The demolish cost is $4.00 - $6.00 per square foot-these buildings are approximately 8,500 square feet each, so the cost to demolish would range from $34,000.00 - $51,000.00 per building. The leasing option and the sell option have been discussed with both developers and real estate agents. No progress has been made to determine if these are viable options.

- Design (Bryan Campus):
  - The Administration Building Roof/Gutter Replacement - This project is in the preliminary design phase and once authorized by the Board, the Administration will seek bids for the construction of the improvements. The budget for these improvements is $250,000.00 and the funds have been budgeted in the 2012 - 2013 fiscal year.
• Design (Brenham Campus):
  o The Lighting Project for replacement lamps in the Student Center, O’Donnell Center, “Original” Band Hall, Heineke Gym, PE Building, Moody Library, and Old Main is in design and should be ready for bidding in April.
  o The Central Plant Improvement Project is in design.

• Construction (Bryan Campus):
  o The Generator Project is in construction and scheduled to be completed by March.

• Construction (Brenham Campus):
  o The Generator Project is in construction and scheduled to be completed by March.
  o The Student Center Roof/Baseball Field Locker Room Roof is under construction.
  o The Student Housing Door Alarm Project is complete.
