ACTION ITEMS:

ITEM 8. REVIEW AND ACTION TO AUTHORIZE THE ADMINISTRATION TO AWARD RFP #113, ASSESSMENT AND PLANNING SOFTWARE

Mr. Joe Baumann, Dean of Institutional Effectiveness and Enrollment Management, reviewed the need for comprehensive software to streamline strategic planning, budgeting and assessment management. He reviewed the responses to RFP #113 (a copy of the presentation is attached and made a part of these Minutes). Mr. Baumann recommended that Think Education Solutions receive the award for a four-year contract totaling $73,398.00, with an option to renew for two additional years at $15,000.00 per year. Mr. Baumann responded to questions from the Board.

On a motion by Mr. Toubin, seconded by Dr. Boehm, the Board voted to award RFP #113, Assessment and planning Software, to Think Education Solutions a four-year contract totaling $73,398.00, with an option to renew for two additional years at $15,000.00 per year, as presented by the Administration.

ITEM 9. REVIEW AND ACTION TO AUTHORIZE THE ADMINISTRATION TO AWARD RFP #114, WIDE AREA NETWORK CONNECTIVITY FOR THE SCHULENBURG AND SEALY CAMPUS

Item 9 was tabled for further review.
ITEM 10. ADOPT RESOLUTION COMBINING POLLING LOCATIONS WITH LOCAL
GOVERNMENT ENTITIES FOR ALL BLINN COLLEGE BOARD OF
TRUSTEE ELECTIONS

Ms. Boeker reviewed with the Board the need to combine polling locations with local
government entities in order to contract with Washington County, as well as, share election expenses with
Brenham ISD, City of Brenham, Burton ISD and the City of Burton (the adopted Resolution, as well as,
copies of Exhibit A indicating current and proposed polling locations and a chart explaining the reasoning
to consolidate and combine polling locations from Washington County are attached and made a part of
these Minutes). During Blinn’s one-year extension of trustee positions caused by Senate Bill 100,
Washington County went thru a redistricting process which created the need to consolidate and combine
several polling locations. The Administration recommends adopting the Resolution Combining Polling
Locations with Local Government Entities for all Blinn College Board of Trustee Elections. As soon as
this Resolution is adopted, Blinn can request preclearance from the Department of Justice, which is
necessary anytime there is a change to the election process affecting the voters.

On a motion by Mr. Toubin, seconded by Dr. Boehm, the Board voted to adopt the Resolution
Combining Polling Locations with Local Government Entities for All Blinn College Board of Trustee
Elections, as presented by the Administration.

ITEM 11. REVIEW AND ACTION TO AUTHORIZE THE ADMINISTRATION TO ENTER
INTO AN ELECTIONS SERVICES CONTRACT WITH WASHINGTON
COUNTY FOR THE MAY 11, 2013, GENERAL ELECTION OF THE BLINN
COLLEGE BOARD OF TRUSTEES

Ms. Boeker reviewed with the Board a proposed contract with Washington County for election
services of the May 11, 2013, General Election of the Blinn College Board of Trustees (the signed
contract is attached and made a part of these Minutes). In 2011, Senate Bill 100 allowed for local entities
to change their elections to odd-numbered years so that their respective counties could offer more
assistance with election services. It is the desire of Blinn College to streamline the election process and
save money by contracting services with Washington County.

On a motion by Mr. Lange, seconded by Mrs. Miller, the Board voted to Authorize the
Administration to Enter into an Election Services Contract with Washington County for the
May 11, 2013, General Election of the Blinn College Board of Trustees, as presented by the
Administration.

ITEM 12. ADOPT RESOLUTIONS WITH LOCAL GOVERNMENT ENTITIES TO HOLD A
JOINT ELECTION FOR THE MAY 11, 2013, GENERAL ELECTION OF THE
BLINN COLLEGE BOARD OF TRUSTEES

Ms. Boeker reviewed with the Board two Resolutions (Brenham ISD/City of Brenham and
Burton ISD/City of Burton) to hold joint elections for the upcoming trustee election (the adopted
Resolutions are attached and made a part of these Minutes). The Resolutions are necessary to share
election expenses with any of the above named local government entities also having an election on
May 11, 2013.

Ms. Boeker also explained to the Board that cities and independent school districts are now
required by law to conduct joint elections with each other. That will cause the cities and independent
school districts to enter into separate resolutions that do not include Blinn, but has no adverse effect on
Blinn sharing expenses equally with other entities conducting elections on May 11, 2013.

On a motion by Mr. Borchardt, seconded by Dr. Boehm, the Board voted to adopt the Resolutions
with Brenham Independent School District/City of Brenham and with Burton Independent School
District/City of Burton to Hold a Joint Election for the May 11, 2013, General Election of the Blinn College Board of Trustees, as presented by the Administration.

ITEM 13. ADOPT ORDER OF ELECTION FOR THE BLINN COLLEGE BOARD OF TRUSTEE MEMBERS REPRESENTING AT-LARGE POSITIONS 1, 2 AND 3 TO SERVE FULL SIX-YEAR TERMS

Ms. Boeker reviewed with the Board the Order of Election and explained that At-Large Positions 1, 2 and 3 are up for election May 11, 2013 (the adopted Orders of Election in English and Spanish are attached and made a part of these Minutes). The order is a formality the Board must adopt to comply with State regulations regarding governing Boards. Ms. Boeker also noted that candidates must file for a specific at-large position for the application to be valid.

On a motion by Mr. Sommer, seconded by Mr. Lange, the Board voted to adopt the Order of Election for the Blinn College Board of Trustee Members Representing At-Large Positions 1, 2 and 3 to Serve Full Six-Year Terms, as presented by the Administration.

ITEM 14. SET DATE, TIME AND PLACE FOR A DRAWING TO DETERMINE THE ORDER IN WHICH THE NAMES OF CANDIDATES FOR THE SAME POSITION ARE TO APPEAR ON THE BALLOT

Ms. Boeker reviewed with the Board the need to set a date, time and place for a drawing to determine the order in which the names of candidates for the same positions are to appear on the ballot. The Secretary of State recommended having the drawing at 7 p.m. on the last day to file for candidacy so ballots can be ordered the following Monday. Not only did Senate Bill 100 move most of the deadlines up 5-7 days, but this will allow for reprinting of ballots in case there is an error.

On a motion by Dr. Boehm, seconded by Mr. Toubin, the Board voted to Set the Date, Time and Place for a Drawing to Determine the Order in Which the Names of Candidates for the Same Position are to Appear on the Ballot for March 1, 2013, 7:00 p.m., in the District President’s Office, as presented by the Administration.

REPORTS, ANNOUNCEMENTS, AND OTHER NON-ACTION ITEMS:

ITEM 15. REPORTS:

- BUILDINGS AND GROUNDS

Mr. O’Malley highlighted several items from the written Buildings and Grounds report (a copy of the report is attached and made a part of these Minutes). He responded to questions from the Board.

- Planning (Bryan Campus):
  - Building E, Student Center - the student activity half of the building was scheduled for a remodel to accommodate student activities; and the food service half of the building was scheduled to be updated and expanded to meet the growth of the campus. Both of these phases have been put on hold until the funding of these improvements can be budgeted. **Update:** The Facilities Staff along with the Director of Food Services met with a consulting firm that designs and plans food service operation. This firm was asked to analyze our existing food service operation and provide a cost estimate for any improvements to enhance food service and efficiencies in our present system.
  - Parking Lot Project - The College retained the services of Bleyl & Associates for the preliminary planning and eventual design of a surface lot. The Facilities Committee met with the developer to discuss a parking garage. The conclusion from that meeting was
that a private developer would not be interested in investing capital into a parking garage on the Bryan Campus. The proposed 700-car garage would cost approximately $8,000,000.00 to construct and would be funded from either cash reserves or revenue bonds from the College. At this time, the Facilities Staff is evaluating all options before a formal recommendation is made to the Board.

**Update:** The Facilities Committee has determined that the immediate need for overflow parking should be accomplished by extending a commuter pathway across the creek and constructing 200-300 overflow parking spaces. Design has been initiated. The timeline for completion of this new overflow lot is July 2013. Once this project is complete, an additional assessment will be done to determine the need for a parking garage on the campus.

- HVAC (Controls and VFD’S) - Funds have been budgeted in this fiscal year to improve the HVAC Controls System on the Bryan Campus. This project is in the very early discussion stage and awaiting information from Schneider Electric (our current vendor) before proceeding to the design and construction phase.
- Elevator Upgrades - Funds have been budgeted in this fiscal year for elevator upgrades, the project has not started.
- Landscaping/Irrigation System Upgrades - Funds have been budgeted in this fiscal year to improve the landscaping and turf on the Bryan Campus. The Facilities Staff is preparing a landscaping and turf plan that will be implemented in the Spring.
- Administration Building Addition - This project was discussed in the Facilities Workshop with the Board. The project is still in the discussion stage with the Administration and Board, once authorization is affirmed the Facilities Staff will prepare an RFQ for professional services to hire an architectural firm for detail planning and design.
- Classroom Utilization - The Facilities Staff has performed a limited classroom utilization study for the Bryan Campus. The results of this study will be available for use in a strategic plan for the campus.
- Land Planning - The undeveloped acreage north of the campus and across the drainage way is not encumbered by the City of Bryan in regards to development by potential purchasers. The property does have an inordinate amount of easements that could be restrictive but we are not complete with any type of preliminary platting that would establish the useful acreage. This platting will go hand in hand with the parking lot location and once that is settled a better estimate of land use can be determined.
- Banquet Room Lighting and Drapes - The Fine Arts Department uses the banquet room at least four (4) times per year for theatrical productions. At present, temporary stage lighting, extension cords and black plastic are used to transform the banquet room into a theater. The Facilities Department is researching a more permanent solution to provide this stage lighting and window screening while maintaining the aesthetics of the space.

### Planning (Brenham Campus):

- Classroom Utilization Study - The Facilities Staff is in the preliminary stage of developing a classroom utilization report for the Brenham Campus. The results of this study will be available for use in a strategic plan for the campus.
- Energy Audit - The Facilities Staff is in the preliminary stage of performing an energy audit for the Brenham Campus.
- Fitness Center - The Facilities Department and the Student Services Department are developing a plan to enhance student amenities on campus. One area identified by student groups as a need is a fitness center. At present, all student fitness center type activities take place in the Boehm Building and the typical student has to compete with the sports teams for use of equipment. Several ideas are being considered ranging from converting the James Atkinson Hall into a fitness center to constructing a new building for this purpose. Once the study is complete, the Facilities Department will make a presentation to the Board with our findings and seek the Board’s approval for future developments.
Spencer Hall Remodel/New Student Housing - This project was discussed in the Facilities Workshop with the Board. The project is still in the discussion stage with the Administration and Board, once authorization is affirmed, the Facilities Staff will prepare an RFQ for professional services to hire an architectural firm for detail planning and design.

Saeger Street Extension - This project is actually a City of Brenham project, but the alignment and construction schedule have an immediate impact on the College as we develop the balance of our property adjacent to the College Park Apartments and Agricultural Complex. The City has engaged the services of O’Malley Engineers to survey the property and analyze potential routes from Old Mill Creek Road to Farewell Street. The City has no immediate plans to start design and construction on these improvements, but a sincere indication from the College of our desire to develop this property for student housing could trigger an accelerated schedule.

Student Center/Old Main Fire Alarm Monitoring System - This project is in the preliminary planning stages and once more information is available, authorization from the Board will be sought to seek bids on construction.

Memorial and Holleman Halls - Four options are being considered with these buildings: 1. Remodeling, 2. Demolish, 3. Lease or 4. Sell. The remodeling estimate is approximately $1,000,000.00 per building as discussed in the Facilities Workshop. The demolish cost is $4.00 - $6.00 per square foot these buildings are approximately 8,500 square feet each, so the cost to demolish would range from $34,000.00 - $51,000.00 per building. The leasing option and the sell option have been discussed with both developers and real estate agents. No progress has been made to determine if these are viable options.

- Design (Bryan Campus):
  - The Administration Building Roof/Gutter Replacement - This project is in the preliminary design phase and once authorized by the Board, the Administration will seek bids for the construction of the improvements. The budget for these improvements is $250,000.00 and the funds have been budgeted in the 2012 - 2013 fiscal year.

- Design (Brenham Campus):
  - The Lighting Project for replacement lamps in the Student Center, O’Donnell Center, “Original” Band Hall, Heineke Gym, PE Building, Moody Library, and Old Main is in design and should be ready for bidding in January.
  - The Central Plant Improvement Project is in design and should be ready for bidding in December.
  - The Generator Project is under construction.
  - The Student Center Roof/Baseball Field Locker Room Roof is under construction.
  - The Student Housing Door Alarm Project is in design and will be bid in September. The construction of these improvements will be done in-house with the Facilities Staff.

Dr. Crowson reviewed the Spring Housing Occupancy report (a copy of the Spring Occupancy Report is attached and made a part of these Minutes). Occupancy is down due to fewer beds available, discipline issues and higher GPA standards. He responded to questions from the Board.
