Veterinary Technician-Simonton Veterinary Clinic
Simonton, Texas

Excellent hourly wages for a FULL TIME Veterinary Technician or equivalent, needed for our AAHA accredited veterinary practice. We are growing rapidly and need a skilled team player that is passionate about their career and has the drive and ambition to continue to learn and improve through cross training. Candidates must be able to work independently and efficiently to complete assigned tasks and possess excellent verbal communication skills, strong teamwork skills, the ability to multi task and work under pressure.

Each animal’s well being and comfort is always the number-one priority and each staff member assists in making our clients experience with Simonton Veterinary Clinic a truly professional one.

Requirements for Veterinary Technician include the following:

- Manage and perform the administrating of lab work and medication
- Restrain pets during an examination
- Perform fecal, heartworm, plus other (in-house) tests
- Assist in Surgery
- Assist with general care of every pet in our care
- Recognize pet health concerns
- Ability to work with dogs, cats and horses
- Ability to work in an environment of pet dander, excretions and cleaning chemicals
- Must be able to lift and carry up to 50 lbs.

For a truly unique experience with growth opportunity in the pet care industry, please inquire today!
