

Program Map Psychology

Degree: Associate of Arts in Psychology (AA)

Social Sciences

Program Description: The Associate of Arts degree in Psychology is intended to match, within the constraints of the Core Curriculum, the course of study for the first two years of a typical psychology program at a four-year college or university. It also provides the flexibility for students desiring only an associate degree to specialize the program to individual interests.

*Use this **Program MAP** as an advising guide to choose courses with your advisor and track progress toward milestones and completion of degree program. The map provides students a suggested course sequence to timely program completion.*

	15	Program Semester Hours
		ACHIEVEMENT: Completion of Associate of Arts degree
Total Program Hours	60	

Transfer Information

This Psychology degree provides a pathway to transfer to a four-year college or university where students can earn a baccalaureate degree. Students are strongly encouraged to select a transfer destination by the time they have completed 30 semester credit hours. Students should consult with their chosen transfer institution regarding recommended courses that will transfer and be applied to their baccalaureate degree program.

Most four-year degree plans in psychology require some foreign language course which students are encouraged to take in the first two years.

For more information on program transfer information to four-year institutions visit Blinn's transfer information site: <http://www.blinn.edu/degrees-and-certificates/earn-a-degree-and-transfer/prepare-for-transfer/information-sheets>
