DIVERSITY

It is important for Hiring Managers to take steps to ensure a diverse applicant pool. Advertising in publications and on internet sites that target diverse populations will assist in enhancing the candidate pool and demonstrate Blinn College’s commitment to recruiting diversity. Networking is one of the most successful practices for identifying qualified applicants. Ask internal and external professional contacts to recommend someone in the field. Identify potential candidates through networking factors including similar academic interest, graduate origin, research interests, professional organizations, etc. Look for candidates who hold similar positions at other colleges. Blinn College affirms its policy of Equal Employment Opportunity to all faculty members, recruitment resources, and officials of affiliated bodies with the College.

Recruitment, hiring, promotions, training, lay off, termination, rate of pay and other forms of compensation shall be administered without regard to sex, race, color, gender, marital status, religion, age, national origin, disability or veteran's status.

Blinn College shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a), if applicable. These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.
Sexual harassment is a form of sex discrimination. The college shall investigate all allegations of such harassment and shall take appropriate disciplinary action against employees, officials, vendors, and contractors found to engage in such unlawful behavior. The following activities are recommended for specific searches:

- Establish a working relationship with similar departments or institutions with substantial numbers of diverse employees.
- Request the names of potential candidates from women and minorities, as well as other diverse employees at your institution.
- Contact individuals who have received significant professional recognition, and ask for the names of promising diverse candidates.
- Consider going to the EEO office at other colleges. Some maintain a list of candidates who are looking for employment. For further assistance on how to increase diversity through advertising, please contact the Human Resources Department. According to the legal requirements, applicant specific EEO information collected during the application process is voluntary and confidential.

EMPLOYMENT LAWS

Hiring Managers and committee members should be aware of the basic federal equal employment opportunity laws. For additional information, please contact the Human Resources Office.

Equal Employment Laws:

- Title VII of the Civil Rights Act 1964
- Age Discrimination in Employment Act (ADEA) 1967
- Fair Labor Standards Act (FLSA) 1938
- Equal Pay Act 1963
- Americans with Disabilities Act (ADA) 1990
- Title IX of the Education Act 1972
- Vietnam Era Veterans Rehabilitation Assistance Act of 1974

Title VII of the Civil Rights Act of 1964 is a federal law that prohibits employers from discriminating against employees on the basis of sex, race, color, national origin, and religion. It generally applies to employers with 15 or more employees, including federal, state, and local governments.

The Age Discrimination in Employment Act of 1967 (ADEA) protects certain applicants and employees 40 years of age and older from discrimination on the basis of age in hiring, promotion, discharge, compensation, or terms, conditions or privileges of employment.

The Fair Labor Standards Act of 1938 (FLSA) establishes minimum wage, overtime pay, recordkeeping, and youth employment standards affecting full-time and part-time workers in the private sector and in Federal, State, and local governments.
**Equal Pay Act of 1963 (EPA)** as amended, is part of the Fair Labor Standards Act of 1938, as amended (FLSA), and which is administered and enforced by the EEOC, prohibits sex-based wage discrimination between men and women in the same establishment who perform jobs that require substantially equal skill, effort and responsibility under similar working conditions.

**The Americans with Disabilities Act (ADA)** became law in 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the general public. The purpose of the law is to make sure that people with disabilities have the same rights and opportunities as everyone else. The ADA gives civil rights protections to individuals with disabilities similar to those provided to individuals on the basis of race, color, sex, national origin, age, and religion.

**Title IX of the Education Amendments to the Civil Rights Act of 1972** states: “No person in the United States shall, on the basis of sex, be excluded from participation in, or denied the benefits of, or be subjected to, discrimination under any educational program or activity receiving federal assistance.” It has been used in conjunction with and is similar to Title VII of the Civil Rights Act of 1964.

Originally passed in 1974, the **Vietnam Era Veterans' Readjustment Assistance Act** (VEVRAA) aimed to provide assistance to returning Vietnam veterans and to protect them from employment discrimination. VEVRAA is one of two key federal laws prohibiting discrimination against returning veterans.

On September 24, 2013, the U.S. Department of Labor’s Office of Federal Contract Compliance Programs published a Final Rule in the *Federal Register* revising the regulations implementing the Vietnam Era Veterans’ Readjustment Assistance Act, as amended (VEVRAA) at 41 CFR Part 60–300. The regulations became effective on March 24, 2014. VEVRAA prohibits federal contractors and subcontractors from discriminating in employment against protected veterans, and requires these employers to take affirmative action to recruit, hire, promote, and retain these veterans. As revised, the regulations strengthen the affirmative action provisions of the regulations to aid contractors in their efforts to recruit and hire protected veterans and improve job opportunities for protected veterans.
HIRING PROCESS

Use the Hiring Manager’s Checklist along with this guide to successfully complete the hiring process.

OPEN POSITION PROCEDURES
It is the Hiring Manager’s responsibility to request an open position replacement from the VP for Instruction. All full-time positions must have District President/CEO approval to post and HR must have received a resignation letter.

REVIEWING AND UPDATING THE JOB DESCRIPTION
During the initial stages of the search process, the hiring manager should review the current job description and revise if necessary. When a position becomes vacant, it offers the opportunity to re-evaluate the associated job functions. Things to consider:

- Has the job changed within the parameters of the current job description?
- Research reasons for turnover
- Identify possible new duties assigned to the position

It is vital to review the details of the position carefully, since it will be used throughout the hiring process. The description will serve as the basis for preparing the posting, conducting the interviews, explaining the job to applicants, and communicating exact job expectations to the new employee.

Please ensure the job description reflects the college, department, and strategic initiatives. The job description should also include the position’s principal accountabilities, minimum and preferred qualifications, and competencies. Significant changes to the job description may impact the position’s title, salary, or minimum competencies and will require job evaluation and approval. Please refer to the Competence Based Job Description Guide for guidance in updating the job description.

Job descriptions must be entered into the PeopleAdmin system before creating a job posting. The position description can be created or updated in the Position Management section. For assistance, refer to the Updating Position Descriptions.

POSTING A VACANT POSITION
All positions are posted online at https://employment.blinn.edu/ for a minimum of five days. PeopleAdmin online allows a posting to be viewed 24/7 by anyone with access to the internet. The posting should mirror the approved job description and title assignment with respect to title, salary, job accountabilities, and minimum and preferred competencies. The Job Posting Guide is an available resource for completing this process.
VETERANS PREFERENCE

The three questions below have been added to the supplemental questions for every job posting at Blinn College, to determine if any applicant qualifies for veteran’s preference according to the amendment of Gov’t Code 657, which became effective September 2015:

Are you a veteran?
Are you the surviving spouse of a veteran killed while on active duty who has not remarried?
Are you the orphan of a veteran killed while on active duty?

HIRING MATRIX

Please note:
All hiring matrices must be approved by Human Resources before a posting will be made available to the public.

The search committee should interview candidates who best meet the identified job criteria. A hiring matrix is an excellent tool the committee utilizes to identify the most qualified applicants. Each candidate is evaluated on qualifications and competencies, and scored in the context of the job requirements. Please refer to The Matrix Training on utilizing the hiring matrix. An oral interview should be conducted with the applicants who rank highest on the Hiring Matrix. Click here to access Blinn’s Hiring Matrix.

❖ An individual entitled to a veteran’s employment preference who otherwise is qualified for that position and who has met the minimum requirements for the position is entitled to have a service credit of at least ten points added to the score.
SUPPLEMENTAL QUESTIONS

Supplemental questions can provide specific information about past work experience and also help evaluate the applicant’s qualifications and competencies. Hiring Managers can choose to submit additional questions during the posting process to better identify the most qualified applicants. Developing good supplemental questions provides great assistance when creating the hiring matrix. All supplemental questions are reviewed by Human Resources before the posting is made available to applicants.

GUEST USER ACCOUNT
A Guest User Account should be established to enable all committee members to have access to the applications, resumes, cover letters and any additional documents submitted by applicants.

INTERVIEW READINESS

SEARCH COMMITTEE
Interviewing and selecting the right candidate is the primary responsibility of the search committee and helps to ensure that the college reaches its goals by selecting the best fit for the position.

A search committee will consist of the Dean, Human Resource personnel, a faculty member from outside of the division, and two or more (non-administrative) faculty members who will work closely with the open position, and are knowledgeable of the principal accountabilities, qualifications and competencies. The Hiring Manager must meet with the Dean to discuss the composition of the committee prior to sending an invitation to the chosen committee members. Human Resources will assign an HR representative to every full-time search committee (HR representation is not required for part-time), in order to assist with the hiring process and to assure appropriate procedures and guidelines are followed. The HR representative will participate in the development of rating forms and interview questions, as well as committee meetings and interviews to ensure all applicants are treated in a fair and equitable manner throughout the hiring process. If a concern is raised at any point during the hiring process, the HR representative has the authority to suspend further activities until a resolution has been determined. The Blinn College affirmative action plan and hiring goals will be reviewed by the HR representative as it pertains to the position that is being filled.
RESPONSIBILITIES OF HIRING MANAGERS

_Hiring Managers are responsible for:_

- Scheduling and conducting committee meetings, as well as safeguarding all materials submitted by the applicants.
- Providing search committee members with the following information:
  1. Job Description
  2. Outline of committee tasks and timelines
  3. People Admin guest username and password
  4. Hiring Matrix for individual scoring of applicants
  5. The defined scope of the committee decision
  6. _Affirmative Action/Equal Opportunity Statement_
  7. _Good Faith Memo_

RESPONSIBILITIES OF COMMITTEE MEMBERS

_Each Committee Member..._

1. Should demonstrate good judgment, have personal integrity, independence of view, and commitment to institutional goals
2. Will be made aware of the legal and regulatory requirements that surround their work
3. Should strive to maintain effective communication with other members of the committee, as well as the applicants
4. Must commit to attending scheduled meetings to assist in screening, interviewing, and the hiring process
5. Must sign and submit a _Confidentiality Agreement_ to the HR Representative assigned
6. Must be present for all interviews
7. Who has a conflict of interest which prevents an unbiased decision (based solely on the applicant’s meeting of minimum qualifications and ability to perform the essential duties stated) or who is related to any member of the applicant pool, is required to inform the Hiring Manager or Human Resources representative and resign from the committee immediately
8. Should remember that all names, information, rankings, etc. are confidential and are not to be discussed with anyone outside of the committee. Failure to comply could lead to disciplinary action
PREPARING FOR THE INTERVIEW

The purpose of an interview is to obtain information about the applicant that allows an intelligent judgment to be made on the placement of the most suitable candidate for the position. A well planned interview process will provide evidence about the applicant’s ability to perform the job. In order to establish good rapport with the applicant, the interview needs to be conducted in a comfortable and private area, free from interruption. The Dean must verify all teaching qualifications of the applicant prior to setting up an interview. All applicants must present a 10-15 minute teaching lesson, as part of the interview process. Please see Blinn College Faculty Credentialing Guidelines, Faculty Credentialing Form, and Board Policy for credentialing information. Scheduling interviews that allow adequate time, depends on the nature and scope of the position. Include time in the schedule to rate the applicant independently, and without consultation from committee members. If a candidate has been previously employed with Blinn, check with HR on their re-hiring status before scheduling interviews. See Blinn College’s Board Policy on Hiring Practices.

DEVELOPING QUESTIONS

Please Note:

All interview questions must be approved by Human Resources before a posting will be made available to the public.

All members of the search committee will collectively develop open ended interview questions and expected responses based on the job announcement. All applicants must be asked the same questions throughout the hiring process; however, appropriate follow up questions may be asked concerning education, training, experience, skills, and behaviors which are related to the principal accountabilities of the job. For assistance with developing questions, please refer to the list of Sample Interview Questions, as well as Questions to Avoid During an Interview.

EXAMPLES

1. What is your philosophy of teaching and learning?
2. Tell us about your vision of the field: where do you think the field is headed in the next five years? How does that relate to the preparation of professional educators?
3. How will your teaching, professional development and service activities interrelate, and how will you work to integrate them?
4. What do you look for in your academic colleagues?
5. What efforts have you made in the last year to become a better faculty member?

To see a complete list, please click on the “Sample Interview Questions Link”
INTERVIEW PROCESS

TELEPHONE SCREENING (OPTIONAL)
The telephone screen allows the employer to determine if the candidate’s qualifications, experience, workplace preferences and salary needs are congruent with the position and organization. The phone screen saves managerial time and eliminates unlikely candidates; however, a telephone screen does not replace the formal interview process. If the results of the telephone screening are positive, contact the applicant and schedule a face-to-face interview.

ARRANGING INTERVIEWS
The search committee should compile matrix scores from each member and determine the interview candidates, according to the “natural break” in the numbers. An oral interview should be conducted with the applicants who rank highest on the Hiring Matrix.

Please contact all internal candidates by telephone or in person if he/she will not be interviewed for the position. Thank the internal candidate for his/her interest in the position, as this needs to be a positive and courteous conversation. Communication with internal candidates should occur prior to any active interviews. External candidates will be notified via email when their status is changed in the PeopleAdmin system. A successful practice includes waiting until the process is complete, and a final candidate has been finalized, to correspond with all applicants who were not chosen.

Travel Expenses for On-site Interview Candidates
Blinn College District may pay a qualified applicant approved travel expenses related to an on-site interview for certain exempt level positions. The Human Resources Department should be contacted to obtain approval for reimbursement of expenses prior to the interview. Please see Appendix G for more information.

DURING THE INTERVIEW
Throughout the hiring process each search committee member is a representative of Blinn College. A committee member’s demeanor and behavior is critical during the interview portion of the process. Please welcome all candidates in a friendly and professional manner. Professional dress is required of all committee members during all interviews. Please refrain from eating, drinking and/or chewing gum during an interview. Electronic devices should be turned off and are NOT to be visible during interviews. Committee members should be noncommittal to the applicant during and after the interview and make every effort not to intimidate or embarrass the candidate. The interview should be viewed as an opportunity for the candidate to become actively engaged in the exchange and reveal the unique knowledge, competencies, and behaviors which would demonstrate his/her ability to perform well in the position.
The Hiring Manager should begin the interview by introducing the applicant to each committee member. Provide a brief explanation of the purpose of the committee, as well as an understanding that the applicant will be evaluated on the basis of their responses to the questions, as well as their teaching demonstration. Each committee member will record the applicant’s responses during the interview to ensure accuracy.

At the conclusion of the question segment of the interview, the Hiring Manager will describe the job and organization to the candidate and provide facts about the position, department, and college. Describing the job details too early in the process may unintentionally coach applicants on answering the questions. It is vital to avoid comments that might mislead the candidate into misinterpreting the information as a promise of employment. Time should then be given to the applicant to ask questions. Inform the applicant of the next step in the process and what to expect. Thank the applicant for his/her time, and end the interview on a positive and collegial note. Remember, the applicant has just interviewed you and Blinn College as well!

Each interview must be scored utilizing the hiring matrix, and the average or total score of the interview will be added to the application score. The search committee members can then review and discuss the total scores, identify the top candidate, or decide whether a second interview is needed in order to make the determination. Document the questions, schedule, and process. If there is a need for candidates to return for a second interview, feedback should be documented. The score from the second interview will be added to the previous calculation to produce a complete score.

AFTER THE INTERVIEW
When making the final hiring decision, the committee should use the weighted job-related criteria. Gathering, integrating, and evaluating interview information includes identifying applicants’ specific knowledge, skills, behaviors, and competencies. This information should create the foundation for appraisal in the context of the job requirements. Interview evaluations, in combination with other information gathered during the selection process, should form the basis for the final decision.
REFERENCE CHECKS
Hiring Managers will conduct reference checks on the selected candidate. Reference checking is a very valuable resource for gathering information on past performance. An investment in contacting references and previous employers can reduce cost and increase productivity by helping ensure successful hires.

When checking references it is imperative to be in compliance with all federal and state laws. Avoid questions regarding marital status, religion, age, race, health-related issues, child care, transportation, and any other non-job related questions.

At least two telephone reference checks should be conducted and documented. Please refer to the Telephone Reference Contact sheet for assistance.

- The applicant's electronic signature at the end of Blinn College’s application provides consent for reference checks with previous employers. Please wait to contact the applicant’s current employer until a finalist status is confirmed.
- If contact information is not specified on the application or resume, the hiring manager should request this information from the applicant.
- Communicate only that the applicant is “being considered”.
- Committee members should be careful to avoid seeking information from social media websites or general internet searches. Sources may disclose information that is untrue, inappropriate, or illegal for consideration.
- Written letters may be attached to paperwork; however, they should not be substituted for telephone contacts.
- Previous employers may have policies regarding the release of information, and may provide only position title and dates of employment. Document all information received.
- The reference form should document strengths, opportunities for improvement, and exact responses. Please determine a reference check score, enter into the hiring matrix.
SELECTING A FINALIST
Following a selection decision, the hiring manager notifies the selected applicant to communicate he/she has been chosen as the Finalist. Please explain that the forthcoming offer is based on successful completion of reference and background check. Authorization forms are sent to the email address provided on the application. Initial notification may be conducted verbally, but the applicant should also receive an official written offer letter confirming the salary, job title, and start date from HR.

Personally communicate a non-selection status to all internal candidates interviewed. She/he should hear it from the Hiring Manager first! This should be a positive conversation. Please thank the employee for his/her interest and application. All other applicants interviewed will be contacted via telephone to communicate non-selection status.

Utilize the PeopleAdmin system to update the status to Finalist for the selected candidate, and complete the Hiring Proposal. This action will initiate the Background Check Request process Appendix G. Please use the “Not Interviewed, Not Hired (send email)” option for candidates that are no longer being considered. A successful practice includes waiting until the process is complete, and a final candidate has been finalized to correspond with all applicants who were not chosen.
Once the Background Check is complete Human Resources will change the selected applicant status to Finalist Complete, which indicates the candidate can begin working. Once the Background Check is complete and all approvals have been obtained, the Hiring Manager should contact the finalist to inform them of their start date and to offer HR contact information to schedule an appointment for complete new hire paperwork. The finalist should bring original documents that establish both identity and employment authorization, as well as a voided check for direct deposit. You may access the I-9’s List of Acceptable Documents here.

FOREIGN NATIONALS
All job offers are conditional upon proof of authorization to work in the U.S. If a foreign national who has temporary work permit is selected to fill a vacant position, he or she must be notified that his or her employment may end at the expiration of the temporary work permit. For detailed information regarding labor certifications and foreign national services, please contact Human Resources prior to scheduling an interview.

RECORDS RETENTION
If a hiring decision is challenged and a designated governmental agency undertakes an investigation, the hiring department will be required to provide documentation of the hiring process to address the charge. The documentation will be reviewed to determine if the hiring process used to fill the vacancy involved any discrimination practices. In addition, the organization may be required to provide the same information for all hiring decisions covering a period the designated governing body regards as appropriate.

See the Record Retention Checklist for Employment Files to view what documents are maintained by HR for all postings and by the hiring department for the Position File.

- Full-time position has been approved by Executive Council
- Review and update job descriptions on-line
  - See [Guide to Developing Competence-based Job Descriptions](#) for steps to complete
  - See [Updating Position Descriptions](#)
- Obtain matrix approval from HR before job opening posted online; position must remain open for a minimum of 5 days.
  - See [Job Posting Guide](#) for steps to complete this process
- Organize Search Committee
  - Proposed committee members must be approved by the Dean
  - All members must sign the [confidentiality agreement](#)
  - Provide members with guest user access to the job posting to view applications
  - Communicate the following to the committee:
    - Job Description
    - Outline of committee tasks and timeline
    - Hiring Matrix
    - Defined scope of the committee decision
    - [Affirmative Action/Equal Opportunity Statement](#)
    - [Good Faith Memo](#)
- Complete hiring matrix to include and weigh the qualifications and competencies for your job opening.
  - The Dean must verify all qualifications of the applicant prior to setting up an interview.
  - See [Blinn College Faculty Credentialing Guidelines](#) and [Faculty Credentialing Form](#)
  - Search committee should meet after evaluation of all applicants to compare matrix scores and select interview candidates. Discuss availability for interviews. All committee members must be present for each interview.
- Develop interview questions
  - Review these for [Sample Interview Questions](#) and what [Questions to Avoid Asking](#). Ask your committee to review the questions and ask for their input.
- Arrange interviews
  - Schedule room locations & any technology being utilized
  - Contact interview candidate
  - Send interview schedule to committee

BLINN COLLEGE ADMINISTRATIVE REGULATIONS MANUAL

SUBJECT:  Background Checks  EFFECTIVE DATE:  11-16-07
REVISION DATE:  

Definitions

**Background Checks:** Checks can include, but not limited to, fair credit report, criminal record, sex offenders, work reference history, character references, and other business related inquires.

**Applicant:** An individual, who applies for an authorized, posted position with the Blinn College District.

**Controlled Substance:** The meaning assigned in Texas Health & Safety Code § 481.002, as that section may be amended from time to time.

**Criminal Conviction Record Information:** Public information maintained by the Department of Public Safety as provided in Texas Government Code § 411.135.

**Criminal History Record Information:** Information collected about a person by a criminal justice agency that consists of identifiable descriptions and notations of arrests, detentions, indictments, information, and other formal criminal charges and their dispositions, as more fully described in Texas Government Code § 411.082.

**Current Employee:** A person who is on the Blinn College District’s payroll when background checks are requested or performed.

**Security Sensitive:** Positions in which described in Board Policy DC (Legal) and those positions designated by the College District. Positions designated by the College District have the ability or access to interact with a student.

A position is considered posted when it is placed on the Blinn College District’s employment website and, as determined by College District administration, and/or is advertised externally via electronic or printed media. The position advertisements and posting notices will state “This position is subject to the successful completion of a background check.”

**Purpose**

The Blinn College District strives to provide the safest possible environment for students, visitors, faculty, and staff. In an effort to maintain a safe environment, the College District shall conduct background checks on applicants who are selected as finalists to fill posted positions.

**Personnel Changes Subject to Background Checks**

Current employees, under final consideration, following the normal screening and selection processes for a new position, may be subject to a background check.

**Procedures**

All final applicants for posted positions deemed security sensitive shall be required to have a background check conducted prior to the first day of employment. The background check will occur after a conditional offer has been made by the hiring manager and accepted by the finalist. Employment may not begin until
the College District accepts as satisfactory the results of the background check. If circumstances require that an offer be made before the completion of a background check, the offer must be in writing and state that the offer is contingent on the completion of a satisfactory background check. Any exception(s) must be authorized by the Director of Human Resources. If the finalist does not receive a satisfactory background check, the job offer will be withdrawn and the candidate may not be hired in the position.

Responsible party or parties must be identified for the following key actions:

1. Obtaining the authorization form to conduct the background check - shall be done by the HR department or third party vendor.
2. Conducting the background check shall be initiated by the HR department.
3. Making the decision to offer employment to an applicant shall be recommended by the HR department in consultation as appropriate with the appropriate administrators.
4. The decision to promote, transfer or reclassify an employee shall be recommended by the HR department in consultation with the appropriate administrators.

The College District or third party vendor shall obtain an authorization form from the applicant prior to conducting a background check. The authorization may be in either paper or electronic form. The form must include the notice required by Texas Government Code § 559.003, as it may be amended from time to time.

All background history record information obtained by the College District may be used only for the purpose of evaluating applicants for employment and shall not be used to discriminate on the basis of race, color, national origin, religion, sex, handicap, age or against other protected groups.

Background history record information, including conviction information contained therein, will be regarded as confidential as required by law and will not be made a part of the applicant’s file or the employee’s personnel file or communicated to any unauthorized person (Texas Government Code § 411.085).

The College District’s policies and procedures do not automatically disqualify from employment all individuals with conviction records. The procedures shall provide that, in the event the investigation reveals criminal convictions or other related relevant information, the Human Resources Director will advise on a case-by-case basis whether the individual is qualified based on factors such as:

1. Specific duties of the position;
2. Number of offenses;
3. Nature of each offense;
4. Length of intervening time between the offense and the employment decision;
5. Employment history;
6. Efforts at rehabilitation; and
7. Accuracy of the information that the individual provided on the employment application.

**Satisfactory and Unsatisfactory Results**

A review will not be considered to be satisfactory if the background check identifies:

1. Conviction for an offense that involved use or possession of an unlawful weapon or firearm;
2. Conviction for an offense under the following sections of the Texas Penal Code: Title 5 (Offenses Against the Person); Title 6 (Offenses Against the Family); or Chapter 43 (Public Indecency) or their counterparts in other states; or
3. Conviction for an offense that involves misconduct pertinent to the job responsibilities of the position for which the applicant is being considered.
An applicant, whose record indicates that criminal charges are pending, may not be considered for a position until final disposition of the charges. This assessment will follow the guidelines established under “Satisfactory and Unsatisfactory Results” of this procedure.

**Decision about Hiring and Communication of Results**

If the background check is satisfactory, the HR department will communicate this conclusion to the hiring manager. The hiring process may be completed and/or the conditional nature of any offer of employment removed.

If the background check identifies convictions, the Director of Human Resources or designee will discuss with the hiring and approval managers the candidate’s eligibility for hire. This review will consider the essential function of the position, the details regarding the conviction, whether the conviction should have been disclosed in the hiring process and what verification might be appropriate.

**Use of Information Collected in a Criminal Background Check**

The only information that will be retained by the College District is whether the applicant has passed or failed the background check.

All conviction and other background data collected under these procedures shall be used for the exclusive purpose of evaluating the individual for employment, shall be privileged and confidential, and shall not be released or otherwise disclosed to any other person or agency (other than those persons involved in the hiring process) except under court order. After hire, all background and/or criminal history information relating to the application will be destroyed by shredding. Documentation of non-hire will only state the background check verification was not satisfactory for the position applied. Any employee who releases or causes to be released information collected pursuant to this procedure shall be subject to the penalties established for disclosure of confidential information in the Texas Open Records Act, under Texas Penal Code §411.085 and under College District operating rules.

**Employee Rights and Obligations**

Prior to report destruction, any applicant for a position who is not hired because the College District received an unsatisfactory report may request a copy of the report for personal review. An applicant who states his or her background information is not correct shall not be eligible for hire or appointment to a position within the College District until the official records utilized by the College District confirm the correction to the information. The College District is not obligated to hold a position or an offer open to allow a candidate to correct his or her record.

**Current Employee Checks**

The College District reserves the right to perform a background check for any position(s) or person(s) or for any department(s) for good cause.
