Blinn Student WPA2 SSID for MAC

NOTE - Setting up your own wireless access points at Blinn College is against Blinn Colleges Fair Use Policy -

https://www.blinn.edu/acadtech/resnet/AcceptableUsePolicyFINAL.htm

NOTE – Before attempting to setup your wireless device connection on BlinnStudentWPA2 first go to password.blinn.edu (from a campus or your home PC) – Logon and answer the two challenge questions to complete your password account setup and change your Blinn password if you haven’t already done so – **DO NOT SKIP THIS STEP!**

Open *System Preferences*

Under *Internet and Wireless*, select *Network*

Select **Wi-Fi** or **Airport**

Ensure Wi-Fi is turned **On**

Click on the **Advanced** button (bottom right)

Click the **+** sign on the bottom left under the list of wireless networks

Under *Add a Wi-Fi network profile*, enter the following information:

*Network Name:* **BlinnStudentWPA2**

*Security:* **WPA2 Enterprise**

*Mode:* **Automatic**

*User Name:* Enter your **Blinn student email address** (Example: first.last12@buc.blinn.edu)

*Password:* Enter your **MyBlinn password**

Click on **OK** (2 times) and then close *Network Configuration*

Restart the MAC

When prompted, view and accept the certificate (using your MAC administrator username and password)

**NOTE** - If you do not get prompted to accept the certificate after rebooting, have an Acad Tech technician logon to the BlinnStaffWPA2 Wireless SSID to install the certificate
